Ann's Seafood Chowder

2 tablespoon butter or margarine
1/2 each onion, large, diced
1 each celery rib, diced
1 lb sealegs, chopped
1 cup potatoes, cooked, diced

2 tablespoon flour
3 cup milk
1 cup water

Melt butter in heavy saucepan over medium-low heat. Add onions and saute until clear, add celery and cook gently for about 5 mins. Add flour, milk and water, stirring well to avoid lumps. Add remaining ingredients and season to taste. Heat until heated through, but do not boil. Serve with baking powder biscuits. Sealegs are a blend of pollock and crab meat.

Ann's Seafood Chowder (Halifax Version)

2 tablespoon bacon drippings
2 tablespoon butter
4 each white onion, fresh picked
2 each celery rib, diced
1 lb sealegs, chopped
2 lb mixed seafood
2 cup potatoes, cooked, diced
2 each tomato, large, diced
1 small yellow zucchini, chunked
1 small green zucchini, chunked

6 cup milk
1 1/2 cup sauterne
1 milk to thin as needed
1 salt & pepper to taste
1 tomato sauce/soup to taste

Melt bacon fat and butter in heavy saucepan over medium-low heat. Add onions and saute until clear, add celery and cook gently for about 5 mins. Add seafood products and saute in saucepan at medium high heat to coat, flavor and brown slightly.

Add flour, and milk, stirring well to avoid lumps.

Add remaining ingredients, except peas, in order of required cooking time (ie potatoes, zucchini, tomatoes, peppers, etc). Add wine and season to taste. Heat until heated through, but do not boil. Add peas about 20 min before serving. Use milk to thin as necessary.

Sealegs are imitation crab meat, usually pollock with crab flavouring.

If chowder is to be frozen prior to serving, do not add the milk until reheating.

Another Tuna Casserole

- 1 can cream of mushroom soup
- 1 can whole mushrooms, drained
- 1/4 cup celery, finely chopped
- 1/4 cup green pepper, finely chopped
- 1 large can chow mein noodles

Antoine's Oysters Rockefeller

- 6 tablespoon butter
- 1/2 cup bread crumbs
- 2 cup fresh chopped spinach or-
- 2 pkg (10-oz) frozen spinach
- 1/2 cup parsley
- 1/2 cup diced celery
- 2 tablespoon diced onion
- 1 tablespoon pernod liqueur; or anisette
- 1/4 teaspoon salt
- 3 drop tabasco
- 18 large oysters

Melt butter; add crumbs and saute 1 minute, stirring constantly. Combine with other ingredients, except oysters, in blender until smooth. Arrange oysters in shells (or individual dishes). Top each with 1 tablespoon spinach mixture and broil 3-5 minutes or until lightly browned.

Artichoke Oyster Soup

6 tablespoon butter, melted
1/2 cup shallots (chopped fine)
1/4 teaspoon thyme
1 bay leaf
1/2 teaspoon cayenne pepper
2 tablespoon flour
14 oz chicken broth (more or less won't hurt)
4 cup oysters, drained; reserve liquid (less, to
14 oz artichoke hearts, cooked
2 teaspoon salt
1/4 teaspoon tabasco
1/2 cup whipping cream
3 tablespoon parsley (chopped, fresh)

In a 3-quart casserole, melt butter and saute shallots. When shallots are translucent, add thyme, bay leaf and cayenne pepper. Add flour and whisk well. Add broth, oyster water, artichoke hearts, salt and tabasco. Bring to a boil. Add oysters and parsley. Simmer on medium, partly covered, for exactly 5 minutes. Add whipped cream and serve immediately.

NOTES:

* Chicken broth with artichokes and poached oysters -- This is a modern cajun-style recipe that I adapted from a local convenience-food cookbook by Jean Durkee. It's an intriguing combination of modern American ingredients with traditional cajun flavorings.

* Fresh parsley tastes much better than dried parsley. If the oysters are bigger than a small bite-size, cut them up before adding them to the soup. Use the smallest oysters you can find.

* When I'm not making a double recipe, I usually dump the entire (about 1-cup) container of whipping cream into the soup, even though that's double what the recipe calls for.

* The timing on cooking the oysters is fairly critical. If you overcook them, they will be rubbery.

: Difficulty: easy.

: Time: 20 minutes.

: Precision: measure the spices.

Asparagus & Crab Meat Soup (Mang Tay Nau Cua)

4 cup chicken broth
1 tablespoon plus 2 teaspoons nuoc mam (vietname; se fish sauce)
1/2 teaspoon sugar
1/4 teaspoon salt
1 tablespoon vegetable oil
6 shallots, chopped
2 garlic cloves, chopped
8 ounces lump crab meat, picked over; and drained
1 freshly ground black pepper
2 tablespoon cornstarch or arrowroot, mixed with
2 tablespoon cold water
1 egg, lightly beaten
15 oz white asparagus spears *
1 tablespoon shredded coriander
1 scallion, thinly sliced

* cut into 1-inch sections with canning liquid reserved

This soup was probably created by some homesick Frenchman. White asparagus(a French import), packed in jars or cans, is used for this recipe. Traditionally, crumbled, salted duck egg yolk is added to season the soup.

If white asparagus is unavailable, use frozen or fresh asparagus (in this case, add the fresh asparagus to the broth from the very beginning and cook until tender, before adding the remaining ingredients).

Combine the broth, 1 tablespoon of the fish sauce, the sugar and salt in a 3 quart soup pot. Bring to a boil. Reduce the heat and simmer.

Meanwhile, heat the oil in a skillet.

Add the shallots and garlic and stir-fry until aromatic. Add the crab meat, the remaining 2 teaspoons fish sauce and black pepper to taste. Stir fry over high heat for 1 minute. Set aside.

Bring the soup to a boil. Add the cornstarch mixture and stir gently until the soup thickens and is clear. While the soup is actively boiling, add the egg and stir gently. Continue to stir for about 1 minute. Add the crab meat mixture and asparagus with its canning liquid; cook gently until heated through.

Transfer the soup to a heated tureen. Sprinkle on the coriander, scallion and freshly ground black pepper.

Yield: 4 to 6 servings.

Bacalaitos (Salt Codfish Fritters)

1/2 lb codfish, salt
2 cup flour, all-purpose
2 teaspoon baking powder
1 large garlic cloves; crushed
1 cup water
1 tablespoon annatto oil
1 oil, vegetable; for frying

Soak the codfish in cold water for 2 hours or longer, according the the saltiness and hardness of the fish. Drain, rinse and place in a small saucepan. Pour boiling water over the fish and allow to stand 5 minutes. Drain. Remove any bones and skin and shred the fish. Sift the flour and baking powder into a large bowl. Add the garlic, water and annatto oil and mix to a smooth batter. Add the shredded fish and mix well. Heat oil to 370F in a deep fryer or large, heavy saucepan. Fry the mixture by teaspoonfuls until golden brown. Drain on paper towels, keep warm and serve hot as hors-d'oeuvres.

Bacalao A La Vizcaina (Basque Style Codfish)

2 lb thick salt cod, desalted and cooked; d, (see notes below),

cut into 2- by 3-inch pieces (reserve 4 cups of the soaking liquid)
Flour for dredging 1/2 cup pure Spanish olive oil FOR THE SOFRITO:
1/4 cup pure Spanish olive oil 1 large green bell pepper, seeded and finely chopped 6 cloves garlic, finely chopped 2 large onions, finely chopped 1 cup finely chopped drained pimientos 2 1/2 cups canned crushed tomatoes 1 tablespoon Spanish paprika or mild paprika 1/4 cup dry white wine Salt and freshly ground black pepper to taste TO COMPLETE THE DISH: 4 medium-size all-purpose potatoes, peeled and cut into 1/2-inch slices 3 pimientos, cut into strips, for garnish Fried Bread Rounds (recipe follows), as an accompaniment Notes: One day in advance of serving, rinse the salt cod under cold running water. Cut it into 2- by 3-inch pieces, place in a bowl, and cover with cold water. Change the water several times until it is no longer salty. This process should take 24 hours. Drain the fish, place it in a small saucepan, cover with fresh water, and bring to boil over

medium-high heat. Lower the heat to low and simmer 5 minutes. Drain and cool the fish. 1. Dredge the cod in the flour. In a large skillet over medium heat, heat the oil until fragrant, then cook the fish until lightly browned, 3 to 4 minutes on each side. Remove the fish from the heat and set aside. 2. For the sofrito, in a large saucepan over medium heat, heat the oil until fragrant, then cook the bell peppers, stirring, until slightly softened, 3 to 4 minutes. Reduce the heat to low, add the garlic and onions, and cook, stirring, until tender, 6 to 8 minutes, adding more oil if necessary. Add the pimientos, tomatoes, paprika, and wine and cook, stirring occasionally, until thickened, another 10 to 12 minutes. 3. Place the reserved salt cod soaking water in a medium-size saucepan over medium-high heat and cook the potato slices until partially tender, 10 to 15 minutes. 4. Add the codfish chunks to the sofrito and cook over low heat 10 minutes. Arrange the cooked potato slices on top of the fish, do not stir, cover the pan, and shake it several times. Cook over low heat an additional 10 minutes so that the potatoes absorb the fish flavor. Transfer to a large serving platter and garnish with the pimientos. Serve with Pan Frito (Fried Bread Rounds) and Arroz Blanco (see CUBA07.TXT). Makes 8 servings BACALAO A LA VISZCAINA

Baked Fish Cake

1 1/2 lb potatoes; peeled
1 lb white fish fillet
1 salt; (to taste)
1 grd white or black pepper; freshly
2 tablespoon butter
4 tablespoon milk
1 grated peel of 1/2 lemon
2 tablespoon parsly; fresh chopped
1 teaspoon anchovy extract(optional)
3 tablespoon all-purpose flour
2 tablespoon oil

Cut the potatoes into chunks and place then in a saucepan with enough water to cover, adding a little salt if liked. Heat until just about to boil. Meanwhile, lay the fish on a plate or dish to cover the saucepan and cover it with a second plate, lid or foil. Put the fish on the pan when the water is boiling, then reduce the heat so water does not froth over. Cook the potatoes until tender-10-15 minutes if the chunks are fairly small. Set the aside, without uncovering it. Drain and mash the potatoes, beating the well until smooth. Mix in the butter, milk, lemon peel, parsley and anchovy extract, is used. Preheat oven to 400 degrees. Grease a quicke dish or baking pan. Pour any cooking juices from the fish into the potato mixture. Flake the fish off the skin, discarded any bones, and add it to the potatoes. Mix well, adding seasoning to taste. Use a large spoon to place the fish mixture in a mound on the prepared dish or pan but do not flatten it until it is all in mounded up. Flatten the top of the mixture slightly, then sprinkle it with a little of the flour. Use a spatula and slice to flatten the mixture into a little neat circle, about 7" across. Pat the sides with the knife and the top with slice to that the mixture is even and neatly shaped, keep sprinkling with the flour to coat the outside evenly. Trickle the oil over the fish cake and bake it for about 30 minutes, until well browned. Cut into wedges to serve.

----LEMON BUTTER SAUCE----

1/2 cup white wine
1 shallot, dry; finely chopped
1 cup butter; cut in pieces
1/4 cup whipping cream
1 lemon; juice of

In this recipe Quebec snow crab is combined with brocolli, oven-poached and served on a sauce, nouveau cuisine fashion. This appetizer is the creation of Chef Denis Pelletier of Moulin de St. Laurent, a contemporary French restaurant located in an old stone mill in the village of St. Laurent on Ile d'Orleans. Ramekins can be filled ahead and oven poached at the last minute, or you can reheat the cooked flan in a microwave oven for about 2 minutes at Medium (50 percent).

Cook brocolli florets in boiling salted water just until tender-crisp; drain. Generously brush 6 to 8 ramekin or custard cups with melted butter. Divide crab meat with brocolli among the ramekins. In a bowl, whisk together the eggs, cream and milk; season with salt, pepper and nutmeg. Fill ramekins three-quarters full with the custard and set in a shallow pan of hot water. Oven poach for 1 hour at 325F or until set. (A knife inserted in centre should come out clean.)

Make Lemon Butter Sauce and pour onto 6 to 8 serving plates. Run a knife around the edge of each ramekin and unmold onto sauce.

Lemon Butter Sauce:

In small saucepan, heat wine and chopped shallot. Bring to a boil and reduce over medium-high heat until only 2 tablespoons of liquid remain. Reduce heat to low and whisk in butter, a few pieces at a time, until sauce is smooth and all the butter is incorporated. Whisk in cream and lemon juice. Keep warm in the top of a double boiler set over hot water until serving time. MAKES: about 1 1/2 CUPS SAUCE

Crab Rice

- 1 stephen ceideburg
- 2 green onions, chopped
- 1 piece fresh ginger, 2-3 cm, grated
- 4 tablespoon dry sherry
- 3 tablespoon light soy sauce
- 3 blue crabs
- 400 gm glutinous rice
- 1 tablespoon soy sauce
- 1 tablespoon oil
- 1 teaspoon sugar

The Chinese have comfort food, too, and this dish qualifies. You will need a large steamer; if you don't yet have one, they can be bought cheaply in large Chinese or Vietnamese food stores where you can also pick up the glutinous rice. The dish takes considerably longer to cook than the previous recipes but little more of the cook's time. By the time the rice is cooked, it is saturated with crab flavour.

Finely chop 2 green (spring) onions and grate 2-3 cms of fresh ginger. Combine them with 4 tablespoons dry sherry and 3 tablespoons light soy sauce. Prepare three green blue swimmers crabs. Chop two of them into several pieces with a large knife or cleaver and crack the hardest pieces of the shell with a hammer. Crack the third crab thoroughly all over but do not chop up. Pour the sherry-soy sauce mixture over the crabs and leave to marinate for an hour. Wash 400 grams glutinous rice in several changes of water until the water runs clear.

Put the rice into a saucepan and pour over it 1.5 L water. Bring to the boil and boil for 5 minutes. Drain.

In the bottom of a heatproof dish at least 12 cm deep and of a size to fit into your steamer, pack in the chopped crab pieces, reserving the marinade. Pour the rice over the top and pack it down. Press the intact crab into the top of the rice. To the marinade, add a further tablespoon soy sauce and a tablespoon oil, teaspoon salt and 1 teaspoon sugar. Pour over the crabs and rice.

Put the dish in the steamer over boiling water and steam for 35-40 minutes. Serve. Diners deal first with the top crab, now half buried in rice, then fish around, for the rest of the crab pieces in rice.

2 tablespoon fresh lime juice

1/8 teaspoon freshly ground pepper
1 vegetable cooking spray
2 cup thinly sliced bok choy
2/3 cup finely chopped green onions

6 oz lump crabmeat; shell pieces removed
8 egg roll wrappers
1 egg white
2 tablespoon olive oil
2 cup gourmet salad greens
12 pink grapefruit sections
2 tablespoon slivered almonds; toasted

Place sugar in a small saucepan over medium-high heat; caramelize by stirring often until sugar melts and is golden (about 2 minutes).

Remove from heat; carefully stir in grapefruit juice and 2 tablespoons lime juice (caramelized sugar will harden and stick to spoon). Place pan over medium-high heat until caramelized sugar melts. Bring to a boil, and cook 8 minutes or until reduced to 1/2 cup. Remove from heat; stir in 1/8 teaspoon pepper. Set aside. Coat a nonstick skillet with cooking spray; place over medium heat until hot. Add bok choy and onions. Saute until bok choy wilts. Combine bok choy mixture, 2 tablespoons lime juice, and next 5 ingredients (lime juice through crabmeat); stir.

Working with 1 egg roll wrapper at a time (cover remaining wrappers to keep from drying out), spoon 1/4 cup crabmeat mixture into center of wrapper. Fold lower right corner over mixture; fold lower left and top right corners over mixture. Moisten top left corner with egg white; roll up jelly-roll fashion. Repeat procedure with remaining wrappers, crabmeat mixture, and egg white.

Heat oil in skillet over medium-high heat. Add egg rolls; cook 5 minutes or until golden, turning frequently. Arrange 1/2 cup salad greens and 3 grapefruit sections on each of 4 plates; top each with 2 egg rolls. Crab-Apple Hot Pepper Jelly

2 lb crab apples (1 kg)
1 1/2 cup water
1 red wine vinegar
3 3/4 cup granulated sugar
1 cup sweet green peppers
1/3 cup hot peppers

Crab apple pectin gives a good set to this hot pepper jelly. Mix and match hot peppers for colour and degree of heat. Banana peppers range from piquant to medium-hot. Cherry peppers and long, skinny green chili peppers are fiery. (Original recipe indicated 1 cup of hot peppers - recommend 1/3 cup if using fiery variety).

When chopping hot peppers, wear gloves and don't touch your face or eyes.

In Dutch oven, combine apples with water. Cover and bring slowly to simmer; cook until apples are very soft. Pour into colander lined with square of dampened muslin and placed over deep bowl. Weight down with saucer and heavy can. Let stand until dripping stops. Discard pulp.

Pour collected juice into liquid measure; add enough vinegar to make 3 cups. Combine in saucepan with sugar. Bring to boil, stirring. Add peppers; boil briskly for 8-10 minutes or until set (*). Stir for 7 minutes to prevent floating peppers.

Pour jelly into hot, sterilized 8-oz sterilized preserving jars. Seal with two-piece canning lids. Let cool and refrigerate. For long-term unrefrigerated storage, process in boiling-water bath for 5 minutes immediately after sealing jars.

Makes six 8-oz jars.

(*) to test for set: remove pan from heat, dip cold metal spoon into liquid and hold well above steam. Turn spoon sideways and let liquid run off; when it forms two drops that run together and drip from edge of spoon, jelling point is reached.

Crab-Apple Jelly

 6 tablespoon butter

 1 tablespoon worcestershire sauce
 1 lb tomatoes - canned, drained (reserve; liquid)

 1 salt, pepper and tabasco to taste
 1 stock:

 4 tablespoon butter
 1/4 cup brandy - or cognac

 1 water
 1 carrot - cut into large pieces
 1 rib celery - cut into large pieces
 3 green onions - cut into large piece; s
 3 sprig parsley - whole
 2 clove garlic
 1 bay leaf
 1 pinch thyme

Number of Servings: 8

Make stock first. Ten pounds of boiled crawfish make one pound of meat. Peel crawfish, reserving shells and claws. Rinse shells and let drain. Melt butter in a large pot; add shells and fry until sizzling and hot, turning them often. When shells are hot enough, heat a small pot, pour in brandy and ignite. Remove shells from fire, pour in brandy, tossing and turning until the flame dies down.

Add wine and water to cover shells. Add onion, celery, green onions, parsley, garlic, thyme and bay leaf. Let it all simmer for an hour. Strain carefully and reserve.

In another pot, melt butter, add flour and let cook on low fire until medium brown. Add chopped vegetables and let cook on a low fire until wilted, stirring often. Chop tomatoes and add to pot with reserved liquid. Let cook a few minutes.

Add stock -- just enough to make a soupy consistency -- then add Worcestershire sauce, bay leaf, thyme, crawfish, corn and about four of the cobs (for added flavor). Let simmer an hour. Taste for salt, pepper and Tabasco. If using boiled crawfish, it is usually peppery

enough.

Remove the cobs and serve.

If the soup is too thick, add more stock or water. If it's too thin, cook a little more flour and add to thicken it.

Serves 8.

NOTE: If you prefer to buy crawfish tails already picked, buy a couple of pounds of boiled crawfish and pick them so as to have the shells to make your stock. Shrimp may be substituted.

Creamy Trout Mousse

- 2 trouts (6 oz ea. cleaned) *
- 1 whole egg
- 1 egg white
- 1/4 pint olive or sunflower oil
- 5 tablespoon creamy yoghurt
- 1 teaspoon dijon mustard
- 1 1/4 teaspoon gelatine powder (or more)
- 1 fresh parsley & tarragon
- 1/2 cucumber
- 1 caster sugar
- 1 tarragon vinegar

*Note: In lieu of fresh trout, 1/2 lb cooked and flaked fish may be used.
Serves 6 as an appetizer, or 3 as a light lunch.

If using fresh trout, poach them in the oven at 350 F (180 C) gas mark 4 for 30 minutes, then cool, skin, bone and flake - there should be about 8 ounces of cooked flesh.

Separate the egg and use the yolk to make mayonnaise: season it with salt and pepper, gradually beat in the oil, then 1 teaspoon or so of vinegar to thin and flavour the sauce.

Put the prepared fish into a food processor. Add the mustard, yoghurt and 1 heaped teaspoon each fresh chopped tarragon and parsley, and whizz to a perfectly smooth puree. Soak the gelatine (more may be necessary in hot weather) in 3 tablespoons cold water, let it soften and swell, then dissolve over low heat. Cool for a minute or two before adding the liquid gelatine to the fish puree: pour it on in a thin stream while the machine is running. Carefully and gradually beat the fish puree into the mayonnaise. Quickly whisk the egg whites to snowy peaks and fold them into the fish puree. Taste and adjust the seasoning. Divide the mixture between 6 ramekins or 3 small souffle dishes. Cover and chill for 2-3 hours until set to a soft cream.

Seed the cucumber but do not peel. Chop it finely, sprinkle it with 1/4 teaspoon each salt and caster sugar and 1/2 teaspoon tarragon vinegar, and set aside for a couple of hours to draw out some of the cucumber juices. Drain and pat dry. Top each mousse immediately before serving with a smallspoonful of the cucumber - a good crunchy contrast to the soft textured mousse - and garnish with a tarragon leaf. Oatcakes that have been gently warmed in the oven go well with this dish.

Deep-Fried Catfish Fillets

- 3 lb catfish fillets
- 2 each eggs, lightly beaten

1 teaspoon ground mustard
1/2 teaspoon salt
1/2 teaspoon white pepper
1/2 teaspoon ground red pepper
1/2 cup corn flour
3/4 cup corn meal
2 quart light veg. or peanut oil

Thoroughly dry fish fillets. Mix eggs, mustard, salt, white pepper, and red pepper well. Place fish in mixture and chill for 1 to 2 hours. Mix corn flour and corn meal. Remove fish from egg mixture and dust lightly with flour mixture, shaking off excess. Heat oil to 375 degrees F. Drop fish into oil and fry until fish floats and is light golden brown, 4 to 6 minutes.

Deep-Fried Crab Balls W/Jicama-Pepper Panache

1 panache
1 yellow bell pepper --
1 julienned
2 cup jicama -- julienned
1 cup yellow onion -- sliced thin
1 jalapeno -- finely chopped
4 limes
1 orange
1 salt to taste
1 crab balls
1/2 lb capellini -- cooked al
1 dente
1 lb crab meat -- picked over
3 scallion -- finely chopped
4 eggs -- lightly beaten
3/4 cup parmesan cheese -- freshly
1 grated
1 teaspoon salt
1/2 teaspoon pepper
1 cayenne to taste
1 oil for deep frying
1 garnish
1 avocado -- sliced
1 cilantro

Make the panache the day before serving. Mix the pepper, jicama, onions, and chili in a bowl. Squeeze the juice from the limes and orange and pour over the vegetables. Toss with a little salt and allow to marinate overnight, stirring occasionally. To make the crab

balls, mix all the ingredients together in a bowl. Toss with your hands, breaking up the pasta slightly and making sure the ingredients are well mixed. Form into 35 balls about the size of a walnut and fry in 350F fat until golden brown.

Remove from the pan with a slotted spoon, drain on paper towels, and keep warm in a 150F oven while completing the frying process. To serve, place 4 to 6 crab balls on each plate with some of the panache next to them. Garnish with 2 avocado slices and a few sprigs of cilantro. Note: The crab mixture can be made the day before serving and kept refrigerated, tightly covered with plastic wrap. If the balls are fried in advance, or if there are leftovers, reheat them in a 400F oven for a few minutes to crisp.

Deep-Fried Trout

- 4 10-oz. trout
- 1/4 cup milk
- 1 salt
- 1 freshly ground pepper
- 1/2 cup flour
- 1 oil for deep frying
- 1 tartar sauce
- 1 lemon wedges for garnish

Using a pair of kitchen shears, cut off the fins from the back and sides of the trout. Leave the head and tail intact.

Place the trout in a large pan and add the milk, salt and pepper.

Turn the trout in the mixture.

Remove the trout without patting it dry and dredge on all sides in flour seasoned with salt and pepper.

Heat the oil for deep frying, about 325 degrees. Add the trout and fry until golden brown and cooked through, about 8 minutes.

Remove the trout. Drain on absorbent toweling. Sprinkle with salt and serve with tartar sauce on the side and lemon wedges as garnish.

Giffilte Fish

5 lb fish; equal amounts pike, carp,
3 onions; sliced
1 celery stalk; sliced
3 large carrots; sliced water; to cover s
1 white pepper; to taste
4 eggs
2 tablespoon matzo meal
1 salt to taste
1 white pepper to taste
1/4 cup water
1 carrots; sliced for pan
1 onions; sliced for pan
1 bunch beets; sliced (optional)

Have fish man grind: 5 lbs.fish filets-equal amounts; white fish and pike; and a small amount of carp or buffle carp; In a large kettle: heads,bones,and trimmings of fish; 3 onions,sliced; 1 celery stalk,sliced; 2 large carrots,sliced; water to cover; salt to taste; white pepper to taste; Bring to boil. While this is simmering prepare the fish. Combine in Food Processor: 1 onion; 4 eggs; add mixture to: ground fish; 2 tbs.matzo meal ; salt to taste; white pepper to taste; 1/4 cup water; Shape fish mixture into balls. I used to do this by hand; chopping in a large wooden bowl with a hack messer. Be CARFUL, you don't want mush but distinct tiny peices.

Take another pan; and layer the beets on the bottom; some sliced carrots, onions, fish; repeat with everything but the beets. end eith some carrots. Pour the broth from the OTHER kettle over the fish. Simmer,covered for 2 hours. When cool,remove fish balls to platter and garnish with sliced cooked carrots. Strain broth and chill.
Serve with jellied fish broth and fresh ground horseradish.

NOTE: The beets are unusal but my Mom and Bubbe ALWAYS used them. They do two things; keep the fish from 'catching' on the bottom and give the broth a ruby red color; but not the fish; they remain white.

I have never served it with anything but plain freshly grated horseradish.

Now if you want to be lazy...take the jarred fish (a good brand like MOTHERS or MANACHEVITZ) and do EXACTLY the same thing...layer as above and use the jar's broth instead of the fish stock..cook for about 45 minutes. Honestly it is good.

Greek Kataifi Fish

4 fish fillets (snapper, trout
1 . catfish or tilapia)
1 pkg sour cream (8oz) *or*
1 pkg yogurt, plain (8oz) *or*
1 cup buttermilk
1 tablespoon greek seasoning (cavender's)
3 drop red pepper sauce
1/3 pkg kataifi (16oz pkg) (shredded
1 . phyllo dough)
3 tablespoon canola oil

Rinse fish fillets and pat dry. Combine sour cream, yogurt or buttermilk, Greek seasoning and red pepper sauce. Stir well to combine. Coat fish on all sides with sour cream mixture and set aside to marinate for 10 minutes.

Kataifi must be thawed enough to separate. Pull off about a third of the shreds and tear into small pieces. Arrange broken kataifi in an even layer on a plate.

After fish has marinated, dip each fillet into kataifi shreds on all sides. Pat on to adhere and form an even coating. Set aside. Repeat with each fillet.

Heat a skillet over medium heat and add about 1 1/2 to 2 tablespoons oil. Cook fillets, 2 at a time, until golden on one side. Carefully turn and cook until golden and fish is cooked through. Repeat with remaining fillets, adding remaining oil if needed. Allow about 3 minutes cooking time for 1/4-inch thick fillets.

To eliminate most added fat, bake the fish in an oven preheated to 375°F. Place coated fish fillets on a baking sheet sprayed with nonstick spray. Lightly spray tops of fillets and place in oven for about 5 minutes or until fish turns white and edges of kataifi turn golden.

Grilled Wasabi-Crusted Tuna

- 1 lb tuna steaks
- 2 tablespoon wasabi powder
- 2 tablespoon fresh lemon juice

Have fish seller cut tuna steaks in 3/4" thickness. If desired, swordfish or shark may be substituted for tuna.

Mix wasabi powder and lemon juice together to a thin paste consistency, adding more or less of each ingredient until desired thickness is reached. Let stand ten minutes for flavors to develop. Marinate tuna briefly in wasabi mix, 10 to 15 minutes, turning to coat. Wasabi should remain on steaks.

Grill steaks 3 to 4 minutes per side, allowing the grill-grate to sear each side. Tuna is done when it barely loses its translucency in the center.

Serve immediately, with a seasoned rice pilaf and a tossed salad.

Wasabi powder is found in small cans in most Oriental grocery markets, although it can now be found in many of the larger supermarkets with a gourmet foods section. Wasabi is referred to as "Japanese horseradish", although this is something of a misnomer since strictly speaking the root from which the powder is ground is not a horseradish. The powder is spicy hot, but not a long-burning heat. Most of the heat will be lost in the marinating/grilling process, leaving a wonderful crusted essence to flavor the tuna.

Gulf-Style Creole Fish

Haddock Chowder

3 1/2 lb haddock
1/3 lb salt pork
2 medium onions, chopped
2 cup pared, diced potatoes
1 quart whole milk
1 can evaporated milk

HADDOCK CHOWDER From America:

Have the haddock cleaned and cut up to boil. Barely cover with salted water and cook until the fish comes off the bones. Don't cook until the flesh is soft and mushy. Set aside to cool.

While fish is cooling, cut the pork into 1/4" cubes and fry until crisp in a large heavy kettle. Drain the cubes on paper towels and pour off all but 4 tbs of the fat. In this fat, cook the chopped onions over low heat until transparent. Add the potatoes and enough of the fish liquor to cover them. Simmer gently until potatoes are cooked.

Pick the fish flakes from the bones, adding to the chowder mixture when the potatoes are done. Add quart of milk and evaporated milk. Set aside until serving time.

It improves the flavor of the chowder greatly to let it stand for several hours before serving. Be sure it is piping hot when bringing it to the table.

Biscuits and pickles always go with a good chowder.

Haddock Duglere

1 1/2 lb haddock fillets, skinned
1 oz butter
1 oz oil
2 oz flour
1 large beefsteak tomato
5 fl oz double cream
1 salt and pepper

In a large non-stick frying pan, melt the butter in the oil until it stops sizzling. Coat fish lightly in flour and fry gently for 4 minutes each side. Peel tomato by covering it with boiling water for 30 seconds. The skin should slip off - mind your fingers, though! cut

tomato in half, scoop out seeds and cut flesh into half-inch strips. Put these into pan with fish and cook gently for 1 minute. Take fish out and put it on to warm plates. Pour cream into pan and bring it to boil - double cream won't curdle - stirring so it picks up all the lovely fish and tomato bits. Season, then pour the sauce over the fish. Mashed potatoes are perfect with it.

1 salt and pepper

Rinse fillets, pat dry with paper towels and sprinkle lightly with salt and pepper. Grease four pieces of heavy aluminum foil. Place a trout fillet on each.

Little Parcels Of Trout

3 trout (8-9 oz ea cleaned wt)
1/2 lb courgettes
1/2 lb carrots
1/4 lb mangetout peas
2 1/2 oz butter
1/2 lemon
1 fresh mint & chives

Cut the courgettes and carrots into matchstick shapes about 1 1/2 inch long and less than 1/4 inch wide. Steam them, and the mangetout, but only briefly, not enough to tenderise them fully. Use kitchen paper to blot surface moisture from the partially cooked vegetables and set aside to become cold.

Season the softened butter with sea salt and black pepper. Beat in 1/2 teaspoon lemon juice and 1 tablespoon or so each chopped chives and mint. Use some of the flavoured butter to grease sheets of greaseproof or bakewell paper.

Clean and fillet the trout, remove any little bones and cut the flesh of each fish into four long strips. Lay three strips side by side down the centre of each sheet of buttered greaseproof paper. Dust with sea salt and grind some pepper over the fish. Add a squeeze of lemon butter. Lay the mixed vegetables on top, spreading them thinly and seasoning with salt and pepper between layers. Dot with the rest of the butter and, finely, add a sprig or two of mint to each parcel.

To close the parcels, first draw two sides of the paper up over the filling and fold into a double pleat on top. Then "hem" the raw paper edges at the sides by turning them over twice, and secure with staples. The parcels should be fairly baggy. Put each parcel on to an oeuf sur le plat dish or space them out in large gratin dishes or on baking trays. Chill until about 1 1/2 hours before cooking, then bring back to room temperature.

To cook, bake at 400 F (200 C) gas mark 6 for about 15 minutes. Let each person unwrap his or her parcel at table. Hand round bowls of new potatoes steamed in their skins, plain undressed watercress, and Hollandaise sauce so that everyone can help themselves.

Pad Phed Pladuk (Hot & Spicy Catfish).

10 1/2 oz grated coconut (unsweetened)
2 1/4 lb catfish fillet.
3 tablespoon finely sliced lemongrass.

- 1 tablespoon galanga, sliced thin.
- 1 tablespoon kaffir lime rind, sliced.
- 2 tablespoon cillantro roots.
- 2 tablespoon krachai, finely sliced.
- 20 fresh very hot thai chilli.
- 20 peppercorns
- 1/2 teaspoon salt.
- 4 onions, medium size.
- 8 cloves of garlicks.
- 9 dry red chilli, remove seeds
- 1/2 teaspoon colliander seeds.
- 1/2 teaspoon cumin.
- 3 mace.
- 2 cardamom
- 1/2 teaspoon nutmeg.
- 4 kaffir lime leaves.

1. Use the grated coconut to make 1-1/4 cups of coconut milk, by adding 1/2 cup of very hot water, and working the mixture thoroughly and squeezing out the coconut milk. You may also substitute an equivalent amount of canned (unsweetened) coconut milk. #
2. Cut the catfish fillet into medium size cubes (about 2" x 2"). #
3. Discard seeds from the dry chilli, and soak in cold water for at least a half hour. #
4. Separate about 1/2 cup of "cream" from the coconut milk, and heat in a frying pan. Fry the catfish pieces in the coconut "cream" till just cooked and put aside. #
5. Put the following ingredients in a mortar: salt, peppercorns, cumin, coriander seeds, mace, cardamon, nutmeg. Pound till well mixed into a fine pulp. Drain the dried chilli (discarding the water) and add to the paste in mortar. Continue pounding till the chilli pieces are mixed in. Add lemongrass, galanga, kaffir lime rind, cillantro roots, krachai, and fresh Thai chilli. Continue pounding until it's a fine well mixed paste. (NOTE: You may substitute with an equivalent amount of premade Thai "Red Curry Paste").
6. Take the above curry paste with the remaining coconutmilk, and fry over high heat till boiling. Lower heat to medium and continue frying, with stirring, till oil starts to form on top of the mixture. Add the cooked fish pieces and the coconut "cream" mixture. Lower the heat to low, and gently cook till thoroughly heated. Adjust tastes with fish sauce and a little sugar (just to have a very slight sweet taste). Add several kaffir lime leaves and cooked for a little while longer. #
7. Remove to a serving platter and garnish with slices of fresh red chilli peppers. Serve with plain boiled white rice.

Pane Basso (Tuscan Country Bread)

2 oz fresh yeast
500 ml warm water
2 lb strong white flour

("Strong white flour" is a UK term for all-purpose flour. Use bread flour if you can get it, preferably unbleached.) Dissolve the yeast in 150 ml of the warm water in a small bowl. Sift in enough of the flour to make a soft dough, mixing with the hands. Cover and put in a warm place to rise. When the yeast dough has at least doubled in size, begin making the rest of the dough. Sift the remaining flour onto a wood or marble surface. Make a well in the middle; pour a little water into it and begin working the flour towards this with your hands. When the dough has absorbed enough water to bind together, add the yeast dough and work in. Knead for 5-10 minutes, occasionally lifting the dough and smacking it on the table. Continue until it no longer sticks to your hands. Sprinkle a large bowl with water and put the dough into it. Cover with a cloth and let rise until doubled in size (about 30 minutes). Knead again 5-10 minutes and form into two balls. Let stand another 20 minutes, and then bake on a greased, floured baking tin until crusty (about 30 minutes) in an oven preheated to 350.

Pan-Fried Bass

- 4 bass, cleaned, head and
- 1 tails removed
- 1 bacon drippings
- 1 corn meal
- 1 salt and pepper

Wipe the fish with a cloth dipped in lightly salted water. Rub the fish lightly with bacon drippings and roll in corn meal. Dust a little salt and pepper in the cavities. Heat bacon drippings in a cast iron fry pan. Drippings should be 1/4 - 1/2 inch deep and hot enough to brown a 1 inch cube of bread in 2 minutes (no hotter). Cook fish until it is browned on one side, about 4 minutes, then turn and brown on the other side. Drain on paper towel before serving

Pan-Fried Brook Trout With Bacon

- 8 slices of lean bacon
- 4 3/4 lb. brook trout,
- 1 cleaned
- 1 cup milk
- 1 cup crushed triscuit cracker
- 1 crumbs

In a large skillet cook the bacon over moderately low heat, turning it, until it is just crisp and transfer it to paper towels to drain. Dip the trout in the mlk and dredge them in the crumbs, packing the crumbs well onto all sides to form a thick coating. In the fat remaining in the skillet saute the trout over moderate heat for 5 to 6 minutes on each side, or until they are golden brown and just flake when tested, and serve them with the bacon, crumbled. Pan-Fried Catfish Fillets

- 3 tablespoon soy sauce
- 1 1/2 cup orange juice
- 3 tablespoon minced ginger; -==or==- powdered ginger
- 4 catfish fillets, 6-7 oz each
- 3 tablespoon unsalted butter

1 tablespoon grated orange rind
1 cornstarch
1/3 cup cooking oil
1 tablespoon finely chopped parsley

COMBINE SOY SAUCE, 1/2 cup orange juice and ginger in a bowl, add the catfish, cover and place in the refrigerator for 2 hours or up to 6. Place remaining cup of orange juice in a saucepan, place over medium heat and cook, reducing the liquid by about 1/2. Remove from heat and whisk in the butter. Add the rind, cover, and keep warm. Drain the marinade and pat the fillets dry with a towel. Dust with cornstarch and shake off excess. Heat the oil in a 10-inch skillet over medium heat. When the oil is hot, add the catfish, 2 fillets at a time. Fry until golden, about 3 minutes, then turn and fry until done, another 3 to 4 minutes depending on the thickness of the fillet. Drain on paper towels and keep warm in the oven while cooking the remaining 2 fillets. To serve, dress a warm platter with the sauce, arrange catfish on top and garnish with chopped parsley.

Pan-Fried Catfish With Pepper & Lemon

1 tablespoon lemon peel - grated
2/3 cup buttermilk
2 tablespoon butter
1 tablespoon parsley, minced
1/2 teaspoon cayenne pepper
4 catfish fillets
1 tablespoon vegetable oil
1 lemon wedges

Combine cornmeal, flour, lemon peel and cayenne in shallow dish. Season with salt. Pour buttermilk into second shallow dish. Dip 1 fish fillet into buttermilk, then into cornmeal mixture, coating completely. Repeat process with remaining fish. (Note from me: Let fish stand for approximately 15 minutes before proceeding.) Melt butter with oil in heavy large skillet over medium-high heat. Add fish and cook until crust is golden brown and fish is cooked through, turning once, about 4 minutes per side. Transfer fish to platter. Sprinkle with minced parsley. Garnish with lemon wedges.

NOTE: If you let the fish sit coated for the 15 minutes that I recommend, this dish will take 45 minutes. Believe me, let the fish sit for the 15 minutes; it will keep the coating on the fish with no hassle whatsoever.

Pan-Seared Salmon W/ Roasted Cumin-Coriander

----SALMON----

6 8 oz salmon fillets skin intact
1 cup fresh oregano leaves stemmed & finely minced
1 cup fresh basil leaves stemmed & finely minced
1 cup fresh parsley leaves stemmed & finely minced
1/2 cup olive oil

----CUMINCORIANDER CREMA----

1 1/2 tablespoon cumin seed
1 tablespoon coriander seed
1 cup plain yogurt
2 tablespoon heavy cream
1/2 bunch fresh cilantro stemmed and chopped
2 cloves garlic
1 juice of 1 lemon

----CHIPOTLE SALSA----

1 egg
1 teaspoon ground red chile preferably chimayo
1 chipotle chile in adobo
1 juice of 1/2 lemon
1 clove garlic
1 1/4 cup olive oil

Chef Jason Aufrichtig created this light treatment for rich salmon. When purchasing the salmon, ask for fillets not steaks. The chipotle chile in adobo that is called for in the salsa is a canned product, sold at Latino groceries. The chiles keep for weeks in the refrigerator if they are first transferred to a nonreactive container. They are packed in a red chile sauce, to which vinegar has been added, and are very piquant. There is no substitution for the zippy taste they add to sauces and fillings. Rinse and dry each salmon fillet. It is not necessary to remove the skin from the fillets. Check for pinbones by running your fingertips over the flesh side of the fillet. Use pliers or tweezers to remove any bones. In a small bowl stir together the oregano, basil, and parsley. Pat the

herbs onto the flesh side of each fillet, covering well. Refrigerate until ready to cook. To prepare the crema, combine the cumin and coriander seeds in a small, dry saute pan over medium heat. Roast the seeds, shaking the pan frequently, until the aromas are released, about 2 minutes. Remove from the heat and let cool. Place the spices in a spice mill or coffee grinder and grind to pulverize the seeds. Alternatively, pulverize in a mortar using a pestle. In a small bowl, combine the ground seeds with all the remaining crema ingredients. Let sit for 30 minutes so the flavors can develop and blend. Pour through a fine-mesh strainer into a bowl to remove the cilantro leaves. You will have about 1 cup. (The crema will keep for up to 1 week in the refrigerator.) To prepare the salsa, place all the ingredients, except the olive oil, in a food processor fitted with the metal blade or in a blender. Blend thoroughly. With the motor running, slowly pour in the olive oil in a thin, steady stream, continuing to process until a mayonnaiselike sauce is achieved. Transfer to a bowl, cover, and refrigerate until serving. You will have about 1 1/4 cups. (The salsa will keep for up to 2 days in the refrigerator.) About 15 minutes before serving, place a saute' pan large enough to hold the salmon, with room to spare, over medium heat. Add the olive oil. When the oil is just smoking, put the fillets in the pan, herb sides down. Cook 4 to 5 minutes, then turn and cook on the second side until done, 4 to 5 minutes longer. Cooking times vary according to taste and the thickness of the fillet. At Cafe Pasqual's fish is considered done when the middle is still moist and a bit darker than the surrounding light pink flesh. To serve, spoon the crema onto individual plates, dividing it equally among them. Place 1 salmon fillet on each plate, herbed sides up, to cover half the crema. Drizzle the salsa decoratively onto the fillet and then onto the visible half of the crema.

Patout's Boiled Crawfish

-----FOR THE BOIL-----
40 lb live crawfish
1 cup salt
1/2 cup ground white pepper
1/2 cup ground red pepper
1/2 cup ground black pepper
5 lb small white onions
12 each ears of corn, shucked
5 lb small new potatoes
-----SPRINKLE-----
1/2 cup ground white pepper
1/2 cup ground red pepper
1/2 cup ground black pepper
2 cup salt

Alex Patout describes Crawfish as "a delicacy made for sharing-- in fact, in Cajun country, boiling crawfish for only two people counts as a venial sin."

Wash the crawfish well and pick out any fish bones or other debris. Fill a great big (40-quart) Stockpot a quarter full of water. Add the salt and peppers and bring to boil. Add the whole onions, the corn, and the new potatoes (it will be easy to remove them later if you put them in a cloth sack). Return to boil, cover, lower heat to medium, and let cook for 8 minutes. Add crawfish, cover again and raise heat to high. After steam begins to escape

from under the lid, cook 7 minutes more. Remove from heat and let sit for 4 minutes. Do *NOT* remove the lid until this point! Remove the onions, corn, and potatoes to a bowl and drain the crawfish. Place the crawfish in a large insulated container (an ice chest works well, as do the thick waterproof boxes chickens are shipped in, which your butcher may give you for free). Have your *SPRINKLE* ready and sprinkle over the crawfish and mix them well to coat. Cover and let sit for 7 minutes.

Serve immediately with the onions, corn, new potatoes, and lots of French bread on a large table covered with plenty of paper. When everyone has eaten his fill, everyone "peels for the house." The peeled tails can then be used in cold crawfish cocktail or salad or for Fried Crawfish the next day.

Serves 8-10

NOTE: Most of the salt is not added until after the cooking process because too much salt added during cooking makes the flesh of the crawfish adhere to the shell.

Peg Jennings's Whiskey-Flavored Crab Soup

----EPICUREAN DELIGHT: BEARD----

----SOUP----

1 lb crab meat

1/2 cup milk

2 tablespoon butter

----CREAM SAUCE----

3 tablespoon butter

3 tablespoon flour

2 cup milk

1 1/2 cup cream, heavy

4 tablespoon scotch whiskey

Heat crabmeat in milk and butter. Make cream sauce by cooking butter and flour together slowly for 2 minutes, then whisking in milk, and salt and pepper to taste. Bring to boil and whisk until smooth. Add cream; stir in crabmeat as soon as it simmers. When it is just at boiling point, stir in whiskey. Serve in heated cups with a sprinkling of parsley.

No good cook is above profiting by another's mistakes. When his friend Mrs. Jennings added a splash of Scotch instead of using sherry in the crab soup she made for him, Beard didn't object to the flavor but did add her recipe to his lifetime collection.

Peppery Coconut Baked Fish With Chutney Sauce

3 tablespoon oil
1/2 cup butter, melted
3 tablespoon orange juice
2 tablespoon lemon juice
2 teaspoon garlic powder
2 teaspoon ginger
2 teaspoon crushed red pepper flakes
1 cup plain bread crumbs
1 1/2 cup unsweetened coconut
8 6 oz fish fillets (red
1 snapper, bass, turbot, or
1 orange roughy)
----FOR SAUCE----
1/2 cup mayonnaise
1/4 cup chutney (like mango)
1 tablespoon lemon juice
1 teaspoon curry powder

Heat oven to 425 degrees and pour oil into 13x9 baking pan (or spray with Pam); tilt pan to coat evenly. In shallow bowl, mix butter,

orange juice, lemon juice, garlic powder, ginger, red pepper flakes. Salt and pepper if desired. In shallow bowl, combine coconut and bread crumbs. Dip fish in butter mixture and coat with bread crumb mixture. Bake at 425 for 5 minutes. Turn fillets over; sprinkle with remaining mixture. Bake an additional 10-15 minutes or until fish is golden brown and flakes easily. Mix all sauce ingredients. Serve sauce over fish, garnish with lemon and parsley.

Variation: 1-1/2 lbs of peeled, deveined, butterflied shrimp can be substituted. Combine the butter, orange juice, lemon juice, garlic powder, ginger and pepper flakes in a bowl. Add 1 tsp of coconut extract if you don't have coconut. Put the butterflied shrimp in the butter mixture and transfer to plain bread crumbs and toss to coat. Turn shrimp into a "Pam" sprayed pan, separating the ones that "hunked" together, then into the 425 oven for 5 minutes...flip with a spatula and another 10 minutes in the oven. If you don't have chutney, add extra lemon juice...it turns out fine.

Yield: 6 to 8 servings.

Pescado En Mojo De Ajo (Fish In Garlic Sauce)

- 1 skinless fillets of any
- 1 mild white fish
- 1 flour
- 1 clarified butter
- 1 a lot of garlic)
- 1 juice of one lime
- 1 additional lime wedges

Use only Clarified butter (don't think of using margarine)

Dust the fillets lightly with flour. Meanwhile, heat some of the clarified butter in a frying pan until hot but not smoking. Saute the fish until lightly browned (some Mexican cooks fry fish until it is the approximate consistency of our potato chips <crisps>, but I feel this is taking authenticity a bit too far :-).

Remove the fish from the pan, and add additional butter if needed (you will want about 2-3 Tbsp. of melted butter per fillet to sauce the finished dish). Add garlic to the pan and saute garlic until it is a light brown color. Do not allow it to burn, but do allow the garlic to take on some color and become slightly crisp. Squeeze in the lime juice.

Pour the hot butter/garlic mixture over the fish, and serve.

This dish is quite common in Southern Mexico, and traditionally would be served with black beans (either whole or refried); perhaps a simple dish of rice, cooked in chicken broth with chopped cilantro and a few diced green chiles; a side relish of homemade fresh salsa (see Pico de Gallo).

Pesto Salmon & Sea Scallops With Lemon/Garl

- 4 salmon fillets (6 oz each)
- 1 cup herbed bread crumbs

Place a salmon fillet and two sea scallops on top of the sauce.

Poached Salmon With Lobster Butter

1 whole 7-8 lb. salmon
1 salt
----FOR THE BUTTER----
1/2 lemon (juice only)
1 green-black lobster brain or
4 tablespoon reduced lobster stock *
6 oz butter

*Note: Lobster stock should be made from shells and heads, then heavily reduced to make 3-4 tablespoons.

Scale, gut and wipe the fish. Rub the inside cavity with salt. If you have a fish kettle, steam the salmon whole over boiling water for 30-35 minutes (making sure the water is kept topped up). Or wrap the fish in lightly oiled foil and bake it in the oven for an hour at 325 F (170 C) gasmark 3. Leave it to rest while you make the butter.

Warm the lemon juice in a small basin over a saucepan of simmering water. Beat in the nuggets of cold butter, adding more as each one melts. Do this gently - it can split if you overheat it (revive it with a quick splash of cold water). When you have an unctuous smooth sauce like thin cream, sieve and whisk in the green goo from the head of the lobster - which immediately turns the butter a wonderful orange-pink.

Serve the salmon when it is just cool but still sweet-flavoured and full of its own juices, with piping hot baked potatoes and warm lobster butter.

Portuguese Fisherman's Stew

3 onions, sliced
1/2 teaspoon garlic, minced
2 tablespoon margarine
16 oz white beans, drained
2 quart water
2 bay leaves
16 oz chicken stock
16 oz stewed tomatoes
1 1/2 teaspoon thyme
1 lb white fish
1/4 cup lemon juice
1/2 cup water

In a large soup pot, cook onions and garlic in margarine until onions are transparent, about 5 minutes. Add beans, 2 quarts water, bay leaves, chicken stock, tomatoes and thyme. Bring to a boil; reduce heat and simmer 30 minutes.

In a separate skillet, simmer fish in lemon juice and 1/2 cup water until fish flakes easily with a fork, 5-10 minutes.

Drain lemon water; add fish to stew and heat thoroughly before serving.

Pot-Roasted Salmon With Olives & Preserved Le

- 4 salmon cutlets
- 1 olive oil
- 1 salt and pepper
- 4 carrots
- 6 oz green beans
- 4 oz pitted black olives
- 1 preserved lemon
- 6 oz fish stock
- 1 tablespoon chopped parsley

Preserved lemons are salted lemons - cut a vertical cross in each lemon and stuff with sea salt - preserve in lemon juice for a few weeks in an air-tight jar. If you don't have them use ordinary lemons. The advantage of the preserved ones is their mildness and tenderness, so you can eat them. The unpreserved ones tend to be too bitter. If you don't have fish stock use 3 oz each white wine and water.

Method: Brown the fish in olive oil using the casserole you will use for the roasting. Season with salt and pepper and set aside. Peel and trim the carrots and cut lengthways into thin strips. Top and tail the beans and roughly chop the black olives. In the same pan lightly colour the vegetables in hot oil. Add the black olives and preserved lemon, cut into eight segments, and toss in the oil.

Pour over the stock, bring to the boil, lower the heat, lay the fish on top and cover with the lid, and tinfoil if using. Cook over a moderate heat for eight minutes, basting the fish twice during the process. Remove the fish and keep warm. Continue cooking and vegetables with the lid off until tender. Serve with the fish on top and sprinkling of parsley.

Roast Ginger & Green Onion Crab In The Shell

1 Stephen Ceideburg
1 live dungeness crab, about 2 to 3 pounds
3 tablespoon peanut oil
1 teaspoon salt
1 eight 1/2-inch knobs peeled fresh ginger, bruised
4 garlic cloves, bruised
8 green onions, cut into 2-inch lengths
1 teaspoon sugar
1/4 teaspoon white pepper
1/4 cup dry vermouth or sherry
1 tablespoon dark soy sauce, or to taste
1/4 cup chicken stock
1 teaspoon cornstarch mixed with 1 tablespoon water
1 teaspoon Asian sesame oil

Although this popular crab dish is often called 'roasted' or 'baked', it is not. In restaurants, the cracked crab pieces are briefly deep-fried, then quickly stir-fried and finished in a hot wok. For the home cook, I have omitted the deep-frying step. Set up finger bowls and containers for discarded shells. Serve with hot rice and soup or salad.

Hold crab under cold running water and scrub with a vegetable brush, paying special attention to the underside of the body and between the

legs.

To kill the crab, plunge it into a large stockpot of boiling water for 1 minute, or place the crab upside down in a large bowl and cover it with boiling water. When the air bubbles stop rising to the surface, drain the crab and let cool until you can handle it.

If using cooked crab, omit this step and proceed to cleaning.

To clean cooked crab: Place crab on its back. With a knife tip lift the apron or breastplate, the triangular-shaped flap on its underside. Grab it and the spine; pull backward, twist and remove. Grab the shell portion in one hand while gathering up all the legs and claws in the other hand. Rock the legs back and forth, tearing them away, from the shell. Pull off the feathery gills from both sides of the chest, remove the mouth and mandibles from its face and discard. Rinse crab with cold water. Blot dry. You may reserve the tomalley, the green spongy matter in the body, for another use, although state and federal authorities have advised against eating the tomalley in this season's crab.

To crack crab: Bend and twist legs backward to remove. With a hammer or nutcracker, crack the shell in the middle of each joint and claws, and in the middle section on the edge side of each leg. Pat dry. Using a cleaver or chef's knife, chop the body through the midsection, dividing it into 2 halves, then each half crosswise into thirds.

To "roast" crab: Preheat a wok over medium-high heat. Add oil, salt, ginger and garlic and half the green onions; saute gently to release the flavors. Using the backside of a spatula, crush the ingredients against the side of the wok to squeeze out juices about 30 seconds, or until fragrant.

Increase heat to high. Add crab claws and legs; stir-fry for 1 minute, or until shells turn bright orange, then toss in chest pieces and cook together for another 2 minutes. Season with the sugar and white pepper. While the wok is hot, splash the vermouth against sides, then the soy sauce. There should be a sizzle and hiss. Toss together for 10 seconds.

Add chicken stock; toss to mix. Scatter remaining green onions over crab. Cover wok and "roast" or braise over high heat for 3 to 5 minutes, or until crab turns bright orange. (If using cooked crab, braise for 1 minute, or until heated through). Shake wok occasionally to redistribute crab.

Remove cover. Add cornstarch mixture in center of wok and stir until thickened (about 10 seconds). When the sauce glazes the crab, fold in sesame oil. Remove to a platter. If you prefer, discard ginger and garlic. Serve immediately with steamed rice.

1 orange, juice and zest
1/4 cup fish stock

Fish stock can be made when you have the time, frozen in ice- cube trays, then the cubes transferred to a freezer bag for storage until you need them. If worst comes to the worst, the Knorr brand has instant fish-stock cubes, which can often be found in the "exotic" section of large supermarkets.

In a pan large enough to take 4 serving size pieces of rudderfish in one layer, heat a tablespoon of olive oil and gently fry 2 finely chopped cloves of garlic and a tablespoon of chopped parsley. Add half a cup of marsala. the juice and zest of an orange and a quarter cup of fish stock. Bring to a simmer and slide in 4 serving-size pieces of rudder fish. Poach just until the fish flakes, turning once if necessary, and remove the pieces to warmed plates. Turn up the heat to high and boil the liquid fiercely till it has reduced by at least half

Pour the sauce over the fish and serve.

Salmon Dip

1 can red sockeye salmon
1 1/2 tablespoon onion (chopped)
6 oz cream cheese
1/2 each juice from a lime

Mix all ingredients thoroughly; let set in refrigerator 3 hours before serving.

Salmon Rollups

- 7 3/4 oz salmon (drained, flaked)
- 1 teaspoon parsley (dried)
- 1/2 teaspoon dill weed
- 1 cayenne pepper
- 1 each egg (beaten)
- 1 teaspoon instant minced onions
- 1 cup crescent rolls

Mix salmon, egg, parsley, onion and dill weed and spread on rolls. Roll up from wide end after spreading. Bake on cookie sheet at 350F for 12 to 15 minutes. Serve with a cheese sauce topping.

Salmon Spinach Pie

- 12 oz salmon; steamed
- 1 lb frozen chopped spinach; cook
- 2 1/2 cup bechamel sauce
- 2 hard-boiled eggs
- 1 tablespoon chopped parsley
- 1 teaspoon dill
- 1 salt
- 1 fresh ground black pepper
- 8 oz puff pastry; thawed, if froz ----for
- 1/2 beaten

Cook the frozen spinach in a little salted water as directed on the package. If using fresh spinach you will need to cook approximately 2 pounds.

Drain well and line the bottom of a buttered pie plate.

Mix the cooked, boned and skinned salmon with the bechamel sauce and chopped hard-boiled eggs. Mix in the dill and parsley and pour the mixture on top of the spinach.

Roll out the puff pastry 2 inches larger than the pie plate. Cut a 1 inch wide strip from the outer edge of the pastry. Brush the rim of the

plate with water and fit the pastry strip around. Lift the remaining piece of pastry over the rolling pin and transfer to the pie plate. Press the edges together and trim with a sharp knife held at an angle away from the dish. To seal the edges firmly together hold the knife horizontally towards the pie plate and make a series of shallow cuts round the edge. Flute the edges with the thumb and forefinger and pull in the flutes with the back of a knife.

To make decorative leaves for a savory pastry pie, cut remaining pastry into 1.5 inch strips using the rolling pin or ruler as a guide. Every 2.5 inches cut the strips at an angle to make diamond shapes. Press lines on the diamonds to make the veins of the leaves.

Make a hole in the middle of the pie by making a cross with a knife and fold back each part, arrange the leaves in a decorative pattern around the middle and brush with beaten egg.

Bake in a pre-heated 425 oven until pastry is well risen and golden brown -approximately 30 minutes. Cover with foil or waxed grease-proof paper if pastry shows any sign of browning too much.

Serves 4.

Salmon Spread Supreme

2 teaspoon onion; minced
1 cl garlic; minced
2 teaspoon celery; finely chopped
1 tablespoon mustard

Salmon Steaks In Herb Blankets

- 4 salmon steaks, 3/4 thick
- 4 oz butter
- 1 lemon
- 1 fresh parsley, chives, mint,
- 1 lemon thyme and tarragon - (or herb; s of your choice)

Choose a gratin or baking dish which will take the steaks side by side and use some of the butter to grease it thickly. Put the fish into it and season with a squeeze of lemon, a generous grinding of black pepper and a little salt. Cover and set aside in a cool place until ready to cook.

To cook, simply dot the fish with the remaining butter, cover with foil and bake at 375-400 F (190-200 C) gas mark 5-6 for 20 to 25 minutes until the fish is hot and tender. While it cooks, chop coarsely and mix together handy handfuls of aromatic herbs. I would probably use something like 8 tablespoons parsley, 6 of chives, 4 of mint and no more than 2 teaspoons each of lemon thyme and tarragon. You may prefer to use a little dill or fennel in place of tarragon, or to concoct some quite different cocktail of your own.

Scatter nearly half the herbs on a warm serving dish and lay the fish steaks on a bed of herbs. Scatter more herbs over the fish, spoon on the buttery cooking juices then the remaining herbs. Serve with wedges of lemon and steamed new potatoes. (Other vegetables are best served as a separate course.)

Salmon With Asparagus Sauce

----SAUCE----

1 1/2 lb asparagus, medium/small
2 oz butter, unsalted
2 cup cream, heavy
1 salt (to taste)
1 pepper (to taste)
----ASSEMBLY----

8 each salmon, steaks, 3/4-inch - thick, boned
2 oz butter

For the Sauce:

=====

Wash the asparagus and snap off the white ends. Set aside all tops

and half that number of ends. Plunge the tops into a large pot of salted, boiling water and cook until limp but not for too long. (Note: Cook slightly longer than for eating. If undercooked, they will not process well; if overcooked, they will taste earthy.)

Drain the asparagus thoroughly and, while still hot, run it through food processor with unsalted butter for 3 - 4 minutes until smooth, scraping down the sides of the processor frequently.

Meanwhile, chop asparagus ends to remove the dry hard field cuts and simmer with cream. Cook the ends slowly for 20 minutes, then strain, pressing through gently. Just before serving, combine asparagus, butter and cream. Heat slowly to just below boiling point. Adjust the seasonings to taste.

To Assemble:

=====

Salt and pepper the salmon steaks. Melt the butter in a heavy enamel or copper saute pan. When the butter begins to brown, add salmon and cook one side for 30 seconds.

Remove the pan from heat, turn the salmon carefully, and let cook in the hot pan off of the heat for 30 seconds. Salmon will still be quite rare. If you like your fish done more, add to the cooking time slightly. Don't overcook! The salmon loses a lot of flavor when overcooked.

Place the salmon on a towel (cloth or paper) to drain.

Just before you finish cooking the salmon, spoon some of the sauce onto heated plates; then place the cooked drained salmon on top of the sauce and serve immediately.

Preparation time: 1 hour

Salmon-Asparagus Manicotti

16 oz pkg manicotti - (mine had 14 tubes;)
1 lb farmer cheese -- (or ricotta
1 cheese)
1 salmon steak -- about 1/2 lb
1/2 lb fresh asparagus
1 can cream of asparagus soup
1 milk

- 1 salt and pepper
- 1 parmesan cheese

Cook the manicotti according to package directions, drain and cool. Set aside.

Poach the salmon steak (in broth or whatever), let cool, remove skin and bones, and crumble the flesh into medium-small pieces.

Trim the bottoms of the asparagus and chop the green parts into 1/2"-1" pieces. You don't have to cook them beforehand.

Combine the cheese, salmon flakes, asparagus and salt and pepper to taste in a large bowl. Combine cream of asparagus soup with 1 can of milk and add some of the resulting prepared soup to the cheese mixture. The stuffing should be soft but not runny. Use this to stuff each tube of manicotti. Place them side-by-side in a shallow baking dish. Pour the rest of the soup over the pan and sprinkle Parmesan cheese on top. Bake at 350 for 25 minutes or so. Serve with, what else, more steamed asparagus!! YUM! (Asparagus was on sale for \$1.29/# at Giant last week so I got a bunch. It was the pencil-thin kind, too, not those big woody things we'll be getting later on. Spring is on its way!

San Antonio Seafood Cocktail

- 8 oz pace picante sauce or
- 8 oz pace thick & chunky salsa
- 8 oz ketchup
- 1 squeeze of fresh lemon juice

Combine Pace and ketchup, season with a squeeze of fresh lemon juice, transfer to a serving bowl and chill. To serve, place the bowl on a leaf lettuce-lined platter and surround with cooked and chilled shrimp, scallops or crab meat (real or imitation), or a combination of all three. Serve with cocktail picks.

Scalloped Salmon Or Trout

1/2 lb cold cooked salmon or trout (sea or river trout)
1/2 lb florentine fennel (trimmed weight)
1/2 lb steaky bacon
2 oz butter
1 1/2 oz flour
1/2 pint whole milk
1/4 pint fish stock
1 lemon juice
1 dijon mustard
1 toasted or fried breadcrumbs

Serves 8 as an appetizer, or 3-4 as a main course.

Trim the fennel in the usual way, scraping away fibrous threads with a potato peeler, or remove and discard the outer layers if they are tired-looking or tough. Chop the flesh into small chunks and toss in 1/2 oz melted butter. Half cover the pan and leave to cook gently for 10 minutes just shaking the pan occasionally. Add the bacon, cut into snippets, increase heat and cook, stirring frequently, for several minutes until the bacon is cooked and the fennel is steamed with gold. Season with a good squeeze of lemon and plenty of pepper, and set aside to cool before mixing with the fish, which should be broken into large chunks.

Make a sauce with 1-1/2 oz each butter and flour, the milk and the stock, and simmer gently, half covered, for about 10 minutes. Away from the heat, season with scant 1 teaspoon mustard, a little salt and plenty of pepper. Gently fold in the fish mixture and divide between 8 small scallop shells or cocottes or put it all into one large gratin dish. Cover with foil and reheat in the oven straight away, or if preparing ahead, set aside in a cool place until close to serving time. If the mixture is cold when it goes into the oven, it will probably need 25 minutes or so at 425 F (220 C) gas mark 7 to become thoroughly heated through. Stand the dish(es) on a pre-heated baking sheet to help speed things up. When thoroughly hot, remove the foil and sprinkle the fish mixture generously with freshly toasted or fried breadcrumbs immediately before serving.

Seafood Stuffed Flounder

----SEASONING MIX----

1 teaspoon salt
1/2 teaspoon sweet paprika
1/2 teaspoon black pepper
1/2 teaspoon dried thyme leaves
1/2 teaspoon sweet basil
1/2 teaspoon gumbo file (optional)

----MAIN INGREDIENTS----

3 each slices bacon, diced
1 1/2 cup onions, chopped very fine
1 cup green bell peppers, chopped
1/4 lb + 1 tbsp unsalted butter
3/4 teaspoon white pepper
3/4 teaspoon ground cayenne pepper
1/2 lb small shrimp
1 1/2 cup basic seafood stock
6 each shucked oysters (med. size)
3/4 cup all-purpose flour
1/2 cup green onions, chopped fine
1/4 cup grated parmesan cheese

----FLOUNDER SEASONING MIX----

2 teaspoon salt
1 teaspoon sweet paprika
1/2 teaspoon white pepper
1/2 teaspoon onion powder
1/2 teaspoon garlic powder
1/2 teaspoon dry mustard
1/4 teaspoon ground cayenne pepper
1/4 teaspoon dried thyme leaves
1/4 teaspoon dried sweet basil leaves
6 each flounders (see note)
1 1/2 cup grated cheddar cheese
1 vegetable oil for frying

NOTE: Flounder should be 1 to 1-1/4 pounds each, boned, heads removed and brown side split down the center. Combine the first seasoning mix ingredients in a small bowl; mix well and set aside. In a large skillet fry the bacon over high heat until crisp. Add onions, celery and bell peppers. Stir well and saute until vegetables start to get tender, about 5 minutes, stirring occasionally. Add 3 tablespoons of the butter and the white and red peppers; stir until butter is melted. Stir in the shrimp and the first seasoning mix. Continue cooking for about 3 to 5 minutes, stirring occasionally and scraping pan bottom well. Stir in the stock and the oysters; cook and stir about 6 to 8 minutes. Remove from heat. Use a slotted spoon to spoon the seafood vegetable mixture into a food processor or blender, leaving the liquid in the skillet; process mixture until smooth, about 15 to 30

seconds. Return mixture to skillet, stirring to blend with liquid; turn heat to high, and cook until mixture starts sticking excessively, about 5 minutes, stirring occasionally and scraping pan bottom well. Remove from heat. Meanwhile, in a 1-quart saucepan melt the remaining 6 tablespoons butter over high heat; when almost melted, remove from heat, then add 1/4 cup of the flour and stir until mixture is smooth. Return to high heat for 1 minute, stirring constantly. Turn heat to high under the stuffing mixture; gradually add the butter-flour mixture, stirring constantly until well blended. If mixture starts "weeping" oil at this point, stir in about 2 tablespoons more stock or water.) Continue cooking until very thick, about 1 to 2 minutes, stirring constantly. Add the green onions and cook 1 minute more, stirring constantly. Remove from heat and stir in the Parmesan. Cool slightly, then refrigerate until chilled, about 30 minutes. In a small bowl thoroughly combine the flounder seasoning mix ingredients. Open the flounders for stuffing. Sprinkle 1/4 teaspoon of the seasoning mix on the inside of each flounder. Mound 1/4 cup of the cheddar cheese in the center of each, then spoon a scant 1/2 cup chilled stuffing on top of the cheese. Close the fish so the stuffing doesn't show. Cover and refrigerate for 1 to 2 hours. Sprinkle 1/4 teaspoon of the seasoning mix on each side of each chilled flounder, patting it in with your hands. In a pan (cake and pie pans work well) combine the remaining seasoning mix with the remaining 1/2 cup flour. In a large, heavy skillet heat 1/4 inch oil over high heat to about 350F. Meanwhile, place each flounder (split side up) in the seasoned flour to coat only the bottom surface. Carefully slide each flounder into the hot oil and fry the bottom until it's crispy, crunchy and brown-brown!-- about 3 to 4 minutes. Without draining, place the flounder, still split side up, on an ungreased cookie sheet. Bake at 550F until the fish are cooked and well browned on top, about 10 minutes (after about 4 minutes, drape a piece of aluminum foil over the tails so they won't burn). Serve immediately as is, or topped with Hollandaise Sauce, Shrimp and Crab Buttercream Sauce, or Bearnaise Sauce

This is a very old and secretive South Carolina recipe that originated in Charleston, SC., a city much like that of the history of New Orleans. The recipe has never before been given out from the original family of the restaurant first making this dish. Over the years, othe restaurants have come up with a good likeness of it, but not the original. Here is the original.

I've also always made smaller patties (about 1.5 inches across and 1/2 inch thick) because this size was easier to work with. Frying in a wok also works well.

Shrimp On Crab Legs (Cang Cua Boc Tom)

10 crab legs or several hard shell crabs; bs
1 shrimp paste, prepared as for shrimp; p on sugar cane
1/4 cup vegetable oil
----NUOC CHAM----
1 clove garlic
1/2 fresh hot red chili pepper or 2 dried
2 teaspoon heaping, granulated sugar
1/8 fresh lime
2 tablespoon fish sauce (nuoc mam)
2 1/2 tablespoon water, more if necessary

Here we have a party dish that will bring out "oohs" and "ahs" from your guests on sight - and a repeat performance on taste.

Crab claws, alone, are sometimes available in fish stores. If they aren't, boil several hard shell crabs and use the claws; you can use the bodies in many other dishes.

The crab claws in fish stores are already partially peeled and serve not only as a handle but are edible as well. If you prepare your own claws, peel the upper section around which you mold the shrimp paste.

Boil the crab legs or crabs for about 10 minutes, then drain and cool; remove the claws from the crabs, if using, and reserve the bodies for another purpose.

Have the shrimp paste ready; preheat the oven to 350F.

Pour the oil into a bowl. Dip your fingers into the oil and pick up 2 tablespoons of the shrimp paste. Mold it into an oval around and halfway down the crab claw, covering the part of the claw where it was attached to the body; this will leave a claw tip extended to serve as a handle. Place the claws on a baking sheet and bake in the preheated oven for 30 minutes.

Serve with Nuoc Cham and watercress.

NOTE: In Vietnam, this dish is always barbecued over charcoal. If you wish to prepare it this way, cook for 10 minutes on each side.

Makes 10 servings.

NUOC CHAM:

This exciting sauce is almost always served at Vietnamese meals, just as Westerners serve salt and pepper. Its base is nuoc mam (bottled fish sauce). Freshly prepared, it is a constant delight, and so addictive to Western palates that it will appear with meals other than Vietnamese. To best appreciate the results of its superb blending qualities at the table, use it sparingly at first, gradually adding more until the result is just right for your palate.

Peel the garlic. Split the chili pepper down the center and remove the seeds and membrane. Cut into pieces and put into a mortar, together with the garlic and sugar. Pound into a paste. Squeeze the lime juice into the paste, then with a small knife remove the pulp from the lime section and add it as well. Mash this mixture and add the fish sauce and water.

NOTE: If you find this a trifle strong at first, dilute it with an additional 1/2 tablespoon of water.

2 apples
3 tablespoon margarine
1 lemon

Coarsley chop celery, and slice scallops. Peel and quarter apples. Heat margarine in heavy skillet over high heat and stir fry celery for 2 minutes. Stir-Fried Scallops In A Basket

12 each chicken breast
12 each slices giant bamboo shoot
12 each slices carrot
12 each thinly sliced broccoli
2 cup shredded lettuce
2 each medium potatoes
1/2 teaspoon salt
4 cup oil for deep frying
3 each slices fresh ginger
1 each clove garlic, crushed
2 tablespoon peanut oil
1 dash salt
2/3 cup chicken stock
2 tablespoon gin
1/2 teaspoon sugar
1/4 teaspoon white pepper
2 teaspoon thin soy sauce
1 tablespoon cornstarch paste

Preparation: Slice bamboo shoot across grain into 2" triangles. Peel & slice carrots on bias. Remove strings from peas & wash. If substituting broccoli, use peeled stems only; slice thinly on bias. Shred lettuce; arrange like nest on round 10" serving plate.

Making Potato Basket: Peel, then coarsely shred potatoes. Or, slice potatoes into thin matchsticks. Rinse potatoes in cold water twice; soak them 30 minutes in cold salted water; rinse & drain. Slowly heat deep-frying oil in wok to medium hot; test potato slice: it should brown in 30 seconds. Dust potatoes with cornstarch so they will stick together when fried. Arrange them in a cross-hatch pattern on Chinese wire strainer or other suitable strainer to form deep basket. Press them in position with another strainer. If you use bowl for pressing, heat it first, because you don't want to cool frying oil. Immerse in oil & deep-fry until potatoes begin to brown. Remove from oil; take away top strainer only; drain; reserve.

When ready to serve, heat oil to very hot, but not smoking; deep-fry potatoes in strainer again until they are brown & crisp. Place basket in nest of lettuce.

Blanching: Dip scallops in hot but not boiling water; remove in 15 seconds when scallops are warmed: don't allow them to cook.

Stir-frying: As you heat wok to medium hot, stir-fry ginger slices & garlic to flavor wok; remove when they start to brown; discard. When wok is hot, add peanut oil & salt; stir. Add bamboo shoots & carrots; stir-fry 1 minute. Add stock. When stock boils, add scallops, snow peas, sugar, white pepper, gin & soy sauce. Stir 1 minute. Add cornstarch paste to thicken. Transfer to potato basket. Serve.

African Fish Curry Powder

1/2 lb dry red chiles
1/2 lb coriander seeds
2 oz cumin
1 oz turmeric
1 oz mustard seeds

Curry powders are an important part of African cooking due to the heavy influence of Arabic and Indian cuisine in Africa. Curry powders are made from different proportions of spices, dried and ground. Spices can be dried in the sun for two to three days, in a low temperature oven, or on top of the stove in a dry skillet. If using a

skillet be sure to shake the spices constantly so they don't burn. Grinding is usually done with a mortar and pestle. Curry powders are not necessarily hot, they are made that way by the addition of chili peppers.

Dry spices, grind to a powder and seal in an airtight container. Use 2 teaspoons of curry powder to every 400 g or 1 lb of fish.

2 eggs
1 pinch salt

1 cup ; water

----BECHAMEL THICK SAUCE----

1/2 cup milk

1 tablespoon butter

1 tablespoon flour

1/4 teaspoon salt

1 pepper, white

1 cayenne

1 egg yolk

----STUFFING----

1/2 cup scallion; chopped

2 tablespoon parsley

1 lb crab meat

4 tablespoon cracker crumbs

----SAUCE----

1 cup whipping cream

4 tablespoon butter

1 salt; to taste

1 pepper, white; to taste

FOR THE PASTA: Pour the flour onto a large pastry board. Make a well in the middle and add the eggs, water and salt. Work the eggs and water into the flour, then knead to a smooth elastic dough, about 10 minutes. Roll the dough out as thinly as possible in two sheets.

Cover with the second sheet of dough and press with the finger tips around the edges of the stuffing. Cut the Agnolotti square with a pastry wheel and make quite sure the edges are firmly sealed. Sprinkle lightly with flour and let them rest for 30 minutes, turning them after 15 minutes.

COOKING: Bring a large pot of salted water to a boil. Add the Agnolotti and cook for 12 minutes. Lift them out with a slotted spoon and transfer to a heated serving dish. Add the Sauce and top with Parmesan cheese if desired.

Akotonshi (Stuffed Crabs)

1 teaspoon salt
1 inch fresh ginger root
6 whole cloves
4 tablespoon vegetable oil
1 small onion -- minced
1 teaspoon ground ginger
2 tomatoes -- finely chopped
1 tablespoon tomato paste
2 bell peppers -- finely
1 chopped
1 pinch paprika
1 teaspoon cayenne pepper
1 tablespoon dried shrimp -- from
1 oriental shop
1/2 cup bread crumbs -- whole wheat
1 egg -- hard boiled chopped
1 sprig parsley
2 lb crab meat

[I think this recipe assumes raw crabmeat to start; refer to instructions below about boiling crab meat and alter technique if using pre-cooked crab meat, perhaps by just boiling some ginger and cloves in small amount of water and adding a bit to flavor crab. -- cmt]

Put crab meat in boiling salted water along with ginger piece and cloves. Cook about 15 minutes, until meat is tender enough to flake with a fork. Drain, flake and set aside.

In a heavy pot, heat oil to a moderate temperature and add other ingredients in the following sequence, stirring for a minute or so between each: onions, ground ginger, tomatoes, tomato paste, green pepper, paprika, cayenne, and dried shrimp. Reduce heat and simmer for 4-5 minutes, stirring constantly, until vegetables are cooked. Add crab meat and stir another couple of minutes to heat it through. Then spoon the mixture into clean crab shells or ramekins (small individual baking dishes).

Sprinkle bread crumbs on top of each crab and toast under an oven broiler, being careful not to let the crumbs scorch. Garnish with egg and parsley.

Let dry on a cookie sheet, making sure pieces do not touch. Add oil to deep fryer or heavy pan to a depth of at least 3 inches. Heat oil to 425~. Combine pancake mix, basil, pepper, garlic salt and enough soda to make a thick batter, about the consistency of buttermilk. Dip floured fillets in batter and add to the hot oil one at a time. Fry 4-5 minutes. Remove filets to cookie sheet, again, not letting them touch and keep warm in a 250~ oven. Deep fry remaining filets, keeping the depth of the oil at least 3 inches. NOTE: Do not heap fish as this creates steam in the oven and makes coating soft.

4 medium artichokes
1 medium lemon, halved
1 oyster souffle base **
1 oyster sauce **

** See recipes for Oyster Souffle Base, and Oyster Sauce.

Trim the artichokes and rub the cut ends with lemon. (This prevents oxidation which can turn the ends of the artichokes brown.)

Remove the choke from the water, re-form the cooked artichoke and stuff with the souffle base.

Asparagus With Oyster Sauce

1 fresh asparagus; 6 or 7 spears
1 fresh or frozen oysters; all
2 tablespoon dry white wine
2 egg yolks
20 butter
1 salt, pepper, cayenne

Recipe by: ianst@qdpil.ind.dpi.qld.gov.au (Ian Staples) Another recipe courtesy of John Morris, butcher and caterer in Rockhampton, Queensland, Australia, as discussed on ABC [Australian Broadcasting Corp.] Radio on Sunday 13 March 1994 in the "Queensland Sunday" programme.

John opened the discussion by stating that this is NOT a Lenten meal ; -) (He recommended it for breakfast in bed on Sunday mornings in fact.)

Allow 6 or 7 spears per person. Not too thin and not too old.

Trim bottom 1" of the asparagus spears and peel the lower part if necessary (shouldn't be required if you've selected the bunches correctly and trimmed off the bottoms) then poach them gently - get about 1" of water boiling in

Cut the oysters into thin strips rather than serving them as lumps.

Reserve the juice from the oyster shells - should get about 2

tablespoon fr Mix this with the dry white wine and reduce over heat by about 2/3rds (i.e. you'll have about 1 1/2 tablespoon left).

Add this liquor and about 4 tablespoon of the poaching water slowly to the and whisk them over very low heat until light and frothy (note: do not have the liquor or the other fluid too hot when adding to the eggs - you don't want to curdle them).

Add seasoning. Then draw the sauce together by adding 20 gram of *cold* di butter and stirring it in gently. Add the oyster strips and fold through.

Lay the freshly cooked asparagus spears on the serving plates and pour the oyster sauce over them (fairly now ;-).

Asparagus-Stuffed Flounder

1 *ingredients*

- 1/2 cup onion, chopped
- 3 teaspoon butter or margarine, divided
- 6 flounder or sole fillets (4 to 6 oz; each)
- 18 asparagus spears
- 2 teaspoon flour
- 1 cup milk, skim or low-fat
- 1/2 cup sharp cheddar cheese, shredded
- 1 salt to taste, if desired
- 1/8 teaspoon freshly ground black pepper
- 1 cayenne
- 1 nutmeg

Steam the asparagus until tender-crisp, about 5 minutes. Saute the onion until tender in 1 teaspoon of the butter in a non-stick skillet. Sprinkle the onion evenly over the fillets. Lay 3 asparagus spears crosswise on each fillet and roll the fillet around them. Secure with skewers or toothpicks and arrange them in a single layer in a greased shallow baking dish. Melt the remaining 2 teaspoons of butter in a small saucepan. Stir in the flour and cook the roux, stirring, for a minute. Gradually add the milk and continue cooking the sauce, stirring, until it begins to thicken. Stir in the cheese, salt, black pepper, and a dash or two of cayenne. Pour the sauce over the fish rolls and sprinkle them with a little nutmeg. Bake the fish rolls in a preheated 350 F oven for about 20 minutes. Makes 6 servings.

Avocado Stuffed With Smoked Fish (West Africa)

1/4 cup milk
1/4 cup strained fresh lime juice
1/4 teaspoon sugar
1/2 teaspoon salt

1/3 cup vegetable oil
2 tablespoon olive oil
1/2 lb smoked whitefish
2 large ripe avocados
12 strips of fresh red bell pepper or; canned pimienta

* the yolks rubbed through a sieve and the whites finely chopped.

** each cut about 1/4 inch wide and 2 inches long.

In a deep bowl, mash the egg yolks and milk together with a spoon or table fork until they form a smooth paste. Add 1 tablespoon of the lime juice, the sugar and the salt.

Then beat in the vegetable oil, a teaspoon or so at a time; make sure each addition is absorbed before adding more. Add the olive oil by teaspoonfuls, beating constantly. Stir the remaining lime juice into the sauce and taste for seasoning.

With your fingers or a small knife, remove the skin from the fish and pick out any bones. Drop the fish into a bowl and flake it finely with a fork. Add the chopped egg whites and the sauce, and toss together gently but thoroughly.

Just before serving, cut the avocados in half. With the tip of a small knife, loosen the seeds and lift them out. Remove any brown tissue like fibers clinging to the flesh.

Spoon the fish mixture into the avocado halves, dividing it equally among them and mounding it slightly in the center. Arrange 3 strips of sweet pepper or pimienta diagonally across the top of each avocado and serve at once.

Avocado With Crab

4 ripe avocados
15 oz crab meat or
1 lb fresh crab meat
8 tb mayonnaise

4 to 6 drops worcestershire sauce
1/2 cup finely minced, peeled celery stalk; s
1 salt, depending on the saltiness of; the crab meat
1 pinch white pepper
1 pinch cayenne or
1 drop to 2 drops tabasco
1 head iceberg lettuce
2 lemons

1. Split the avocados in half lengthwise and remove the pits. With a melon-ball cutter, gently enlarge the cavity toward the stem end.
2. With a fork, mash the avocado pulp which was removed.
3. Mix the pulp with 4 tbs. of the mayonnaise, salt if needed, pepper and cayenne or Tabasco. Gently fold in the crab meat and the celery.
4. Divide the crab mixture among the eight avocado halves.
5. Mix the Worcestershire sauce with the remaining 4 tbs. mayonnaise. With a pastry bag or a cone made from wax paper, pipe approximately 1/2 tbs. of the mayonnaise mixture on each filled avocado half.
6. Remove the outside leaves of the iceberg lettuce. Arrange the leaves on a serving platter. Cut the inside part of the lettuce into very thin strips and make 8 small nests on the leaves lining the serving platter. Place an avocado half on each nest.
7. Cut each lemon in quarters and garnish the serving platter with the slices of lemon. Serve. If desired, offer additional mayonnaise separately.

CHEF'S SECRET: When you buy avocados, they should not be soft but, if pressed gently, should give about the same resistance as an orange. Once at home, pack each avocado in a brown paper bag and leave them at room temperature overnight. Of course, chill before serving.

If you use canned crab meat, it is advisable to pick it over. Sometimes you may find a small piece of the shell. Definitely taste it for saltiness. Certain brands improve with a quick rinsing with water.

If you have to rinse it, don't do it under the faucet. Place the meat in a sieve and dip the sieve in a small amount of water. Loosen the meat with one finger, then remove the sieve from the water and shake the meat dry. The flavor will not be destroyed, but the saltiness of the canning liquid will be gone.

Enlarging the cavity of the avocados with a melon-ball cutter has two purposes; you have the subtle taste of the pulp in the crab mixture, and it is easier to arrange the filling without making it messy.

Definitely peel the celery stalks for this dish with a potato peeler so that no strings get into the salad. The celery is needed for its crunchy texture to counterbalance the softness of the avocado and mayonnaise and the fleshy chewiness of the crab meat. If you do not care for the taste of celery, you can substitute peeled, seeded, finely chopped cucumber.

Makes 8 servings.

Baked Stuffed Lake Trout, Salmon, Or Walleyed Pike

1 teaspoon salt
1 carrot, thinly sliced
1 white pepper
1 rib celery, thinly sliced
6 lb fish, dressed
3/4 teaspoon dried marjoram
1 stuffing recipe
1 bay leaf
1 1/2 cup white wine
1 lemon, sliced very thin
4 tablespoon butter, melted
2 shallots, thinly sliced
----CELERY STUFFING----
3/4 cup (4 ribs)
1/2 cup bread crumbs
1 chopped celery
1 salt and fresh black pepper

1/2 chopped onions
1/4 teaspoon savory
4 tablespoon butter
1/4 cup chopped celery tops
----FENNEL / TARRAGON STUFFING----
2 tablespoon chopped parsley
1/2 teaspoon fennel seed
2 tablespoon chopped fresh tarragon
1 salt and fresh pepper
6 tablespoon butter, melted
1 1/2 cup roughly torn fresh
1 bread crumbs

Marjoram goes well with fish, and here's a recipe that uses it both in and on the fish. Neither lake trout nor salmon need be scaled, but do scale the pike. A whole baked fish on a garnished platter always looks good to guests. Salt and pepper the fish inside and out, then stuff it and sew up or skewer the opening.

Place in a buttered pan and lay lemon slices along its length. Stick a toothpick in each slice.

Add the vegetables, marjoram, bay leaf, and white wine and bake, uncovered, for about 35 minutes in a 400 degree oven, basting first with the melted butter and then with the liquid in the pan. CELERY STUFFING
Saute the chopped celery and onions in butter in a small skillet for 15 minutes, until tender but still with a little bite.

Add the chopped celery tops and the bread crumbs. Season to taste with salt, pepper, and savory. Makes 1 cup. FENNEL SEED AND TARRAGON STUFFING

Mix all ingredients together and stuff fish.

Banana Fish

1/4 cup flour
2 teaspoon curry powder
1/4 teaspoon soy sauce
4 bananas, peeled & halved
1 lengthwise
1 lb fish fillets
1 tablespoon oil
3 stalks celery, sliced
4 tablespoon butter
2 tablespoon lemon juice

Mix together flour, curry powder, and soy sauce; coat bananas and fish with this; set aside. Heat oil in skillet. Stir-fry celery until crisp; set aside. Add butter to oil; saute bananas until golden, about 1 minute

on each side. Sprinkle bananas with half of lemon juice; remove to serving dish. Saute fish in oil/butter mix until fish comes easily away on a fork, about 3 minutes on each side. Sprinkle with remaining lemon juice. Place on serving dish with bananas. Spoon celery over fish.

Banquet Baked Fish

1 whole fish or lg section
1/4 teaspoon sage
1/2 cup water
1 onion, diced
3 cup sm bread cubes
1/2 teaspoon salt
1/4 lb mild cheese, grated
3 tablespoon butter
1 teaspoon dried leaf savory
1 sprinkle of pepper
33 tablespoon flour seasoned with 1/2 tsp savory; 1/4 tsp sage 1/4 ts
1 sprinkle of pepper

Saute onion in butter. Add to bread cubes with seasoning, water, and 1/2 of the cheese. If too dry, add more water. Pack stuffing firmly inside and in front of fish. Dredge all over with seasoned flour. Bake with 3/4 cup of hot water in bottom of pan until browned and tender, about 50 minutes at 350f, basting frequently.

While fish bakes cream 4 tbsp butter with 1/4 cup flour, add juice of 1 lemon or 3 tbsp juice (bottled), 3 tbsp sugar, and 1 1/2 c water. Cook over low heat, stirring until thickened. Add to gravy in pan with remaining cheese. Baste fish again with thickened gravy.

Barbecue Crab Sandwich

1 cup crab
1/2 cup tomato sauce
1/4 cup green stuffed olives; sliced
8 oz cheddar; md, in small cubes
8 english muffins

Mix all the ingredients except the muffins together. Refrigerate for at least 1 hour to blend the flavors. Spread on English Muffin halves and broil until hot and cheese is melted. Serve hot.

Barbecue Fish Sauce

1/2 cup vegetable oil
3/4 cup onion -- chopped
3/4 cup catsup
3/4 cup water
1/3 cup lemon juice
3 tablespoon sugar
3 tablespoon worcestershire sauce
2 tablespoon prepared mustard
2 teaspoon salt
1/2 teaspoon pepper

Saute onion in oil in medium heavy saucepan over medium-high heat until tender. Combine with all ingredients and simmer 10 - 15 mins.

Using any mild fish, fileted or whole, place fish in wire basket that will hold fish firmly in place or put a wire mesh on your grill. Brush fish with seafood sauce occasionally until fish is flaky.

This sauce is also excellent on shrimp.

Oh, and if you're not happy with the freshness of your fish, soak it in milk for a few hours. It takes the "fishy" smell out of the fish.

Barbecued Salmon With Field Greens

----FOR THE BARBECUE RUB----

- 2 tablespoon chili powder
- 1 tablespoon garlic powder
- 1 tablespoon onion powder
- 3 tablespoon sugar
- 1 tablespoon salt
- 1/2 teaspoon ground allspice
- 1/2 teaspoon ground cumin
- 1/4 teaspoon ground white pepper
- 1 tablespoon paprika
- 6 salmon fillets, 5 oz each
- 1 olive oil for the salmon

----FOR THE VINAIGRETTE----

- 1 lb organic field greens
- 1 1/2 cup v8 or other vegetable juice
- 1 tablespoon balsamic vinegar
- 1/2 cup chopped tomato
- 1 1/2 tablespoon barbecue rub (reserved from above)
- 4 tablespoon olive oil

From Will Greenwood, not-quite White House chef.

For the rub: Combine the chili, garlic and onion powders, the sugar, salt, allspice, cumin, white pepper and paprika in a food processor until thoroughly mixed. Sprinkle all but 1 1/2 tablespoons of the rub on all sides of the salmon. Let fillets marinate for 6 hours.

To cook the salmon: Prepare a very hot grill. If you are using wood

chips on the hot coals, first soak these in water so they will smoke more. Add soaked chips 5 minutes before starting the salmon.

Rub the fillets with a thin film of olive oil. Grill them approximately 8-10 minutes, depending on thickness.

For the field greens and vinaigrette: Clean and refresh the greens in cold water. Spin dry. Mix the vegetable juice, vinegar and tomato together with the reserved barbecue rub and olive oil. Toss with the greens.

To serve: Divide greens among plates. Top each plate with a salmon fillet. Spoon the remaining vinaigrette in the bowl over the salmon. Serve hot.

Bean Curd With Oyster Sauce

1/2 lb soy bean curd (canned or
1 fresh)
2 green onions

1/2 teaspoon minced garlic
2 tablespoon peanut oil
1/2 cup chicken stock
1 pinch sugar
2 tablespoon premium oyster sauce
1 cornstarch paste
1 teaspoon peanut oil

Slice bean curd into 1/4" cubes; sliver green onions. In hot wok, heat oil just to point of smoking. Add bean curd, green onions and garlic. Stir gently to avoid breaking up curd; turn pieces to coat with oil. Be sure oil is not too hot or curd will tend to stick to pan.

When aroma of garlic is apparent, add stock and bring to boil. Lower heat, cover, and simmer for about 30 seconds (don't let curd fall apart). Remove cover; stir in oyster sauce and sugar. Increase heat, and when liquid boils again, add enough cornstarch paste to make a creamy (but not too thick) sauce. Swirl in peanut oil to make a glaze. Serve over rice or in a shallow serving bowl.

Bier Fisch (German Beer Fish)

1 whole carp (2-3 lbs with head)
2 tablespoon butter
1 medium onion, chopped
1 celery stalk, chopped
1/2 teaspoon salt
6 peppercorns
3 whole cloves
4 slice lemon
1 bay leaf
1 bottle beer
6 gingersnaps, crushed
1 tablespoon sugar fresh parsley for garnish

This recipe is an old tradition in Germany. The sauce combines sweet, sour, and spicy flavors. In Germany, fresh carp is used, but since it is hard to find in the U.S. other fish may be substituted.

Remove head from fish and reserve for making fish stock for other recipes. Lay fish out as flat as possible, breaking bones along back. Melt butter in a skillet. Add onion, celery, salt, peppercorns and cloves and mix. Top with lemon slices and bay leaf. Place fish on top. Add beer. Cover and simmer 15-20 minutes, or just until fish flakes with fork. Transfer fish to a platter, cover with foil to keep warm. Strain cooking liquid, pressing some of the vegetables through.

Put gingersnaps and sugar in s killet, stir in 1-1/2 cups strained liquid. Cook, stirring constantly, until thickened. Garnish fish with parsley. Pass sauce for pouring over fish and boiled potatoes as side dish. Makes 4-6 servings. From the files of Al Rice, North Pole Alaska. Feb 1994

----BISCUIT TOPPING----

2 cup all-purpose flour
1 tablespoon baking powder
2 teaspoon sugar
1/2 teaspoon baking soda
1/2 teaspoon salt
6 1/2 tablespoon cold butter
3/4 cup buttermilk

Make the gumbo: In a heavy medium skillet, combine 3 tablespoons of the oil with the flour and cook over moderatly low heat, stirring occasionally, until the roux is dark mahogany in color, about 1 hour. Do not let burn. Immediately remove from heat.

In a medium flameproof casserole, melt 2 tablespoons of the butter with the remaining 1 teaspoon oil. Add the sliced sausage and cook over moderate heat until well browned, about 5 minutes. Transfer to a plate with a slotted spoon. Add the ham strips to the casserole and cook until lightly browned, about 7 minutes; add to the plate with the sausage slices.

Add the remaining 1 tablespoon butter and the onion to the casserole. Cook over moderate heat, stirring constantly, until softened and translucent, about 2 minutes. Reduce the heat to moderately low and add the garlic, green and red bell peppers, celery and rice. Cook, stirring, for 5 minutes longer.

Reheat the brown roux if necessary. Scrape it into the casserole with the vegetables and rice. Stir in the chicken stock and lemon juice. Bring to a boil over high heat. Add the sausages and ham, reduce the heat to moderately low and cook, covered, for 25 minutes.

Stir in the cayenne, shrimp and okra and season with salt and black pepper to taste. Cook, stirring once or twice, for 2 minutes. Remove from the heat.

Make the topping: Preheat the oven to 450F. In a medium bowl, combine the flour, baking soda and salt. Cut in the 5 1/2 tablespoons of the butter until the mixture resembles coarse crumbs. Stir in the buttermilk until a soft dough forms.

On a lightly floured surface, roll out the dough 1/2 inch thick. Using a 2 1/2 inch round cutter, stamp out 12 biscuits.

Melt the remaining 1 tablespoon butter. Pour the hot gumbo into a shallow 9 inch round baking dish. Arrange the biscuits on top and brush with the melted butter. Bake until the biscuits are puffed and golden brown, about 20 minutes. Typos By Jim Kirk - captain@iquest.net by Pat Pate patpate@tenet.edu on Sep 11, 1993

Black Pepper Angel Hair With Smoked Salmon

----SAUCE----

1 quart heavy cream
1 cup clam juice
1 cup dry white wine
6 whole garlic cloves; peeled
2 teaspoon whole black peppercorns
2 tablespoon dillweed
1 tablespoon champagne vinegar
3/4 cup grated parmesan cheese
16 oz blk pepper angel hair pasta
2 teaspoon salt

----TOPPING----

8 oz smoked salmon
8 oz heavy cream
1 cup sour cream
4 sprigs fresh dillweed

In generous saucepot, reduce the one quart heavy cream at a gentle simmer until it is half its original volume. Meanwhile, in separate, smaller pot, combine clam juice, wine, garlic, peppercorns, salt, dill and vinegar.

Reduce at a rolling boil to half its original volume, then strain & dispose of garlic and peppercorns. Add wine reduction to reduced cream and reserve. With electric mixer, whip 8 oz heavy cream to med. peaks, then add sour cream and whip until blended. (The chef calls this "quick creme fraiche"). In boiling, lightly salted water, cook pasta (if fresh) for 45 seconds or to desired doneness. Drain in collander and cool by running cold water through it to halt cooking. In 10-12" saute pan, heat cream/winesauce to boil, then whisk in parmesan until well blended. (Sauce will continue to reduce quickly). Add cooked pasta to sauce and toss to coat evenly. Divide between 4 dishes, topping each with 2 oz smoked salmon, a dollop of creme fraiche and a sprig of dill. Serves 4. Chef's Notes: Chef Stephan Pyles of Star Canyon tells us that "This easy, do-ahead salad is a perfect entree for a summer lunch or picnic. Black-eyed peas, crab, and grapefruit may not exactly be an orthodox combination, but they are all staples of Texas cookery and go well together. " Entered into MasterCook by Terri Law, 8/22/96.

Bluegill Dip

- 1 worcestershire sauce
- garlic powder
- 1 liquid smoke
- lemon juice
- 1 salt and pepper mayonnaise
- 1 steamed fish fillets, boneless

Directions: Combine all ingredients for fish dip.

Boiled Crawfish

- 4 boxes salt (no size mentioned)
- 6 pouches crab boil
- 9 lemons
- 8 oz cayenne pepper
- 5 lb small white onions
- 1 garlic
- 24 small potatoes
- 1 smoked sausage
- 1 corn
- 50 lb live crawfish

Bring seasonings to boil for 10 minutes. Add potatoes, corn, and smoked sausage. Boil for another 10 minutes. Add crawfish. Bring back to boil. Cut fire off immediately. Let soak for 20 to 30 minutes. Drain. Peel and eat. While water is coming to a boil, cull and clean crawfish. Rinse well with garden hose and remove any dead ones. Always wear gloves when you fool with crawfish, but remember, they can still pinch you through gloves. Justin Wilson writes, "Not everybody likes the fat, but I do, and I love to dig my finger into the head and scoop it out. During crawfish season, my finger stays yellow from one end to the other." From Justin Wilson's "Outdoor Cooking With Inside Help."

Boned Oysters

1 karen mintzias
12 oysters, fresh or frozen
1 cup flour
1/2 cup oil
1 salt and pepper; to taste

Use only the large Asiatic oysters caught in the Indian Ocean, Black Sea, or the Persian and Arabian gulfs.

Use the delicious white meat only. Discard the round white bone sometimes discovered inside the shell -- or give it to some Persian. They seem to prefer these bones to gold; they call them "pearls".

**

Drain oysters. Roll in flour. Heat oil until hot in a large frying pan. Fry oysters on medium-high heat for 5 minutes turning over once. Sprinkle with seasonings and serve.

Boston Clam Chowder

4 slices of bacon
1/2 cup milk
13 oz clams; minced, drained
1/2 teaspoon salt
1 1/2 cup potatoes; peeled/diced
1/4 teaspoon pepper
1/3 cup onion; chopped
2 tablespoon butter
2 tablespoon flour
1 oyster crackers
1 cup cream

POWER: High TURN: No TIME: 22 min. per 6 servings Place bacon in a 2 qt casserole dish. Cover and microwave 4 to 5 minutes, or until crisp. Remove bacon, crumble and set aside. Drain clams and add liquid to bacon drippings. Stir in potatoes and onion. Cover and microwave on high 9 to 12 minutes or until potatoes soften. Stir flour into half the milk. Add flour mixture and remaining milk, cream, clams, salt and pepper to hot liquid. Cover and microwave 4 to 5 minutes. Garnish with butter, oyster crackers and crumbled bacon.

Braised Pork And Fresh Oysters In Clay Pot

1/2 lb boneless pork butt, cut in
1 1 1/2 cubes
8 medium fresh pacific oysters (or
1 10 oz. jar)
4 green onions
1 1/2 cup warm water
1 tablespoon brown bean sauce
1 teaspoon dark soy sauce
1 teaspoon fresh ginger, minced
1 piece dried orange peel
2 tablespoon medium sherry
1 cornstarch paste
1/2 cup peanut oil
1 chinese parsley for garnish

----MARINADE----

1/4 cup medium sherry
2 teaspoon thin soy sauce
2 cloves garlic, minced
1 teaspoon 5-spice powder
1 teaspoon lemon juice

Marinating: Combine marinade ingredients in bowl large enough to hold pork, mixing well. Add pork, cover, and marinate at room temperature for 1 hour.

Braising: Drain pork, taking care to remove pieces of garlic. Heat oil in wok until it begins to smoke. Fry pork cubes, a few at a time, until brown and crusty. Do this quickly to sear meat without cooking it through. Drain in Chinese strainer or on paper towel. Strain and reserve cooking oil.

Clay Pot: In cool clay pot, combine water, bean sauce, dark soy, minced ginger, dried orange peel, and sherry. Bring to boil, then add braised porkcubes. Reduce heat, cover pot, and simmer for 30 minutes. Meanwhile, wash and trim green onions, cut into 2" sections. Drain oysters. When pork has simmered 30 minutes, add onions and oysters. You can stop the dish before adding oysters and onion. Cover and cook at medium heat for 15 minutes more. Turn up to boil, dribble in cornstarch paste to make light gravy. Serve with garnish of parsley.

Brattens Famous Clam Chowder

1 cup onions; finely chopped
1 cup celery; finely chopped
2 cup potatoes; finely diced
13 oz clams; & juice (2 cans)
3/4 cup butter
3/4 cup flour
1 quart milk
1 1/2 teaspoon salt
1/2 teaspoon pepper
2 tablespoon red wine vinegar

Drain Juice from clams and pour over onions, celery, and potatoes. Add enough water to barely cover. Cook vegetables. Meanwhile, melt butter, add flour and blend until smooth. Stirring constantly, add milk and cook until smooth & thick. Add Salt and pepper. Add white sauce, clams, and vinegar to vegetable mixture and heat through until thick. Serve hot. Makes about 8 servings-

[My variations: Add 3 cans of clams (and juice) instead of 2, also use about 4-6 C. potatoes, 3 T. Red wine vinegar. Goes just a little further.]

Broiled Scallops & Bacon Hors D'oeuvres

1 lb sea scallops

1/3 bacon

Recipe by: Felicia Pickering <MNHAN063@SIVM.SI.EDU> Remove any tough cartilage from the sides of the scallops, wipe off any bits of shell, and pat them dry. In a large frying pan, partially cook bacon until it has released its fat but is still limp and flexible; remove it to brown paper or paper towels and drain it well. Cut the bacon pieces in halves or thirds so that they are just long enough to wrap around a scallop with a slight overlap. Wrap each scallop with a piece of bacon and secure the wrap with a toothpick. Place the wrapped scallops on a rack that is set in a baking pan and cook under a preheated broiler, turning once, just until the bacon is crisp and the scallops are opaque. Serve immediately.

Variations: Roll the scallops in pancetta or prosciutto instead of bacon. Add something crunchy - a length of scallion or a thin slice of kohlrabi - next to the scallop before rolling it in the bacon. Substitute drained water chestnuts for one-third of the scallops

Cajun Soft-Shell Crabs On Buns

4 medium soft-shell crabs, cleaned
1 cup skim milk
3/4 cup all-purpose flour
1/2 teaspoon paprika
1/4 teaspoon garlic powder
1/8 teaspoon cayenne pepper, or to taste
4 tablespoon low-fat butter
4 round sandwich buns or rolls, toast; ed
4 tablespoon cajun mayonnaise
2 scallions, thinly sliced

Soft-shell crabs are one of the great culinary joys of springtime. They should be purchased fresh, and most fish markets are happy to

clean them for you. If not, the technique takes a little courage, but once you get the knack, it's really quite easy: Rinse each crab under cold water and, with scissors, snip off the head about 1/4" behind the eyes. Turn the crab over on its back; lift and pull off the triangular apron on the lower part of the shell. Flip the crab over and pull back the points of the top shell. Remove and discard the gills on both sides. Rinse the cleaned crab and pat dry.

1. Soak prepared crabs in milk for 30 minutes. Meanwhile, in a bag, combine flour, paprika, garlic powder and cayenne. Shake well; reserve.
2. Remove the crabs from the milk and dredge in the seasoned flour. Shake off any excess flour.
3. Melt butter in a large skillet over medium-high heat. Saute crabs, two at a time, for 4-5 minutes per side, or until crispy and browned. Remove to a paper towel to drain.
4. Spread each toasted bun with 1 tablespoon of Cajun Mayonnaise, or more if desired. Sprinkle scallions on bottom half of bun, then top with a crab. Cover with top half of the bun and serve immediately.

Cang Cua Boc Tom (Shrimp On Crab Legs)

10 crab legs or several hard shell crab; bs
1 shrimp paste, prepared as for shrimp; p on sugar cane
1/4 cup vegetable oil
----NUOC CHAM----
1 clove garlic
1/2 fresh hot red chili pepper or 2 dried
2 teaspoon heaping, granulated sugar
1/8 fresh lime
2 tablespoon fish sauce (nuoc mam)

2 1/2 tablespoon water, more if necessary

Here we have a party dish that will bring out "oohs" and "ahs" from your guests on sight - and a repeat performance on taste.

Crab claws, alone, are sometimes available in fish stores. If they aren't, boil several hard shell crabs and use the claws; you can use the bodies in many other dishes.

The crab claws in fish stores are already partially peeled and serve not only as a handle but are edible as well. If you prepare your own claws, peel the upper section around which you mold the shrimp paste.

Boil the crab legs or crabs for about 10 minutes, then drain and cool; remove the claws from the crabs, if using, and reserve the bodies for another purpose.

Have the shrimp paste ready; preheat the oven to 350F.

Pour the oil into a bowl. Dip your fingers into the oil and pick up 2 tablespoons of the shrimp paste. Mold it into an oval around and halfway down the crab claw, covering the part of the claw where it was attached to the body; this will leave a claw tip extended to serve as a handle. Place the claws on a baking sheet and bake in the preheated oven for 30 minutes.

Serve with Nuoc Cham and watercress.

NOTE: In Vietnam, this dish is always barbecued over charcoal. If you wish to prepare it this way, cook for 10 minutes on each side.

Makes 10 servings.

Here we have a party dish that will bring out "oohs" and "ahs" from your guests on sight - and a repeat performance on taste.

Crab claws, alone, are sometimes available in fish stores. If they aren't, boil several hard shell crabs and use the claws; you can use the bodies in many other dishes.

The crab claws in fish stores are already partially peeled and serve not only as a handle but are edible as well. If you prepare your own claws, peel the upper section around which you mold the shrimp paste.

NUOC CHAM:

This exciting sauce is almost always served at Vietnamese meals, just as Westerners serve salt and pepper. Its base is nuoc mam (bottled fish sauce). Freshly prepared, it is a constant delight, and so addictive to Western palates that it will appear with meals other than Vietnamese. To best appreciate the results of its superb blending qualities at the table, use it sparingly at first, gradually adding more until the result is just right for your palate.

Peel the garlic. Split the chili pepper down the center and remove the seeds and membrane. Cut into pieces and put into a mortar, together with the garlic and sugar. Pound into a paste. Squeeze the lime juice into the paste, then with a small knife remove the pulp from the lime section and add it as well. Mash this mixture and add the fish sauce and water.

NOTE: If you find this a trifle strong at first, dilute it with an additional 1/2 tablespoon of water.

When the oil is hot, but not smoking, lay the fillets in the skillet. Pan-fry for 3 to 4 minutes on each side, or until golden. Transfer to a warm platter. Discard any oil remaining in the skillet and wipe clean with paper towels. Return the skillet to the stove. Over medium-high heat, melt 2 tablespoons of the butter. When the butter foams, add the pecans and stir constantly for about 1 1/2 minutes, or until lightly toasted. Add the parsley, garlic, lemon juice, Worcestershire, and cream. Stir with a whisk for about 15 seconds and remove from the heat. Add the salt, cayenne, and remaining 6 tablespoons butter, broken into small chips, and stir until the butter melts completely. Spoon the sauce over the fillets and serve.

Cathe's Clam Chowder

6 slice bacon (or more)
1 large onion, chopped
24 oz clam juice, bottle (doxee brand)
1/2 teaspoon garlic, dried, minced
1 large potato, baking
10 oz baby clams, canned (orleans brand)
3 tablespoon cornstarch
1/4 cup half & half (or more) (or cream)
1 teaspoon garlic salt (lowry's)
1/4 teaspoon black pepper

Fry bacon in 3-quart pan until brown. Reserve 2 T. bacon grease in pan; remove bacon to paper towel to drain well. Crumble bacon and save it for later. (Can cook bacon in microwave and transfer 2 T grease to 3-quart pan.)

Saute chopped onion in bacon grease until translucent. Shake one of the three bottles of clam juice well; add to the sauteed onion. Stir in dried minced garlic and let come to a boil. Boil until the liquid is reduced by half, but don't let the liquid get so low that the sauteed onion and minced garlic brown.

Shake the other two bottles of clam juice well and add to the mixture in the pan. Bring to boil.

Scrub the baking potato well (or peel it, if you want to); cut it into half-inch cubes. Add to the boiling clam juice and reduce heat (to low) -- so the mixture bubbles gently -- until the potatoes are almost done.

Meanwhile, drain the baby clams, reserving the juice in a cup. Put the clams aside. Stir the cornstarch into the reserved clam juice, blending well.

When the potatoes are just barely done, remove the pan from the heat. Re-mix the cornstarch and clam juice and add to the soup, stirring constantly as you pour the cornstarch mixture into the pan. Return

pan to heat and stir constantly until thickened. (This may seem too thick.) Remove from heat and stir in the baby clams and the crumbled bacon. Add half and half or cream until soup is the consistency you want it. (If you don't want it so creamy, use milk or skim milk instead.)

Add garlic salt and black pepper to taste; serve warm. Do not let the soup boil once the baby clams are added; boiling will turn them into rubber. This makes about a quart of soup, enough to serve 4 with no leftovers.

Vicki's notes:

* The recipe that Cathe gave me in the 70s called for only two bottles of clam juice (instead of three), 1/2 C half & half (instead of 1/4 C), 2 T cornstarch (instead of 3 T), 2 teaspoons minced garlic (instead of 1/2 t), 1/4 t garlic salt (instead of 1 t), and no black pepper or bacon (just 2 T drippings for frying).

It also called for 1/4 t each lemon pepper and sweet basil, 2 t dried parsley, 3 drops Tabasco sauce and 1/4 C sauterne, of which are called for in this recipe. The only things the same are the potato, the onion and the 10 oz. can for baby clams (Geisha). (The recipe said you could substitute a 7 oz can of minced clams if you had to.)

Cathe's Crawfish Etouffe

Cathe's Crawfish Quiche

- 2 tablespoon olive oil
- 1 carrot, diced
- 3 green onions, diced
- 1 onion, diced
- 2 large garlic cloves, minced
- 1 parsley, minced (2 big sprigs)
- 1/2 teaspoon thyme, crushed
- 1 bay leaf, crushed
- 1 tablespoon dill, dried
- 1/8 teaspoon cayenne
- 2 tablespoon tomato paste
- 2 tablespoon cognac
- 1/2 cup sauterne
- 3 large eggs
- 1 cup cream
- 4 oz swiss cheese, grated
- 1 lb crawfish chunks
- 1 pie crust (pre-baked), 10

Saute vegetables in butter and olive oil till slightly brown. Add spices, tomato paste, cognac and sauterne; mix well.

Cathy's Fish & Rice

- 1/2 lb white fish (i used frozen
- 1 pollock), cut in
- 1 small onion -- chopped
- 3 cloves garlic
- 1 handful cherry tomatoes halved

1 some mushrooms -- sliced
1 flour (for dredging)
1 oil (for sauteing)
110 ml white wine
1 curry powder
1 black pepper
1 cooked rice

1. Saute the onions in a small amount of oil till they start to soften. Add the garlic and cook for a few minutes, and then add the mushrooms and cook for a few minutes more, till they lose their raw look.

2. Meanwhile, put a few tablespoons of flour and the pepper into a plastic bag and shake the fish cubes in the bag (don't forget to close the bag!) Remove the fish from the bag, shaking off any excess flour.

3. When the vegetables are cooked to your liking, remove them from the pan and set them aside. You could drain them on a paper towel to remove a bit of the oil, but it's not necessary.

4. Add a little more oil to the pan, and heat it for a moment. Drop the fish pieces in the oil, and saute them till they start to turn opaque. Add the vegetables, the cherry tomatoes & the curry powder, and stir to mix them in. Pour in the white wine (or other liquid of your choice) and cook down till most of the liquid has evaporated. Serve over rice.

Author's Notes: This is a recipe I made up the other night, when I didn't feel like going out to the store. It's not exactly haute cuisine, but it tasted OK, and used common ingredients. It's quick to prepare, and doesn't taste very fishy since the dominant flavor is the curry powder. (All measurements are approximate. This made more than enough for 2 people).

The thing about this sort of recipe is that you can vary it in countless ways -- add some bell peppers if you want, or add different spices. Use soy sauce and call it Oriental. Add a few hot chilli peppers for more punch.

Difficulty : easy. Precision
: measure ingredients.

Charcoal Grilled Salmon With Spicy Black Beans

1/2 lb black beans; soaked
1 small onion; chopped
1 small carrot
1/2 celery rib
2 oz ham; chopped
2 jalapeno peppers; stemmed and diced
1 clove garlic
1 bay leaf; tied together with
3 sprigs thyme
5 cup water
2 cloves garlic; minced
1/2 teaspoon hot pepper flakes
1/2 lemon; juiced
1 lemon; juiced
1/3 cup olive oil
2 tablespoon fresh basil; chopped
24 oz salmon steaks

Combine in a large saucepan the beans, onion, carrot, celery, ham, jalapenos, whole clove garlic, bay leaf with thyme, and water. Simmer until beans are tender, about 2 hours, adding more water as necessary to keep the beans covered. Remove the carrot, celery, herbs and garlic, and drain off the remaining cooking liquid. Toss the beans with the minced garlic, hot pepper flakes and the juice of 1/2 a lemon. Set aside.

While the beans are cooking, combine the juice of a whole lemon, olive oil, and basil leaves. Pour over the salmon steaks, and refrigerate for 1 hour. Grill the salmon over a moderately high flame for 4-5 minutes per side, basting with some of the marinade every minute. Serve each steak with a portion of beans.

Chard-Wrapped Salmon & Duxelles

1/3 lb mushrooms; commercial, wild, or a mix
2 tablespoon butter
1/2 cup onion; finely diced
1 clove garlic; minced
1 pinch dried savory; crumbled
1 pinch pepper
1/4 teaspoon salt
2 tablespoon dry sherry or madeira
12 oz salmon fillets; cross-cut
4 large swiss chard leaves; stemmed, blanched, rinse
1/2 cup brown veal or poultry stock
1 oz dry white wine

Finely dice the mushrooms (if using wild mushrooms with an interesting shape, cut them into long strips or wedges.) Melt 1 tb of the butter in a large non-stick skillet over medium-high heat. Add the mushrooms and onion and cook, shaking or stirring, until the mushrooms begin to wilt. Add the garlic, savory, pepper, and 1/8 ts salt. Cook until the liquid given off by the mushrooms is nearly gone, then add the sherry and cook until evaporated. Remove from heat, taste for seasoning, and set aside to cool.

Remove any pin bones from the salmon fillets and season lightly with remaining salt and pepper. Lay out 2 chard leaves in opposite directions, slightly overlapping. Place a salmon fillet across the middle, skin side up (if the belly flap is especially long or thin, fold it double for a more compact, even shape.) Arrange 1/4 of the mushrooms mixture on each side of the salmon. Fold the near end of the leaves over the fish, tuck in the sides, then fold the whole thing over the remaining leaf, forming an envelope. Trim off the remainder of the leaf to form a neat package. Repeat with the remaining salmon fillet.

Heat the stock and wine to a simmer in the same skillet used for the mushrooms. Place the salmon packages in the pan, seam side down, cover, and cook at a simmer until a skewer easily enters the center of the fish, 8-12 minutes depending on the thickness.

Transfer the fish to plates, turn the heat under the skillet to high, and reduce the stock slightly. Swirl in the remaining butter, taste for seasoning, and pour over the fish.

Charlene Prickett's Crab Salad With Yogurt Dr

----YOGURT DRESSING----

- 1 cup low-fat yogurt
- 1 tablespoon chives or spring onions
- 1 garlic clove, crushed
- 2 teaspoon lemon juice
- 1 vegetable salt

----CRAB SALAD----

- 1 butter lettuce head
- 2 lb crab meat
- 1 lb mandarin oranges, seedless
- 1 lb fresh peaches, peeled/sliced
- 4 shallots, minced
- 2 large cucumbers, sliced
- 1/2 lb snow peas
- 1 juice of lemon

----GARNISH----

- 1 lemon slices
- 1 fresh chives

Charlene Prickett combines brain with brawn on IT FIGURES, her long-running exercise show for Lifetime Television. "I have a real academic streak," says Prickett. "I have a lot of interest in science and in keeping up with the research that's always changing. Every year I go to fitness conferences and sports-medicine clinics throughout the country, and I always like to share what I've learned by including an information element in my shows." So what does the latest research say about the most effective way to get a good workout? Says Prickett, "In terms of being optimally effective, cross-training - weight training, along with some stretching and aerobic activity - has come to be thought of as important. The advantage is that you don't stress the body in the same way every single day, and it prevents injury as well as boredom."

Prickett also believes that women have to work harder than men at battling the bulge. "When you're young or if you're a man, the likelihood of your staying near ideal weight with exercise alone is good. However, if you're female or over 25, it generally takes both regular exercise AND good food choices. That doesn't mean you can never have an ice-cream sundae, but to stay at or near ideal weight, you need to make discriminating food choices."

For dressing: mix all ingredients and chill.

For salad: mix all ingredients except lettuce in a bowl, add dressing, and chill for 1 hour. Arrange lettuce leaves in a salad bowl, add salad.

Garnish with lemon slices and chives.

Chesapeake Bay Crab Cakes

1 teaspoon sharp prepared mustard
1 tablespoon freshly squeezed lemon juice
6 tablespoon olive oil, divided
1/2 teaspoon salt
1/2 teaspoon freshly ground black pepper
1 lb lump crabmeat, picked clean
1/2 cup dry, unflavored bread crumbs
1 pinch of cayenne pepper
4 tablespoon butter

Chesapeake Bay Crab Cakes

Parsley, lemon wedges, tartar sauce as desired

Using an electric blender or wire whisk, beat together mustard, lemon juice and egg until thoroughly combined. While beating vigorously, gradually pour 4 Tbs of olive oil into the egg mixture in a thin stream. When smooth and creamy, stir in salt and pepper.

Gently fold in crabmeat, then bread crumbs and cayenne pepper. Shape into 8 patties, each about a half-inch thick. They will want to fall apart, but that's the idea of a good crab cake. You want only enough non-crab stuff to just barely bind them.

Melt butter together with 2 Tbs of olive oil in skillet over medium heat. When butter sizzles (but before it burns!) gently ease the crab cakes into the skillet to cook. When well browned (2 to 3 minutes), gently turn and cook other side. Drain on paper towels. Serve immediately.

Chesapeake Oyster Bisque

1 quart oysters
1 bay leaves
2 onions

2 celery stalks
1/2 cup butter
1/4 cup flour
1/2 teaspoon salt
1/4 teaspoon white pepper
1 pint cream
1/4 cup sherry

Slice onions. Dice celery. Drain oysters and save liquid. Oysters may be chopped or left whole as desired. Add water to oyster liquid to make 1 qt. In stock pot, combine bay leaf, one onion, and bay leaf and simmer for about 1 hour uncovered. Remove from heat; allow to cool for about 1 hour, strain, and set aside. In butter, saute remaining onion and celery; cook for about 5 minutes or till pale in color. Add flour and stir well, but DO NOT BROWN. Add some strained oyster stock: stir well to prevent lumps from forming. Add remaining stock and heat till hot and thickened (about 10-15 minutes). Add oysters and cream. Heat about 5 minutes more. Add sherry and ladle into serving bowls and garnish with chopped parsley.

Chesapeake Restaurant Crab Cakes

1 lb lump crabmeat, cooked
1 each egg, beaten
1 teaspoon salt
1/2 teaspoon pepper
1/4 cup parsley, chopped
1/4 teaspoon dry mustard
1/2 cup mayonnaise
1/4 teaspoon worcestershire sauce
1 cup bread crumbs
6 tablespoon butter

I personally like to add 1 ts of Old Bay seasoning to this and cut back a little on the salt.

Trying to preserve whole pieces of crabmeat, combine first 8 ingredients in medium bowl. Using 1/3 - 1/2 cup for each cake, shape mixture into 6 cakes. Gently coat cakes with breadcrumbs; place cakes on plate and refrigerate 2 hours. Melt butter in 10" skillet. Brown crab cakes in butter until golden on both sides and heated through. Cakes will keep in refrigerator 3-4 days and in the freezer 2 months. To reheat, wrap in foil and warm in preheated 325 degree oven for 10 minutes or refry in a skillet with a little butter.

Chilled Trout In Dill Sauce

4 whole cleaned trout
1 (each about 1/2 lb.)
1 basic poaching liquid

1 parsley sprigs
1 lemon wedges
1 cup sour cream
4 teaspoon lemon juice
3/4 teaspoon salt
1/2 teaspoon dillweed

----BASIC POACHING LIQUID----

1 medium onion (sliced)
6 whole black peppers
2 whole allspice
3 tablespoon lemon juice or white wine
1 vinegar
1 bay leaf
1 teaspoon salt
1/2 cup dry white wine (or water)
1 quart water

About 3-4 hours before you intend to serve, poach trout in basic poaching liquid (recipe and directions follow). When done, transfer to a serving platter and let cool; then cover and chill.

About 10 minutes before serving time, remove cover from fish and, holding fish in place with wide spatula, drain off and discard any juices that might have collected on platter. Wipe platter and garnish with parsley sprigs and lemon wedges.

In a bowl, combine sour cream, lemon juice, salt and dill weed. Mix thoroughly. Serve sauce in small serving bowl to spoon over fish.

Basic Poaching Liquid In a poaching pan or 3-quart pan, combine onion, whole black peppers, whole allspice, lemon juice or white wine vinegar, bay leaf, salt, dry white wine (or water), (you will need just enough to cover fish pieces, so amount of water and wine may be varied accordingly). Cover and simmer ingredients for at least 20 minutes.

Recipe may be doubled or tripled if larger amounts are needed (if so, simmer ingredients for 30 minutes to 1 hour). Poaching liquid may be reused several times - it will simply acquire more flavor, the more often it is used. However, liquid should not be stored in the refrigerator longer than 2 days; freeze in an airtight container if longer storage is necessary. **How to Poach** Bring poaching liquid to a boil in poaching pan on top of the stove. Lower fish into simmering liquid - there should be just enough liquid to cover fish; if not, add equal parts water and dry white wine (or all water) just to cover fish. Reduce heat, cover, and simmer gently (water should never be allowed to boil).

Cook until fish flakes readily when prodded in thickest portion with a fork - for a 1-inch thick piece of fish (measured in thickest portion), allow 10 minutes from the moment simmering resumes after fish has been added. (Allow same ratio of thickness to time - 1 inch: 10 minutes - for fishes of all thicknesses.) When, done, lift fish from liquid with a wide spatula, supporting it with cheesecloth if necessary. Drain well; then open cheesecloth carefully and gently remove it from fish.

Chinese Crab Rice

- 1 stephen ceideburg
- 2 green onions, chopped
- 1 piece fresh ginger, 2-3 cm, grated
- 4 tablespoon dry sherry
- 3 tablespoon light soy sauce
- 3 blue crabs
- 400 gm glutinous rice
- 1 tablespoon soy sauce
- 1 tablespoon oil
- 1 teaspoon sugar

The Chinese have comfort food, too, and this dish qualifies. You will need a large steamer; if you don't yet have one, they can be bought cheaply in large Chinese or Vietnamese food stores where you can also pick up the glutinous rice. The dish takes considerably longer to

cook than the previous recipes but little more of the cook's time. By the time the rice is cooked, it is saturated with crab flavour.

Finely chop 2 green (spring) onions and grate 2-3 cms of fresh ginger. Combine them with 4 tablespoons dry sherry and 3 tablespoons light soy sauce. Prepare three green blue swimmers crabs. Chop two of them into several pieces with a large knife or cleaver and crack the hardest pieces of the shell with a hammer. Crack the third crab thoroughly all over but do not chop up. Pour the sherry-soy sauce mixture over the crabs and leave to marinate for an hour. Wash 400 grams glutinous rice in several changes of water until the water runs clear.

Put the rice into a saucepan and pour over it 1.5 L water. Bring to the boil and boil for 5 minutes. Drain.

In the bottom of a heatproof dish at least 12 cm deep and of a size to fit into your steamer, pack in the chopped crab pieces, reserving the marinade. Pour the rice over the top and pack it down. Press the intact crab into the top of the rice. To the marinade, add a further tablespoon soy sauce and a tablespoon oil, teaspoon salt and 1 teaspoon sugar. Pour over the crabs and rice.

Put the dish in the steamer over boiling water and steam for 35-40 minutes. Serve. Diners deal first with the top crab, now half buried in rice, then fish around, for the rest of the crab pieces in rice.

Chinese Steamed Cracked Crabs

1 crab, live in the shell, about 2 po; unds
2 green onions, bruised and cut in ha; lf
2 quart sized slices of ginger
1 tablespoon shao hsing wine or dry sherry
1 ginger, green onion and vinegar dip; ping sauce
4 tablespoon finely shredded green onion
2 tablespoon finely shredded ginger, preferably; young ginger
1/4 teaspoon sugar
1/2 teaspoon salt

5 tablespoon vinegar
3 1/2 tablespoon peanut oil

It's crab season here in the San Francisco bay area. Heap and heaps of luscious Dungeness crabs are showing up all over the place. Steamed or live++take your pick! I was in Oakland's Chinatown last weekend shopping at the Sam Yick grocery and saw a couple of boxes of still-kicking Blue crabs for a buck seventy-nine a pound. Good eatin' ahead!

Kill and clean the crab. Place it, top shell down, on a heat-resistant plate. Scatter the onion, ginger and wine on top of the crab. Put the crab and plate into a preheated steamer. steam over high heat for 15 minutes. Remove and cool.

Disjoint and crack the crab and arrange on a platter. Dip the meat into the dipping sauce and eat with green onions and ginger. Use the tip of the leg to dig out the meat.

Serves 2 as a light meal.

GINGER, GREEN ONION and VINEGAR DIPPING SAUCE Scatter green onions in a shallow saucer. Top with the shredded ginger. Sprinkle sugar and salt evenly over the ginger. Pour the vinegar over the ginger. Heat the oil until it's hot but not smoking, and pour it over the mixture. It should sizzle lightly. If it is too hot, let it cool.

Makes about 2/3 cup.

----FILLING----
1 mushrooms, inoki, - julienne
1 carrot, julienne
1 mushroom, shitake, - julienne
1 celery, julienned
1 salt (to taste)
1 pepper (to taste)
1 oil, for frying
----BRAISING SAUCE----
1 lemon grass, white part - only, min; ced
2 tablespoon shallot, minced

2 tablespoon rice wine
2 tablespoon fish sauce
1 teaspoon sesame oil
2 tablespoon broth, chicken
1 teaspoon sugar
1 rice, cooked
1 cilantro (garnish)

Preparation: =====

First julienne the mushrooms and vegetables into thin, short strips. Set aside.

Cut the salmon steak in half. Take each half and slice it most of the way through horizontally so the two pieces fold back on a hinge like a hamburger or hot dog roll.

Prepare a braising glaze by mixing the "sauce" ingredients above in a small bowl and stir and set aside.

Assembly: =====

Into each of the two salmon "sandwich" pieces, add a touch of salt and pepper to taste and then add portions of Shitake, and Inoki mushroom, celery and carrot as filling for the "sandwiches."

Close up the "sandwiches" and set aside.

To Cook: =====

In a small saute pan, heat a bit of peanut oil over high heat until it begins to smoke and then put the salmon sandwiches in to brown both sides (about 1 minute each side.)

When both sides are browned, add the braising sauce to the salmon. Cover and braise over medium heat until the salmon is done (2 to 3 minutes).

Transfer the cooked salmon sandwiches to a serving plate and serve with cakes of sticky rice and garnish with julienne fans of Szechuan pickle.

Top with drippings from the saute pan, and pieces of Cilantro.

Clam And Olive Dip

- 1 can black olives, drained
- 1 can chopped or minced clams, drained
- 1 pint sour cream
- 1 salt
- 1 powdered garlic
- 1 cayenne pepper

Open can of olives. Eat a handful, just to make sure. Eat a few more. As long as you leave at least half the can, you've got enough. Chop them up. Add the chopped olives to the rest of the ingredients, stir, and chill for 2 hours before serving.

Quantities on the spices are left to you.

Btw, if you have never tried cream cheese and chopped olive sandwiches, let me recommend them. Soften a package of cream cheese, add small can chopped olives and a teaspoon or so of lemon juice. Stir well and spread. Gutsy eaters add turkey.

Cold Crabmeat Nacho

24 oz cream cheese
2 tablespoon mayonnaise; the real thing
1 dash tabasco
1/4 cup green onions; minced
1/4 cup celery; coarsely chopped
1 dash paprika
1 salt and pepper, to taste
1 can black olives; finely chopped (16 oz. c
1/2 lb crabmeat; flaked
1 nacho cheese flavor doritos

The best way to prepare this recipe in a food processor, because it chops the ingredients finely enough and blends them together for you. But if a food processor is not handy, you can use a blender and a chef's knife. It will still come out great, no matter how you do it!

First, mix the cream cheese to a pasty consistency. It has to be soft and pliable. Then, in a large mixing bowl, whip together the cheese and the mayonnaise until the mixture is smooth. Toss in the Tabasco at this point and blend it in, too. Next, add the minced onions, the celery, the seasonings, the finely chopped black olives, and the crabmeat. Just put them all together -- it's not necessary to add them one at a time. But it is necessary to blend them all gently. If you get rough, you'll smash the ingredients and you'll lose the crispness.

When you're ready to serve, lay out the whole bag of Doritos on a pizza pan and stuff each one, heaping on the crabmeat mixture and sprinkling the tops with paprika. To increase the flavor, put the stuffed chips in the refrigerator for an hour or two. Author's note: ...While crabmeat is used in the original dish, you can also substitute chopped shrimp or crawfish for the crabmeat, and the basic mix is also excellent for stuffing avocados, tomatoes, celery stalks, and just about anything your taste dictates. Note from me: I don't care for Nacho Cheese Flavor Doritos but instead these are great with the unsalted style chips you get with salsa at Mexican restaurants.

Season with lemon juice, mustard and Worcestershire sauce. Add most of the fish stock and place in mold in the refrigerator to congeal. Serve with mayonnaise and crackers. Also for: Any edible fish. Cold Trout In Aspic

6 trout
1 salted water
4 cup quick fish aspic
1 green onion stems and
1 hard-cooked egg whites
1 (sliced thin) for decorating

Cook the trout in simmering salted water for 4 to 6 minutes, or until the fish flakes easily when tested with a fork. Place on a wire rack. Make two diagonal incisions on one side of the fish a few inches apart. Pry under the skin and peel it off, leaving the head and tail intact. Chill the fish.

Spoon chilled but still-liquid aspic over fish.

Make a flower design on the skinned portion of fish as follows: Use trimmed green parts of onions as stems. Cut the egg white slices with a paring knife to simulate flower petals. Dip the decorations with

still- liquid aspic and arrange on the fish. Chill.

Cover with layers of aspic as desired, chilling after each layer is applied. To serve, garnish the fish platter with chopped aspic and serve with mayonnaise.

Cold Trout In Orange Marinade

- 3 trout (about 3/4 lb each),
- 1 gutted and scaled but with
- 1 heads and tails left on
- 1/2 cup extra virgin olive oil
- 1/2 cup flour, spread on a plate
- 2 tablespoon onion, chopped very fine
- 1 cup dry white italian vermouth
- 2 tablespoon chopped orange peel, using
- 1 only the rind, not the pith
- 1/2 cup freshly squeezed orange
- 1 juice
- 1 freshly squeezed juice of
- 1 one lemon
- 1 salt
- 1 freshly ground black pepper
- 1 1/2 tablespoon chopped parsley

1. Wash the gutted, scaled fish in cold water and pat thoroughly dry with paper towels. 2. Put the oil in a skillet and turn on the heat to medium. When the oil is hot, lightly dredge both sides of the fish in flour and slip into the skillet. Don't overcrowd the pan; if all the fish does not fit loosely at one time, cook it in batches, dredging it in flour only at the moment you are ready to put it into the pan. 3. Brown the fish well on one side, then turn it and do the other, calculating about 5 minutes on the first side and 4 minutes on the second. Using a slotted spatula or spoon, transfer the fish when browned to a deep serving dish broad or long enough to accommodate all of it without overlapping. Do not pour out the oil in the skillet. 4. With a well-sharpened knife, make two or three diagonal cuts on both side of the fish. be careful not to tear the skin, and avoid cutting into the flesh. 5. Put the chopped onion into the skillet that still contains the oil in

which you cooked the fish. Turn on the heat to medium and cook the onion until it becomes colored a pale gold. 6. Add the vermouth and the orange peel. Let the vermouth bubble gently for about 30 seconds, stir, then add the orange juice, lemon juice, salt, and a few grindings of pepper. Let everything bubble for about half a minute, stirring two or three times. Add the chopped parsley, stir once or twice, then pour the entire contents of the skillet over the fish in the serving dish. 7. Allow the fish to steep in its marinade at room temperature for at least 6 hours before refrigerating. Plan to serve the fish no sooner than the following day. Do serve it within 3 days at the latest to enjoy its flavor at its freshest. Take it out of the refrigerator at least 2 hours before bringing to the table to allow it to come to room temperature. Before serving, garnish it, if you like, with fresh slices of orange. ~--

Creamy Seafood Pasta Salad

12 oz medium shell pasta
1 lb mixed seafood (scallops, squid
1 shrimp, and/or firm white
1 fish fillets) cut into 2
1 pieces
1 1/2 cup diced sweet red peppers
1 cup diced sweet green peppers
3/4 cup diced red onions
3/4 cup thinly sliced carrots
1/2 cup chopped green onions

----DRESSING----

1 cup 2% yogurt
1/3 cup light mayonnaise
1/2 cup chopped fresh dill or
1 1 1/2 tbs dried
2 tablespoon lemon juice
2 teaspoon crushed garlic
1 teaspoon dijon mustard

1. Cook pasta in boiling water according to package instructions or until firm to the bite. Rinse with cold water. Drain and place in serving bowl. 2. In medium nonstick skillet sprayed with vegetable spray, saute seafood just until cooked, approximately 3 minutes. Set aside. 3. Add red and green peppers, onions, carrots and green onions to pasta. Add seafood. 4. Make the dressing: In small bowl combine yogurt, mayonnaise, dill, lemon juice, garlic and mustard. Pour over pasta. Toss and chill TIPS: firm fish filets can be used with or instead of mixed seafood. Be careful not to over cool. Grilled fish instead of sauteed makes an excellent variation. Make ahead>> Pasta salad and dressing can be prepared early in day. Do not toss until ready to serve. From Rose Reisman Brings Home Light Pasta.

 ----SWEET SAUCE----

 1/2 cup water

Here's another of the Winners series. This one might be a bit time consuming, but there aren't any really exotic ingredients and, unless you get into garnishing it the way it shows in the book, not too much hassle. These are "mock" chicken legs++ a minced mixture of meat and seafood rolled up and deep fried. I'd use the rice paper option for wrappers as they are readily available, at least around here. The basket garnish is an incredibly fussy little number actually woven from strips of potatoes. I'd use the two sieve potato nest trick for that part if I bothered at all. The small crabs that go into the basket really are small crabs++ about two inches across the shell. They look neat, but add nothing to the dish aside from that.

Establishment. Bui Hang Village Restaurant hotel Miramar) UG/F., Princess Wing, Hotel Miramar, 130 Nathan Road, @Tsimshatsui, Kowloon.

Chinese Cuisine Practical Class Platinum Award - Meat "South of the Yangtse River Crispy Leg" sounds prosaic in English, but to a Chinese the geographic description has many happy associations++ scenic beauty, ancient traditions, a land where poets found peace. The promise of crispy legs in the dish evokes the image of Cantonese favorite - crispy chicken drumsticks yet the diner senses that there is a surprise treat in the dish.

1. Optional basket garnish: Steam crabs and put aside. Form potatoes into basket shapes. This can be done by peeling them into long strips, which are then interwoven', and sealed with cornstarch paste. Deep-fry baskets over medium flame until golden. 2. Slice all filling ingredients at an angle, and cut into diamond shapes (which creates a better texture). Season with seasoning mixture. 3. Slice bamboo shoots into 12 strips each 5 cms long and 0.5 cms wide. 4. Divide pork caul lining into 12 triangular pieces (large enough to wrap "legs"). Cut ham into 24 strips. On to each pork caul lining lay one sprig of coriander, 2 strips of ham, and 1/12 of the diamond-cut filling ingredients. Place one strip of bamboo shoot on top, with half of it left outside wrapping. Fold and mould each filled pork

caul lining into leg shape. 5. Mix coating ingredients with 2 tbs water, and coat each "leg" with the paste. 6. Mix Hoisin sauce with water, and simmer till thickened.

To cook Carefully slide "legs" into medium-hot oil (sufficient to deep-fry all twelve at same time), with folded "leg" ends facing centre of wok. Deep-fry for 3 minutes, then increase heat a little and continue deep- frying for a further 3 minutes.

To present 1. Lay "legs" on a paper doily in serving dish, arranging the potato baskets and crabs as a central garnish. 2. Serve the Hoisin sauce mixture on the side. Simple to prepare and serve. If you like, use tuna, small cooked shrimp or even deviled ham in place of the crab.

Preheat broiler. Combine crab, lime or lemon juice, lime peel, green onion, parsley, Worcestershire sauce, mustard and hot-pepper sauce. Taste and adjust seasonings. Brush melted butter on toast rounds and arrange in a single layer in a broiler pan. Top each round with a portion of the crab mixture, then with 1-1/2 tsp cheese. Broil until cheese is melted and crab mixture is hot. Makes 16 appetizers.

Title: CURING OF HOME-GROWN OLIVES~ GREEK STYLE

Categories: Greek, Info/tips, Ethnic

Yield: 1 Servings

If you own an olive tree and do not want to go through the complicated process of leaching olives with chemicals, follow one of these ancient Greek methods to get rid of the bitterness.

SALTING METHOD: Place washed olives in a wicker basket or a plastic container with holes. Cover with medium-coarse salt. Set basket in sun and protect with a cheesecloth cover. Twice a day for a week, toss olives to redistribute them, until the bitter fluid is drawn from them. Bring olives in at night to prevent mold.

WATER METHOD: Cover washed olives with a solution of salt water - 1 cup salt to each quart water - in a crock or glass jar. Place a weight, such as a small plate or washed rock, to keep olives submerged. Olives may remain in this brine for months. Marinate in Olive Marinade before serving.

Curried Salmon Steaks

4 each steaks salmon
1/4 cup butter
2 cup cream sour
1 pepper to taste
1 cup onion chopped
2 tablespoon curry powder
1 salt to taste
1 curry to taste

Saute onions in butter until transparent. Remove from pan. Mix some flour, salt, pepper and curry into a powder and sprinkle all sides of the salmon. Add butter to pan and saute salmon until done. Remove and keep warm. Return onions to pan. Heat then slowly add the curry and when mixed, slowly stir in the sour cream. Heat the sauce but do not boil. Pour the sauce over the salmon and serve immediately.

Curried Salmon With Poppadoms

213 gm canned alaska salmon (pink or red)
2 tablespoon mayonnaise
2 tablespoon natural yogurt or- sour cream
1 lime; juiced
2 teaspoon medium hot curry paste (or more, if; desired)
2 pickled dill cucumbers - chopped
1 avocado; peeled and chopped
1 red apple core removed and chopped
1 salt to taste
2 tablespoon vegetable oil
6 poppadoms

Drain the can of salmon and flake the fish. Set aside.

Mix together the mayonnaise, yogurt, lime juice, curry paste, dill cucumber, avocado and apple. Season lightly and stir in the salmon flakes.

Heat the oil in a frying pan and fry each poppadom, not too rapidly or they will lose their shape and curl up unevenly. Cook until they are crisp and the edges have curled up. Pile equal amounts of the salmon curry onto each poppadom and serve on individual plates, garnished with a little salad and lime slices.

Serves 6. Approx. 240 kcals per serving

Cuttlefish With Spinach

1 karen mintzias
750 gm cuttlefish or squid

1/3 cup olive oil
1 water
1 salt
1 freshly ground black pepper
750 gm spinach
1 cup chopped spring onions
1/2 lemon (juice only)

Cuttlefish (souples) as distinct from squid (kalamaria) are preferred for this dish, though either may be used. Cleaning cuttlefish can be a rather messy business as these marine molluscs have an ink sac from which the pigment sepia is obtained. The sac ruptures easily and is usually ruptured by the time you purchase them, so don't be put off by their colour - the ink rinses off easily.

Rinse cuttlefish or squid and remove head, attached tentacles and intestines; discard intestines. Pull out cuttle bone or fine transparent bone if squid is being prepared. Pull off fine skin and rinse. Remove eyes and beak from head, leave head attached to tentacles and pull or rub off skin from tentacles, or as much skin as will easily come off.

Slice hood or body into strips. If squid are large, slice head and tentacles - cuttlefish tentacles are usually small and these are left intact. Place prepared cuttlefish or squid in pan and set on medium heat. Cover and cook for 15 minutes in its own juice. Add half the oil, just enough water to cover, and salt and pepper to taste, cover and simmer gently for 45 minutes or until tender.

Meanwhile trim spinach and wash thoroughly. Drain well and chop leaves and stalks coarsely.

Heat remaining oil in a separate pan and gently fry spring onion until soft, add spinach and stir over heat until it wilts. Add spinach mixture to cuttlefish or squid with lemon juice and adjust seasonings with salt and pepper. Cover and simmer for further 10-15 minutes. Serve hot.

Easy Clam Sauce With Low-Calorie Version

6 1/2 oz can minced or diced clams see note
1 tablespoon olive oil
1 clove garlic minced
1 tablespoon oregano or basil -- or
1 mixture
1/4 teaspoon salt
1 few grinds of pepper

* drain juice into small saucepan, and set clams aside.

Add garlic and seasonings to clam juice, bring to a simmer, and let cook while the pasta cooks. Drain pasta and return to pot in which it was cooked. Remove juices from heat, add clams, and pour over cooked pasta. Toss well and let stand a few minutes so juices can permeate the pasta well before you serve it. I understand that it is not chic to use grated parmesan or romano cheese with a seafood sauce, but we love romano on this. These canned clams must not be cooked--they turn into rocks if you do.

Eddy's Oyster Loaves

3 small loaves french bread
1/2 teaspoon garlic powder
2 tablespoon melted butter
3 doz fresh oysters
2 tablespoon melted butter
1 milk

First, almost split the loaves lengthwise, leaving a hinge. Scoop out the soft middle and save the crumbs. Then add a 1/2 tsp of garlic powder (not salt) to 2 Tbls melted butter, and brush the cavities.

Next, drain the oysters and save the liquid. Saute' them in the rest of the butter till the edges curl - about 5 minutes. Put the oysters into the loaves, mix the crumbs you saved with the oyster liquid you saved, and add them, too. Shut up the loaves now. STOP HERE.

Then wrap them in cheesecloth dipped in milk, twisting the ends and tucking them under the loaf. Bake them on a baking sheet for half an hour at 350^ . Cut them in half before you serve them.

6 servings

(Note from the book: Eddy was a San Franciscan who owned a bar and made small oyster loaves for his married male customers to take home to their wives. These were pacifiers. But Eddy is dead now, and Mother must pacify herself. This is good for a special lunch. I also know a family who has it traditionally as Christmas Eve supper.)

Eggplant Stuffed With Oysters

2 large eggplants, split lengthwise
2 jars (10 ounces each) oysters
3 tablespoon olive oil
1 1/2 cup finely diced onion
2 large garlic cloves, minced
1/2 teaspoon herbes de provence
1/2 teaspoon creole seafood seasoning
2 tablespoon dry white wine
1 1/2 cup fresh bread crumbs
1 tablespoon minced chives
1/4 cup grated parmesan

Creole-style seafood seasoning blends are sold in most markets; you can use a mixture of salt and red, white and black peppers.
Chesapeake- style seasonings, such as Old Bay, are another option.

Bake the eggplant halves in a 400F oven until just tender. Scrape out the pulp, leaving a shell about 1/2 inch thick attached to the skin. Discard any big clumps of seeds and chop the pulp coarsely. Drain the oysters, reserving the liquor. Chop oysters into bite-sized pieces.

Heat the oil in a skillet; add the onion and garlic and cook until the onion softens. Add the herbs and seasoning mix, then stir in the oyster liquor and wine. Reduce slightly, then stir in the eggplant pulp, bread crumbs, oysters and chives. Cook for 1 minute, then taste for seasoning and adjust to taste. Spread the mixture evenly in the eggplant shells and top with Parmesan. Return to the oven and bake until nicely browned.

Fiery Catfish Fingers

1 cup yellow or coarse ground mustard or; a combination
1 egg white lightly beaten
2 teaspoon tabasco pepper sauce

1 1/2 lb catfish fillets, cut into bite sized strips
1/2 cup yellow cornmeal
1/2 cup all-purpose flour
1/2 teaspoon salt
1/4 teaspoon freshly ground black pepper
1 quart vegetable oil

In the South Folks grow up loving catfish, which is plentiful in the bayous and rivers. Now it's farm-grown, and northerners are discovering its mild and versatile flavor. We coat bite-size fingers of catfish fillets with plenty of Tabasco sauce and deep-fry them for a knock-your-socks-off appetizer.

Filet Of Beef & Oysters

4 filet mignon steaks
2 tablespoon butter or olive oil
1 quart oysters, reserve liquid --
1 shucked
2/3 cup white wine to deglace
2 garlic cloves -- thinly
1 sliced
1 juiced lemon
1 tablespoon chopped parsley
1 salt and pepper to taste

Pan fry the filets in the butter or olive oil until rare or medium rare over medium to med. high heat. For me, about two minutes per side is fine. Use a non-stick pan. Remove the filets to a serving plate, reserving the pan drippings in the frying pan.

Deglace the pan with the white wine. Add the thinly sliced garlic and the lemon juice. Add the oysters and the oyster liquid and simmer for approx. 6 - 8 minutes until the oysters are just cooked; until the edges of the oysters are just beginning to curl. Do not over-cook!

Carefully remove, with a slotted spoon, the oysters and arrange around and over the filet, reserving the liquid in the pan.

Put the remaining liquid back on the stove-top, over med/high heat and reduce to half. The sauce will slightly thicken. At the last minute add the chopped parsley, salt and pepper. Be very careful with the salt as the oysters and liquid have a salty flavor.

Pour the sauce over the filets and oysters, garnish with parsley and serve. Sounds weird but WOW!!! it's good.

Filleted Trout With Macadamia Nuts And Fried Capers

- 4 tablespoon butter
- 1 splash of dry white wine
- 2 trout filleted
- 1/4 cup fish stock, or half clam
- 1 juice, half water
- 1 salt and fresh pepper
- 1/4 cup macadamia nuts, sliced
- 3 tablespoon heavy cream
- 1 oil for deep frying
- 1/8 teaspoon tomato sauce
- 2 tablespoon capers

A very special way a doing trout fillets, inspired by a dish created by chef Seppi Renngli at the Four Seasons. In a skillet large enough to hold the fillets melt about 3 tablespoons butter and, when almost sizzling, add

trout. Saute on one side for about 3-minutes, turn, cover for a minute, and then saute the other side. A total of 6-7 minutes should do it.

Salt and pepper the fish and remove to a warm place, add nuts for a moment to the pan to toast, then toss over the trout fillets.

Meanwhile, in a separate small, sturdy pan, heat enough oil so that a small strainer can be lowered into it.

Let capers drain in the strainer.

Returning to the trout pan, splash in tablespoon or two of wine, then add stock and cream and boil down rapidly, stirring in just a taste of the tomato paste and a little more butter. When reduced and slightly thickened, spoon this little bit of pan sauce over the fillets.

Now quickly lower the capers into the almost smoking oil. Let them sputter and sizzle a few seconds, then remove the strainer and shake free of oil. Distribute fried capers in neat piles at either end of the fillets and serve immediately.

Blue, mackerel, salmon, steelhead, trout, and other fatty fish except tuna.

Caution: Eviscerate fish within 2 hours after they are caught. Keep cleaned fish on ice until ready to can.

Fish A La Lyle

- 3 eggs
- 1 splash of milk
- 1 pkg golden dipt breading mix
- 4 cup bread crumbs
- 1 garlic powder, salt and pepper to taste
- 1 vegetable oil to fry
- 4 fillets of fish (perch, walleye pik; e, etc)

"Here's my quick and dirty recipe to cook fresh fillets...

Soak your fish in a pan of milk first, overnight if you have time.

Mix the eggs in a bowl with just a splash of milk. Mix in equal portions Golden Dipt Fish Style breading and 4 cups of bread crumbs. Note -- do NOT read the Golden Dipt box, mix it dry with the bread crumbs.

Add garlic powder, salt and pepper to taste. For older men (Pat) use more garlic powder... this really does help (g).

Put about 3/4 inch of oil in a frying pan and heat for about 10 minutes on medium/high or until water sizzles when splashed in the grease (carefully).

Take your fillets from the pan of milk and dip it in the egg/milk mixture. Then take it from there to the dry batter and make sure that the entire fillet gets a good coating. Place it in the pan of hot oil until golden brown. After you have repeated the process for all of the fillets, eat your heart out!!"

Fish Broth With Oysters & Saffron

1/4 cup butter, unsalted
1 medium onion, coarsely chopped
1 1/2 carrots ***
3 celery ***
2 small leeks ***
6 parsley stems
2 garlic, cloves, crushed, - peeled
2 bay leaves
1/2 teaspoon juniper, berries
1 large tomato, cut into wedges
3 lb bones, fish, and trimmings
1 cup wine, white, dry
6 cup water, cold (approximately)
1/4 teaspoon salt (or to taste)
4 clams
8 oysters, shucked
1 oz mung bean threads **
8 radicchio leaves
1/4 teaspoon saffron threads

** Soak the mung bean threads (also called cellophane noodles) in hot water for twenty minutes. Drain, and cut into 2-inch lengths. Set aside.

*** Split the carrots, celery and leeks lengthwise in half. Clean, peel, and slice the vegetables into 1/2-inch-thick slices.

Melt the butter in a stockpot over medium-high heat. Add the onions, carrots, leeks, parsley, garlic, bay leaves and juniper berries, tossing the mixture well to coat with butter. When the vegetables begin to sizzle, reduce the heat to medium low and cover. Cook, covered, stirring occasionally, about 10 minutes.

Add the tomato to the stockpot and stir for 1 minute. Add the fish bones and trimmings and white wine. Cook this mixture for 5 minutes, stirring occasionally. Add cold water to cover and raise heat to medium high. Bring to a boil, skimming all of the froth from the surface as it forms. Immediately lower heat and simmer gently, uncovered, for 35 to 40 minutes. Strain the mixture, pressing the solids firmly to extract all liquid. Discard the solids. Add salt to taste.

Heat 4 cups fish broth in a saucepan. Steam clams separately in small amount of broth just until shells open, removing each shell as it opens. Transfer to 4 warm soup bowls; strain clam broth into warm fish broth, avoiding any grit at the bottom.

Add oysters to fish broth and cook gently over low heat, uncovered, just until edges curl, about 1 minute. Place 2 oysters in each bowl. Ladle warm broth into bowls and add 2 tablespoons mung bean threads. Add radicchio leaves and saffron and serve.

1 large onion, coarsely chopped (1/4 inch; pieces)
3 celery stalks, coarsely chopped
2 cup clam juice, fresh, canned or bottled
1 tablespoon fresh ground black pepper
1 tablespoon marjoram
1 tablespoon thyme

Add the onion and when it's caramelized, add the garlic, celery and potatoes. Let each brown a little before the next is put in. Add the butter if needed. On a low heat add 1 cup of clam juice, white wine, corn and all the spices. Simmer a few minutes to reduce slightly. Add the remaining clam juice, clams and fish, simmer another 5 minutes max. Salt lightly if necessary with coarse salt. Add light cream, when its starts to simmer its chow time! Serves 4

If you want to make chowder without the clams then make a fish stock to substitute for the clam juice. Into one quart cold water add a 1/2 cup of white wine, a small celery stalk, a few sprigs' parsley, a bay leaf, a pinch of thyme, 1/2 a small onion, a pinch of coarse salt, a few peppercorns and the head, tail and bones of any fish. Reduce it

until you have about 2 cups (about 20 minutes) of stock. Strain liquid into a few bowls temporarily.

Fish Fillets With Tomatoes Capers & Olives

1 stephen ceideburg
1 1/2 lb fish fillets *
1 tablespoon fresh lime juice
1/4 teaspoon salt
1 1/2 teaspoon vegetable oil
1 1/2 teaspoon olive oil
1 medium onion, thinly sliced
45 oz good-quality tomatoes, lightly drained
2 cloves garlic, minced
12 meaty green olives, pitted and coarsely chopped
2 tablespoon large spanish capers
2 medium pickled jalapeno chilies, sliced plus:
1 tablespoon pickling juices
3/4 teaspoon dried marjoram
3/4 teaspoon dried thyme
2 tablespoon finely chopped parsley **

- 3 bay leaves
- 1 one-inch cinnamon stick
- 2 whole cloves
- 1/4 teaspoon black peppercorns, cracked
- 1 fish broth, bottled clam juice or water; later salt (opt)

* like boneless and skinless red snapper or halibut, in 6 1 1/2-inch thick piece. ** plus a few sprigs for garnish

Rinse fillets, place them in a non aluminum dish and sprinkle them with lime juice and salt. Cover and refrigerate for 1 hour. In a large nonstick skillet, heat oils over medium heat, add onions and cook, stirring frequently, until golden, about 5 to 7 minutes.

Cut tomatoes into 1 inch pieces and place them in a bowl, collecting the juices as you go.

Add garlic to onion and cook for a minute or so, then add tomatoes. Simmer for 5 to 10 minutes, or until most of the liquid has evaporated. Divide olives and capers between two small bowls and set one aside to use for garnishes. To the other bowl, add jalapenos, pickling juice, marjoram, thyme and chopped parsley. If you don't want bay leaves, cinnamon, cloves and pepper in the finished sauce, wrap them in cheesecloth and tie with a string, otherwise add them directly to the olive mixture.

Add the olive-herb mixture to the tomatoes, along with fish stock, clam juice or water. Simmer, covered, for 10 minutes, then taste, adding salt if necessary. Remove the cheesecloth bag, if using, and the bay leaves.

Remove fillets from marinade and rinse. To cook on the stovetop, place them in the skillet, covering them well with sauce. Cover and cook over medium heat for 4 minutes. Turn the fillets over, cover and cook for 2 to 3 minutes longer, until they flake when pressed firmly with a fork at the thickest part.

Alternatively, to bake, preheat oven to 350 degrees F. Place the fillets in a single layer in a lightly oiled baking dish. Spoon the sauce over them, cover with aluminum foil and bake for 10 to 15 minutes, or just until the fish flakes when pressed firmly with a fork at the thickest part. Serve garnished with reserved olives, capers and parsley.

Fish In Mandarine & Parsley Sauce

1 stephen ceideburg
2 to 4 mandarines
4 fish fillets
4 to 8 mandarines, juice only
1 piece fresh ginger, grated, 2 cm
1 cup chopped fresh parsley
2 large onions, chopped
2 to 3 cloves garlic, chopped
3 tablespoon olive oil

Use any good meaty fish fillets for this dish. Grate the mandarine peel with a light hand on a sharp grater or it will tear.

Grate the zest of 2-4 mandarines (depending on size). Place 4 fish fillets (about 800g) in a large dish and pour over them the juice of 4-8 mandarines mixed with 2 cm fresh ginger, grated. Cover and leave in the refrigerator, turning occasionally, for up day or at least one hour.

Finely chop 1 cupful or more of fresh parsley, 2 large onions and 2-3 large cloves of garlic. Heat 3 tablespoons of olive oil in a medium size saucepan, add the parsley, onion and garlic mixture, cover the pan and sweat gently, stirring from time to time, until the onion is almost melting.

Heat the grill to very hot, drain the mandarine fish mari- nade into to onions and add the zest. Simmer the onions and marinade, uncovered, until the excess liquid disappears. Puree in a food processor, blend or sieve and add salt and pepper to taste. Reheat gently. Meanwhile, dry the fish fillets, brush them with olive oil and grill them for a couple of minutes on each turning only once, until the fish flakes at its thickest point. Serve with the sauce.

- 1 ; removed from stems
- 1 italian parsley; handful
- 1 black pepper; fresh ground
- 1 fresh fish filets or steaks
- 1 ; (thick halibut or salmon

Place the garlic, rosemary, oregano, parsley and black pepper in a food processor and chop coarsely. Rub both sides of desired fish and place in a glass baking dish. (Do not add any salt or acids such as lemon juice or vinegar at this time!) Add the oil and turn the fish a couple of times. The fish should be nearly or completely submerged in the oil. For best results, the fish should be covered and refrigerated overnight. You may also marinate it for a few hours.

To cook, pat off the excess oil and lightly salt to taste. Grill, broil, or bake to your liking. Do not over cook! Serve with lemon wedges. The leftover herbed oil can be refrigerated for a few day and reused only for fresh seafood preparation.

TIME ESTIMATE: Hands on, 45 minutes COST ESTIMATE: Low

Without a doubt, this is England's most famous dish. Always deep fried, the fish is mostly cod, and the batter made with eggs, milk and flour. Liberally salted, the fish and chips are traditionally doused with malt vinegar and wrapped in newspaper, so that everything goes limp. My recipe is designed not to flaunt tradition, but to make the taste available to those who count fat grams for good reason. My

method delivers this "grease heaven" for a mere 13 grams of fat per serving...or 23 percents calories from fat. The peas are definitely not "classic" -t hey simply don't behave well in a newspaper...but then who does?

Helpful Hints BIG CHIPS. The bigger the better! We experimented for some time with the idea that the larger the french fry the lower its fat content would be. It's simply a matter of exposed surface area. By cutting a large russet potato lengthwise into three slices both ways, you'll get nine potato sticks between 1/2" and 3/4". When they are cooked, you'll experience a completely new and fabulous taste - potato, almost free of grease. DIRECTIONS: THE CHIPS: Preheat the oven to 500F. In a large frying pan, heat the oil and fry the potato sticks until brown on all sides - about 13 minutes. Transfer the potatoes to a roaster pan and bake for 10 minutes. Remove from oven and sprinkle with the salt. THE FISH: In a small bowl, combine the cornmeal, bread crumbs, cayenne, salt, parsley and dill. Spread the mixture out on a large plate. Pour the milk, flour and oil out, each onto its own large plate. Set all 4 plates side by side. Dip the fillets first into the milk and then into the flour, turning until completely covered. Next dip the fish back into the milk, then into the bread crumb mixture and through the oil. Place the breaded cod on a baking sheet and bake for 8 minutes (you can time the fish to cook for the last 8 minutes with the chips.) THE PEAS: In a medium saucepan, bring the water to a boil and simmer the peas, salt, mint and sugar until the peas are tender - about 3 minutes. TO SERVE: Divide the fish and chips among 4 dinner plates. I serve this classic with a "handy" wedge of lemon (easy to squeeze), peas and watercress. It's the combination of golden browns and vivid greens and lemon yellow that makes such a great picture.

Fish Piccata

----INGREDIENTS----

- 1 each 9-12 ounces snapper fillets,
- 1 skinless catfish fillets or
- 1 other fish.
- 1 salt and pepper
- 1 tablespoon flour
- 1 tablespoon butter or margarine
- 2 tablespoon lemon juice
- 2 tablespoon minced parsley
- 1 garnish: 4 thin slices lemon

----PREPARATION----

Cut fish into serving-size pieces. Season lightly with salt and pepper. Dredge in flour, shaking off excess. Measure thickness of fish at thickest part to estimate the cooking time. Allow 10 minutes per inch of thickness.

Heat butter in a nonstick skillet over moderate heat until it bubbles. Add fish and cook three minutes. Turn fish and continue cooking until fish just begins to flake when tested with a fork.

Remove to warm plates. Add lemon juice and parsley to pan. Cook 30 seconds, stirring to loosen contents of pan. Pour over hot fish. Garnish with lemon slices. Makes two servings.

Fish Pie

700 gm white fish
1 shallot
2 tablespoon dry white wine
2 eggs
450 ml milk
30 gm butter
30 gm flour
4 tablespoon chopped parsley
700 gm mashing potatoes
150 ml hot milk
60 gm butter
1 salt & pepper
50 gm shrimps/prawns or
1 other shellfish and/or
50 gm mushrooms

Wash the fish, which can be a mixture, or one single type, of cod, hake, haddock, smoked haddock etc etc. and dry more or less. Chop the shallot and put half of it into a buttered micro-wave dish. Put fish on top, and sprinkle with remaining shallot, a little salt and pepper and the dry white wine. Cover loosely with cling film, pierced in two or three places and microwave on full power for about 5 mins, or until the fish is just cooked.

Meanwhile, peel, quarter and boil the potatoes, hard boil the eggs, and make a white sauce with the first lot of butter and milk, and the flour. (I use a little bit of maggi cube to make it into a bechamel ~ more or less. If using mushrooms, wipe them, and cook lightly in a little extra butter. If using shrimps or prawns, cook them if needed, then shell them.

As soon as the fish is cool enough to handle, flake it into a bowl, taking care to remove any bones. Add the coarsely chopped hard boiled eggs, and such of the optional ingredients as you are using.

Add the liquid exuded by the fish during poaching to the white sauce, and cook down gently until the original volume is reached again. An alternative way of dealing with this liquid, is to cook it down to a near syrup, then add it to the white sauce - it has the same effect, but needs a little more care. Taste carefully for seasoning, and then add chopped parsley. Gently fold fish flavoured parsley sauce into flaked fish and put the mixture into a pie dish of suitable capacity.

When the potatoes are done, drain them and mash. We use a potato ricer, which works very well. Add the second quantity of butter and the hot milk, stir briefly, season to taste and mix gently, taking care not to develop the gluten. Spread the mashed potato over the fish mixture, and if you like, make a bit of a pattern with a fork or

knife.

*May be cooked ahead to here

If not required immediately, allow to cool uncovered, then cover and refrigerate until wanted. Don't keep for more than a day or so, especially if using shrimps/prawns. When required, remove from fridge and cook in pre-heated moderate oven 375°F 190°C until the mixture is bubbling and the top is browned 25-40 mins depending on whether it was still warm when put into oven or had been refrigerated.

- 2 garlic cloves; peeled - finely chopped
- 28 oz can italian plum tomatoes - undrain; ed

- 1/2 cup bottled clam juice
- 1/2 cup dry white wine

 - 2 thyme sprigs
 - 1 strip of lemon peel
 - 1 large sprig of fennel fronds
 - 4 black peppercorns
 - GARNISH----
- 1 chopped fresh fennel or
- 1 chopped fresh parsley

*Or perch or cod.

**To make the garlic croutons, cut crusts from thick, day-old bread. Cut bread into large cubes. Spread a cookie sheet with garlic oil - either oil in which whole garlic cloves have been steeped, or oil that has been heated gently with a cut garlic clove, pressing on clove to release oils. Toss croutons in the garlic oil, then bake at 400 F., turning often, 8 to 10 minutes, until golden brown.

If frozen, unwrap fish and allow to stand at room temperature for 15 to 20 minutes, or until soft enough to cut. With a sharp knife, cut into 2" cubes.

Meanwhile, heat oil in a large, heavy saucepan. Add prepared onions, carrots and celery and saute, stirring, 3 to 5 minutes over medium heat. Add garlic and saute another 1 or 2 minutes. Add tomatoes (and

their juices), stock and wine. Tie bouquet garni spices in a cheesecloth bag and attach with string to pot handle for easy removal. Place in tomato-wine mixture and let come to a boil, uncovered. Boil 5 to 10 minutes, then reduce heat to low. Add fish cubes and cover pot. Simmer 15 minutes or until fish flakes easily with a fork.

Serve on top of garlic croutons in heated bowls, garnished with chopped fennel or parsley.

Yield: 4 to 5 servings.

Fish Stock

2 lb fish heads and bones
1 cup dry white wine
1 large onion, sliced
1 large carrot, scrubbed, unpeeled, and
1 sliced
1 each bouquet garni
1 salt to taste
5 cup water

Fish stock is simmered longer than court bouillon, but rarely for more than 20 minutes. Most chefs feel that a longer cooking time makes the stock bitter.

Place all the ingredients in a large heavy kettle and simmer over low heat for 20 minutes, skimming if you wish.

Strain through a cheesecloth lined strainer.

Fish Stuffed Peppers With Orzo

8 large chiles, or
8 long, slender sweet peppers, or
4 large bell peppers
1 lb rockfish or lingcod filet
1 tablespoon minced garlic
1/2 teaspoon salt
1 tablespoon lemon juice
1/2 teaspoon ground coriander seed
1 freshly ground pepper to taste
3 tablespoons extra-virgin olive oil
1/2 cup loosely packed basil leaves
2 oz orzo, rosmarino or other rice-sized; dry pasta
3 garlic cloves, sliced
1 1/2 cup seeded, coarsely chopped tomato
2 tablespoons extra-virgin olive oil
1 roast, peel and seed the peppers

Rinse the fish, pat dry and cut into pieces to fit comfortably inside each pepper. Combine minced garlic and salt in a medium bowl and mash to a paste with the back of a spoon.

Add the lemon juice, coriander, pepper and 1 tablespoon olive oil and stir to combine. Bruise 3 or 4 of the basil leaves and add them to the marinade. Add the fish pieces, toss gently to coat evenly, and marinate for 1 to 2 hours.

Cook the pasta until just done, drain, and rinse with cold water.

Warm the peppers (loosely covered to prevent drying) and serving plates in a low oven.

Heat 2 skillets over medium-high heat, 1 for the fish (nonstick if possible) and 1 for the sauce. Remove the fish from its marinade and add it to the dry skillet.

Add the remaining 2 tablespoons olive oil to the other skillet, add the sliced garlic and cook until it begins to color. Immediately add the tomatoes and pasta and toss to coat evenly. Add the basil leaves, remove from the heat, and season to taste.

Spread the contents evenly on the plates and lay the peppers on top. As the fish pieces are done, tuck them inside the the peppers. Drizzle or brush the tops of the peppers with the extra-virgin oil and serve.

Fish-Stuffed Bean Curd

1/4 lb white fish filets (such as rockfish; or turbot)
2 teaspoon minced green onions
1 teaspoon soy sauce
1/4 teaspoon cornstarch
1/4 teaspoon salad oil
1/4 teaspoon sesame oil
1/8 teaspoon salt
1/8 teaspoon sugar
1/8 teaspoon liquid hot pepper seasoning
1 dash pepper
1 pkg tofu (about 22 oz)
1 salad oil

3 cloves garlic, minced
1/2 head iceberg lettuce, cut in 2 inc; h, squares
1/4 cup frozen peas, thawed
4 oz whole mushrooms
1 cup chicken broth
1 tablespoon cornstarch
2 teaspoon soy sauce
1 tablespoon water

Finely chop fish. Mix with green onion, soy sauce, cornstarch, salad oil, sesame oil, salt, sugar, hot pepper seasoning and pepper, set aside. Cut tofu block crosswise in four equal slices, then cut each slice in half diagonally. Place in a colander and let drain for 15 minutes, then place between paper towels and gently press out excess water. Change paper towels several times until they no longer soak up any moisture. On widest side of each triangle, cut a pocket to within 1/2 inch of edges. Gently stuff each pocket with about 1 1/2 t fish filling. In a wok or deep pan, pour oil to a depth of about 1 1/2 inches and heat to 350 degrees. Add several bean curd triangles at a time and fry, turning once, until golden on all sides (about 4 to 5 minutes). Remove from oil and drain on paper towels. Cool, cover, and chill, if made ahead. In wide frying pan, heat 1 T salad oil over medium-high heat. Add garlic and cook, stirring, just until it begins to brown. Add lettuce, then stir and cook just until lettuce begins to wilt (about one minute). Stir in peas and mushrooms; top with stuffed tofu. Pour broth over tofu, cover, and simmer over low heat for 8 minutes (15 minutes if chilled). Stir together cornstarch, soy and water. Push tofu away from one side of pan and stir soy mixture into broth; cook, stirring carefully so as not to break the tofu, until sauce bubbles and thickens.

Fishy Fries

213 gm canned pink alaska salmon
100 gm plain flour
1 salt and pepper; to taste
1 tablespoon vegetable oil
150 ml skimmed milk or water
2 egg whites
1 sunflower oil (for deep fat frying)
----TO SERVE----
1 spicy tomato sauce; and/or
1 tartar sauce to serve

Drain the can of salmon and flake. Set aside.

Put the flour into a bowl along with the seasoning and vegetable oil. Gradually beat in the milk or water until smooth and thick.

Whisk the egg whites until they are stiff and fold these into the batter along with the salmon flakes. Heat the oil for frying in a deep fat fryer, over a moderate heat. Carefully drop tablespoons of the salmon batter into the hot oil. (It is better to cook the salmon fries 4-5 at a time depending on the size of your fryer. Keep the prepared ones warm in a low oven whilst cooking the rest.)

Turn each salmon fry over after about 45 seconds to brown the other side. Use plenty of oil for frying as the batter will need to rise and move about the pan to cook properly. When golden brown all over, remove from the oil with a slotted spoon and drain on absorbent kitchen paper. Serve the fries hot with tomato sauce or tartar.

Fiskepudding Eller Fiskefarse (Fish Pudding O

1 tablespoon butter; soft
2 tablespoon bread crumbs; dry
1 1/2 lb cod or haddock; skinned and boned
1/2 cup light cream and
1 cup heavy cream; combined
2 teaspoon salt
1 1/2 tablespoon cornstarch

"To make an authentic Norwegian fish pudding - white, delicate and sponging in consistency - you should begin with absolutely fresh white fish. The pudding is served weekly in Norwegian homes, usually hot, with melted butter or a shrimp sauce (see recipe). Cold and sliced, it is also excellent as part of an open-faced sandwich." With a pastry brush or paper towel, spread the bottom and side of a 1 1/2 quart loaf pan or mold with 1 tablespoon of soft butter and sprinkle the mold with 2 tablespoons of dry bread crumbs. Make sure the crumbs are evenly distributed and tap out any excess. Cut the fish into small pieces and place a few pieces at a time in a blender, along with a couple of tablespoons of the combined creams to facilitate pur,eing. Blend at high speed, turning the machine off after the first few seconds to scrape down the sides of the jar with a spatula. Continue to blend, one batch at a time, until all of the fish is a

smooth pure. As you proceed, use as much of the cream as you need to form this smooth pure. Place the pured fish in a large mixing bowl, beat in 2 teaspoons of salt and the 1 1/2 teaspoons of cornstarch and slowly add any of the cream that was not used in the blender, beating vigorously until the mixture is very light and fluffy. Pour into the prepared mold and bang sharply on the counter to settle the pudding and eliminate any air pockets. Smooth the top with a spatula. Preheat oven to 350°F. Butter a sheet of tin foil and seal it tightly around the top of the mold. Place the mold in a baking pan and pour into the pan enough boiling water to come 3/4 of the way up the sides of the mold. Set the pan in the middle of the oven for 1 to 1 1/4 hours, regulating the heat if necessary so that the water simmers but does not boil; if it boils, the pudding will have holes. When the top of the pudding is firm to the touch and a toothpick or skewer in the middle comes out dry and clean, the pudding is done. Remove the mold from the oven and let rest for 5 minutes. Pour off all excess liquid in mold, run a sharp knife around the inside, place a heated platter on top and holding the mold and plate together, quickly invert the two to remove the pudding from the mold. Clear the place of any liquid with paper towels and serve the fiskepudding while still hot.

TO MAKE FISH BALLS: Prepare the fish in the blender as described above. Chill the pured fish in the mixing bowl for about 30 minutes, then roll about 1 tablespoon of the fish in your hands at a time, to make 1" balls. Refrigerate them, covered with wax paper, until ready to cook. Poach these fiskefarse by dropping them into 3 or 4 inches of barely simmering salted water for 2 or 3 minutes or until firm to the touch. Scoop them out with a slotted spoon, drain thoroughly and serve as part of a fish soup (see recipe). Makes 60 fish balls.

Fiskesalat Med Pepperrotsaus (Fish Salad W/Hot)

2 lb halibut or cod fillet; cold boiled (see recipe)
 4 tablespoon horseradish root; freshly grated -or-
 4 tablespoon prepared horseradish
 1 pint sour cream
 1 teaspoon salt
 1/8 teaspoon white pepper
 2 tablespoon onion; finely chopped
 1 teaspoon white vinegar
 3 tablespoon dill; fresh, finely chopped
 1 medium head lettuce; preferably boston
 2 eggs; hard-cooked, sliced
 3 tomatoes; peeled & cut in wedges

If you are using bottled, prepared horseradish, drain it through a fine sieve, pressing out the excess juices with a wooden spoon or

squeeze it dry through a kitchen towel or double thickness of cheesecloth. In a large mixing bowl, combine the horseradish, sour cream, salt, pepper, onions, vinegar and 2 tablespoons of the chopped dill. Break the fish into 2" chunks and carefully fold it into the sour-cream dressing with a rubber spatula. Marinate for at least 30 minutes in the refrigerator, then arrange the fish, sauce and all, on a bed of dried, chilled lettuce leaves. Garnish with the sliced eggs and tomato wedges and, just before serving, strew the remaining tablespoon of chopped dill over the salad.

Gratineed Oysters With Diced Apples In A Calvados Sabayon

1 cup heavy cream
3 egg yolks, lightly beaten
2 tablespoon calvados
16 oysters in the half shell
2 apples; peeled and finely diced
1 lemon

In a small bowl place the heavy cream and whisk it for 3 to 5 minutes, or until it is softly whipped. Add the egg yolks and the Calvados, and whisk them in.

In each oyster half shell place the diced apple. Place the oyster meat on top. Cover it with the cream mixture.

Gravlax (Salmon Marinated In Dill)

3 lb fresh salmon fillet; center cut, cleaned & scaled
1 large bunch dill; fresh, whole
1/4 cup kosher salt (coarse, or regular is; necessary)
1/4 cup sugar
2 tablespoon white peppercorns (or black) crush; e, d

Cut the salmon in half lengthwise and remove the backbone and the small, freebones, as well, or ask your fish dealer to do it for you. Leave the skin on. Place half of the fish, skin side down, in a deep

glass, enamel or stainless steel baking dish or casserole. Wash and then shake dry the bunch of dill and place it on the fish. (If the fill is of the hothouse variety and not very pungent, chop the herb coarsely to release it's flavor and sprinkle it over the fish instead.) In a separate bowl, combine the salt, sugar and crushed peppercorns. Sprinkle this mixture evenly over the dill. Top with the other half of the fish, skin side up. Cover with foil and set a heavy plate or platter on top of it, slightly larger than the salmon. Weigh it down with cans or jars and refrigerate for at least 3 days, up to 7 days. Turn the fish over every 12 hours or so, basting with the liquid marinade that accumulates, separating the halves a little to baste the salmon inside. Replace the platter and weights each time. When the gravlax is finished, remove the fish from it's marinade and scrape away the dill and seasonings. Pat dry with paper towels. Or leave the dill and seasonings in place. Place the separated halves skin side down on a carving board and slice the salmon thinly on the diagonal, detaching each slice from the skin. Gravlax is served as part of a smorgasbord or as an appetizer and is usually accompanied by a mustard-dill sauce (see recipe). When gravlax is presented as a main course, it is garnished with lemon wedges as well as the mustard-dill sauce and served with toast and perhaps a cucumber salad.

Grilled Fish In Banana Leaf

3 garlic cloves
1 teaspoon black peppercorns
2 tablespoon chopped fresh coriander root
1 slice fresh ginger, quarter-sized crush; ed -
1 1/2 tablespoon soy sauce
2 lb whole snapper =or=- striped bass -=; or=-
4 whole trout
1 large banana leaf (or more if needed)
1 vegetable oil (for oiling leaf)
----CHILE LIME SAUCE----
3 small green serrano chiles seeded and f; i, nely chopped
3 garlic cloves
2 tablespoon fresh coriander leaves
1 teaspoon sugar
1/4 teaspoon salt
1/2 cup fresh lime juice
1/3 cup chicken stock

This recipe illustrates the popular use of banana leaves as a food wrapper in Asia. Aluminum foil works well as a substitute.

IN A MINI-FOOD PROCESSOR, add the garlic, peppercorns, coriander root and ginger; process into a fine mince. Transfer into a mortar and pound into a smooth paste; add soy sauce and blend thoroughly. Clean

fish and pat dry with paper towel. Rub garlic mixture over entire fish; set aside for 30 minutes. Choose a banana leaf about 6 inches longer and 3 times wider than the fish. Rinse leaf with cold water to clean. Plunge leaf into a pot of boiling water for a few seconds to soften. Wipe dry. Using a knife or scissors, remove the thick spine in the leaf. Place the leaf with its glossy side down on a work surface. (Use more leaves if needed.) Brush oil on the leaf where the fish will lie. Set the fish with the marinade on the oiled surface. Fold over the wide sides overlapping at the top and secure with toothpicks. Turn over package, fold over ends to enclose sides, and secure ends with toothpicks to make a neat parcel. Set packet about 3 inches above medium-high heat coals and grill each side for 8 to 10 minutes. NOTE: If using trout, marinate the 4 fish together. Wrap each 1 individually and reduce the grilling time to about 3 minutes on each side. Serves 4 as part of an Asian multicourse menu. Transfer to a serving plate. Open leaf and serve with accompanying sauce.

CHILE LIME SAUCE: In a mortar or a mini-food processor, add the chiles, garlic, coriander leaves, sugar and salt; pound (or chop) into a smooth paste. Put chile mixture into a saucepan with lime juice and stock; bring ~--

Grilled Fish Tacos

1 no ingredients

Recipe by: Rich McCormack <macknet@CTS.COM> Marinate shark or fish fillets (tuna, swordfish, halibut, mahi-mahi, or whatever) in lime juice and salsa picante (as "picante" as you wish) for about 30 minutes. Grill the fillets on a charcoal, electric, or gas BBQ grill (or a ribbed cast iron "grilling" pan on a stove top), sprinkling both sides with Rich's pico de gallo spice mix (see above) during the grilling. The grill can be brushed with olive, corn, or peanut oil to keep the fish from sticking. When done, slice the fish into approx. 1/2 inch slices and serve as above.

To be honest, when I suggest fish tacos to visiting friends or relatives from out of the So. Calif. area, I usually get some sort of a response such as "you ain't gonna put no fish on MY taco." But those who try 'em usually like 'em...

BTW -- Have you ever tried fish enchiladas? Mmmmm...mmm, muy bueno

Remove and discard husks from tomatillos; rinse tomatillos. Thread onto skewers. Brush some of the oil lightly onto onion slices. Rinse fish and pat dry. Brush fish with remaining oil.

Place tomatillos, onion, and chilies on a barbecue grill (high heat). Cook, turning as needed, until vegetables are browned, 8-10 minutes. Set aside to cool.

Place fish on grill (med-high heat). Cook, turning once, until fish is opaque but still moist-looking in thickest part (cut to test), 10-14 minutes.

Remove stems from chilies; remove seeds (if you want less heat). In a blender or food processor, whirl tomatillos, chilies, lime juice, 1/4 c cilantro, and garlic until smooth. Chop onion. Add the chopped onion to salsa mixture, and salt and pepper to taste. Pour into small bowl.

Grilled Rudderfish With Maltese Sauce

- 1 stephen ceideburg
- 1 tablespoon olive oil
- 1 large chopped onion
- 4 cloves garlic, chopped
- 400 gm peeled tomatoes with juice
- 1 tablespoon lemon juice
- 1 salt and pepper to taste
- 2 tablespoon capers
- 1 small lemon, zest only
- 1 tablespoon finely chopped fresh mint
- 4 serving size pieces rudderfish

Good capers are essential to this dish. If possible, visit a deli whose owners are of Mediterranean extraction and buy bulk capers which have been packed in salt. Rinse them to remove the salt before using. If you have to use the more readily available capers bottled in a vinegar solution, blot them dry of vinegar before using.

In a tablespoon of olive oil. gently fry a large onion, chopped. until

transparent. Add 4 cloves of garlic, crushed or finely chopped, and cook for a minute or so longer, then add a 400 g tin of peeled tomatoes, chopped, together with their juice, 1 tablespoon lemon juice and salt and pepper to taste. Simmer for about 20 minutes, then add 2 heaped tablespoons of capers, the zest of a small lemon and a tablespoon of finely chopped fresh mint. Simmer again until the sauce is thick. Meanwhile heat the grill to very hot, dip 4 serving-size pieces of rudderfish in olive oil and put them under the grill for 3-5 minutes, turning once if using a conventional grill. You may not need to turn the fish at all if you have a fan assisted grill.

Spoon the sauce onto warmed plates, add the fish and serve, preferably with good bread to ensure no sauce is wasted.

Grilled Salmon With Lemon & Thyme

4 lb salmon fillet; skinned
3 tablespoon cognac
1/4 cup lemon peel; minced
2 tablespoon shallot; minced
1 1/2 tablespoon kosher salt
1 1/2 tablespoon sugar, brown
1 tablespoon thyme, fresh; minced
3/4 teaspoon pepper

Place salmon fillets on heavy large baking sheet. Rub Cognac over both sides of fish. Mix together all remaining ingredients in small bowl. Rub over both sides of fish. Cover with plastic wrap. Top with another baking sheet. Weight with heavy object. Refrigerate at least 6 hours or overnight.

Prepare barbecue (medium-high heat). Grill fish until cooked through, about 3 minutes per side. Transfer to plates and serve.

Note: Bon Appetit recommends a sturdy red wine, such as a Beaujolais from Moulin-a-Vent. They also recommend serving with sauteed zucchini. You could also diagonally slice thickly some zucchini with peel left on and brush with butter, lemon and thyme mixture and grill next to the fish; a Griffo grill would help but if you sliced the zucchini thick enough and on a strong enough diagonal, I don't think you would have problems with it falling through the grill. Some fresh steamed green beans with butter and freshly ground pepper would also be good.

Grilled Salmon With Potato & Watercress Salad

- 3 lb small red thin-skinned
- 1 potatoes
- 1 cup thinly sliced red onion
- 1 cup seasoned rice vinegar
- 1 about 1/2 pound watercress
- 1 rinsed and crisped
- 1 salmon fillet, about 2 lbs.
- 1 tablespoon soy sauce
- 1 tablespoon firmly packed brown sugar
- 2 cup alder or mesquite wood chips
- 1 soaked in water
- 1 salt

In a 5-to 6-quart pan, bring about 2 quarts water to a boil over high heat; add potatoes. Cover and simmer over low heat until potatoes are tender when pierced, 15 to 20 minutes. Drain and chill.

Soak the onions about 15 minutes in cold water to cover. Drain and mix onions with rice vinegar. Cut potatoes in quarters; add to onions.

Trim tender watercress sprigs from stems, then finely chop enough of the course stems to make 1/2 cup (discard extras or save for other uses). Mix chopped stems on a large oval platter with potato salad alongside; cover and keep cool.

Rinse salmon and pat dry. Place, skin side down, on a piece of heavy foil. Cut foil to follow outlines of fish, leaving a 1-inch border. Crimp edges of foil to fit up against edge of fish. Mix soy sauce with brown sugar and brush onto the salmon fillet.

Lay fish on center of grill, not over coals or flame. Cover barbecue (open vents for charcoal) and cook until fish is barely opaque in thickest part (cut to test), 15 to 20 minutes. Transfer fish to platter with salad. Add salt to taste. Serve hot or cold.

Hurry Tuna, Please

----INGREDIENTS----

- 1 large 12-1/2-ounce can white

- 1 or light meat tuna, drained
- 2 tablespoon vegetable oil
- 1 apple; cored and chopped
- 1 small onion; chopped
- 1/2 teaspoon curry
- 3 tablespoon flour
- 1 cup chicken bouillon; (that's one cube of bouil
- 1 (8-ounce) package egg
- 1 noodles; cooked & drained
- 1 or
- 1 cup cooked rice

THIS MEAL IS IMPOSSIBLE TO WRECK AND QUICK TO MAKE

Fry the apple and onion in a little oil until lightly cooked. Add flour and slowly stir in milk and bouillon. That will make a lumpy white sauce. (The lumps are from the apple and onions and are not your fault.) Add tuna, breaking it up well, and sprinkle in the curry. Mix well. Serve over hot noodles which take nine minutes to cook and should have been started back while the apples and onions were cooking. If time is not a problem, serve this over rice. (Now that should have been started BEFORE the apples and onions.)

Italian Fish Soup

- 1/2 cup olive oil
- 3 leeks, cleaned and sliced, white part only
- 2 cloves of garlic diced fine
- 1 yellow onion, peeled and chopped
- 1 cup chopped celery
- 1 cup fresh mushrooms, sliced
- 6 cup fish stock, clam nectar or water
- 1 cup italian tomato sauce
- 1 cup dry white wine (maybe soave)
- 1 cayenne pepper to taste
- 1 lb white fish boneless fillet, cut into small pieces

- 2 lb combined, of any or all of the following:
- 1 clams, soaked in fresh water 1 hour, then drained
- 1 crab,
- 1 shrimp,
- 1 mussels, scrubbed with the beards removed

Serves 8

(don't leave these out they are cheap, tasty and attractive) You can buy a 1/4 or 1/2 lb. of several items. Even if shrimp is \$6 per lb. 1/4 lb. is affordable and will add flavor and variety.

Chopped parsley for garnish

Saute the leeks, onions, celery, garlic and mushrooms until the onions are clear. Add the stock, nectar or water, tomato sauce and white wine. Bring to a heavy simmer and taste. Add the cayenne pepper and salt to taste.

Prepare the seafood and add to the pot, remembering to add first those things which take longest to cook. The various shellfish go in with the shells on.

Simmer until done. Serve in large bowls over spaghetti. By adding extra fish such as a lobster per person this will become a meal instead of a soup.

Italian Oyster Corn Chowder

1 cup orzo pasta
3 cup clear chicken broth
1/4 cup minced fresh parsley
1/2 cup chopped leeks
1/4 cup minced prosciutto
1 salt and white pepper, to taste
1 1/2 cup fresh or frozen corn
2 tablespoon unsalted butter
2 1/2 cup light cream (optional)
1 pint maryland oysters with their liquor

Cook the orzo according to the directions on the package and set aside.

Place the chicken broth, parsley, leeks, prosciutto, salt and pepper in a large sauce pan. Simmer until the leeks are tender, or about 2 minutes. Add the corn, butter, cream and oysters with their liquor. Simmer for 3 to 5 minutes longer and add the cooked orzo. Stir and serve immediately.

Judi's Notes: Serve as a salad or eat as a sandwich.

As suggested by the author, I made a couple of open faced sandwiches

with crusty french bread using this mixture. It was delicious. I mixed a little olive oil, lemon juice, and a clove of minced garlic together and spread it on the bread, then placed the tuna mixture on top. It serves 2 people but found the amount not to be enough. Double ingredients if you are hungry! Adapted recipe from: Salads by Leonard Schwartz.

Jumbo Lump Crabcakes~ Cucumber Carrot Salad A

1 make the base:
1 cup soy oil
1/2 cup chopped onion, small dice
3/4 cup chopped peppers (red, green and yel; low), s
3 egg yolks
1/4 cup fresh lime juice
1/4 cup dijon mustard
1/2 tablespoon tabasco
1 tablespoon vietnamese fish sauce
1 lb jumbo lump crabmeat, uncleaned
1 1/2 tablespoon each of fresh dill, chives and pars; ley, cleaned,
1 stems
1 1/2 cup fresh bread crumbs (crusts removed)
1 cup japanese bread crumbs, (panko)
1 tablespoon freshly ground white pepper
2 eggs
1 vegetable oil for sauting

Method: Pre-heat the oven to 350 degrees. In a sauce pan over medium heat, place the oil, onions and peppers, and simmer until the vegetables are tender, about 7 minutes. Combine the 3 egg yolks, lime juice, mustard, Tabasco, fish sauce in a large bowl. Remove the oil and vegetables from the heat. Slowly pour into the yolk mixture, whisking constantly. Begin by pouring with small splashes, incorporating the oil completely before adding more. The heat of the oil will cook the yolks as you go, and you should end up with a hollandaise-like sauce when all the oil has been blended. Return the saucepan to the heat for 30 seconds, whisking constantly to insure that sauce is fully incorporated. Set the saucepan down over a bowl of ice and whisk to cook quickly. Refrigerate the sauce covered, until it is well-chilled. Make the Chipotle Sauce: 2 chipotle peppers in 1 tablespoon. adobo sauce 1 tablespoon chopped garlic 1 tablespoon chopped shallots 1/2 cup of cilantro, washed and roughly chopped 1/2 cup seasoned rice vinegar 1 lemon, juiced 2 cups soy oil Process all the ingredients, except for the soy oil. With the machine running, add the oil in a slow stream until the sauce is emulsified. Taste. Add more oil if necessary. Reserve. Make the crab cakes: Pick over crab meat to remove any shell pieces. Add the herbs and gently toss, taking care not to break up the crab. Add two or three heaping tablespoons of the chilled sauce base to the crab and gently combine. Add enough of the bread crumbs to bind the crab mixture. Check to see that the mixture is moist (the bread crumbs will absorb moisture as the crab mix sits) and add more sauce or bread crumbs as needed. Add the white pepper and taste for seasoning. Form the crab into little cakes, about 2 inches in diameter. In a separate bowl, beat the eggs. One at a time, coat each crab cake with egg. Then coat with Japanese bread crumbs. Heat 1/4 of vegetable oil in a large saute pan over medium heat. SautJing in batches, brown the crab cakes on both sides and reserve on a platter. Place in a pre-heated 350 degree oven for 2-3 minutes to heat through, and serve. Make the Nuoc Cham Sauce 2 small cloves garlic, peeled and chopped 1 Serrano chiles, seeded and chopped 2 tablespoons sugar 1/4 cup rice vinegar 1 tablespoon lemon juice 1 tablespoon lime juice 1/4 cup Vietnamese fish sauce 1/2 cup soy oil 1/2 small red onion, peeled and thinly sliced 2 whole medium carrots, peeled 1 large turnip, peeled and sliced into matchsticks using a mandolin 1 gourmet cucumber, scored and split 3 tablespoons fresh mint, chiffonade Cut the vegetables and make the salad . Blend salad ingredients and toss in 1/2 cup of Nuoc Cham Sauce. To Serve: Artfully arrange the salad at one end and two crabcakes at the other. Drizzle the Chipotle sauce in between the two in a zig zag pattern. Wine Suggestion: Sauvignon Blanc. Yield: 12 crabcakes, or 6 first course servings. Posted to MC-Recipe Digest V1 #1

- 1 medium yellow onion; chopped
- 8 green onions

I usually scoop the tomato insides out with a large melon baller attempting to keep the outside shell of the tomato as intact as possible. Dice the removed insides and place the diced tomatoes and their shells in the refrigerator while proceeding with the recipe. Soak the salt salmon after cleaning. Change the soaking water occasionally to drain off most of the salt. After 3 to 5 hours of soaking remove all of the skin and the bones. Cut the salmon into small pieces and placed in a bowl. Add the diced tomatoes and also add the yellow onion which has been chopped into fairly small pieces. Cover the mixture with ice cubes until

ready to serve. Chop the green onions very small and place them on top of the tomato mixture that you will place in the tomato shells to serve. Just as you serve the shells add a little crushed ice. FROM: THEODORE SEDGWICK (XPST31A)

Microwave Seafood Paella

3 green onions
3/4 cup short-grain rice (such as valencia,; arborio or pearl
1 long grain rice
1 can stewed tomatoes (16 oz.)
1 can low-salt or regular chicken broth (; 14 1/2 oz.)
3/4 teaspoon dry thyme
1/4 teaspoon pepper
1/2 teaspoon salt (optional)
2/3 cup frozen petite peas (do not thaw)
8 live blue mussels or
8 small live green shell mussels
6 oz raw medium shell-on shrimp
3/4 lb orange roughy, cut into 1 inch pieces

Finely slice green onions; reserve 1/4 cup of the green tops for garnish.
In a deep microwaveable casserole bowl or 8 cup measure, combine onions, rice, tomatoes and their liquid, broth, thyme, pepper and salt (dish needs to be twice the height of these combined ingredients).

Cover dish tightly and microwave on high (100% power) for 16 minutes, rotating the dish a quarter turn halfway through cooking.

Remove the dish from microwave; stir in peas. Arrange mussels and shrimp alternately around the edge of dish, sticking mussels upright into the rice mixture and shrimp head down and tail toward center (they do not need to be completely covered with liquid). Arrange fish pieces in an even layer in center, on top of the rice mixture.

Cover and microwave on high until most of the fish has turned opaque throughout and mussels open, 5 to 8 minutes more. Mixture will look saucy. Let stand, covered, about 3 minutes for fish to finish cooking. Serve in wide shallow bowls and sprinkle with reserved green onions over each serving. Makes 4 servings.

Mock Fish Buddhist

1 large potato; cooked, peeled and sliced
2 tablespoon flour
1 peanut oil; for frying
1 small onion; sliced
1/2 lb snow peas
10 wood ears; soaked to soften, tough
1/2 teaspoon salt
1/2 teaspoon sugar
1/3 cup water

Sprinkle potatoes with flour and deep-fry until golden. Drain and set aside. Pour off all but 2 tablespoons of the oil, reheat and add onion. Stir-fry 10 seconds and add snow peas and wood ears. Stir-fry another 10 seconds and add salt, sugar and water. Bring to rapid boil, stirring constantly, and cook until peas are just tender crisp. Add reserved fried potato slices, heat through and serve.

Wood ears are a type of mushroom or shelf fungus. When soaked it has a crunchy, gelatinous texture with little taste. If you can't find them, I imagine that you could use the dried mushrooms although they wouldn't give exactly the same effect. A closer substitute would be dried jellyfish, but if you're somewhere that sells dried jellyfish, I'm sure that they have wood ears as well...

Oyster & Brie Soup

2 sticks unsalted butter
 1 cup celery, chopped
 1 cup onion, chopped
 1/2 teaspoon white pepper
 1/2 teaspoon cayenne pepper
 1/2 cup all-purpose flour
 1 lb brie cheese, cut into small
 1 wedges, skin off
 6 cup cold water

1/2 cup champagne
1/4 cup dry sherry

In a large soup pot, melt one stick of butter. Add the celery, onions, white pepper and cayenne. Stir and cook over low heat until vegetables begin to soften.

Over low heat in another pan, make a roux by combining 8 tablespoons melted butter and the flour to make a base for thickening the soup. Cook at least 2 minutes, stirring constantly, so the floury taste is eliminated. Add the roux and the cheese to the soup pot. Add the water, cream, oysters and their liquid. Oysters In Champagne Sauce

24 raw oysters - in shell
----CHAMPAGNE SAUCE----
1 1/2 tablespoon unsalted butter
1 1/2 tablespoon flour
1/2 cup oyster juice - from above
1/2 cup champagne - or other dry sparkling; wine
1/4 teaspoon celery seed - ground
1 freshly ground white pepper
2 cup rock salt - or coarse salt for the; broiler pan

* 2 cups rock salt - or coarse salt for the broiler pan

DIRECTIONS

PREPARATION: Open the oysters as instructed in previous recipe ("Opening Oysters in the Microwave"). Measure 1/2 cup of the strained cooking liquid and reserve.

CHAMPAGNE SAUCE: Melt the butter in a 1-quart glass or ceramic

measure or bowl, uncovered, on high for 2 minutes. Stir in 1/2 cup reserved oyster juices and Champagne and cook, uncovered, on high, stirring twice during cooking, for 4 minutes or until thickened. Recipe can be made to this point a few hours ahead.

COOKING AND SERVING: Heat the broiler with rack set at its highest level. Stir celery seed and white pepper to taste into the sauce. Spread 2 cups of coarse or rock salt in the bottom of a broiler pan to steady oysters. Nestle reserved shells into salt. Put each oyster in a shell and thoroughly coat the tops with sauce. Put under preheated broiler until just golden, about 2 minutes.

Makes 4 first-course servings.

NOTE: This is a simple and elegant classic. You can prepare the oysters and sauce ahead in the microwave, and then broil for a minute or two just before serving. The obvious wine to serve is Champagne. If you choose another dry sparkling wine to drink instead, use the same one in the sauce.

Pan Fried Black Bass With Maitre D'hotel Sauce

----MAITRE D'HOTEL SAUCE----

1/2 clove garlic, smashed
1/4 cup butter
1/2 teaspoon salt
1 tablespoon lemon juice

1/4 cup yellow cornmeal
4 1-lb. bass, dressed and
1 and skinned
1/4 cup flour
4 tablespoon butter

This recipe includes a very simple sauce that enhances sauteed, broiled or baked fish. It can be made in camp if you brought parsley and usually impresses any old "fried fish angler."

Make the sauce first.

In a bowl set the butter out to soften. Then cream it with a fork and then a spoon until it is light and fluffy. Work in the salt and pepper. Mix the smashed garlic and the lemon juice, then work this liquid into the butter. Take a bit of time to do this.

Mix in the parsley and serve in a gravy boat with a spoon.

Pan fry the bass remembering to brown the fish on both sides but not to over cook.

Serve hot on hot plates and pass the sauce.

Portugal: Fish Stew (Caldeirada De Peixe)

- 1/2 lb fish; whatever available or sh
- 2 pinch salt
- 4 tablespoon olive oil
- 2 onions; chopped
- 8 tomatoes; peeled & chopped
- 1 green pepper; seeded & chopped
- 4 large cloves garlic; crushed
- 1 pinch nutmeg
- 1/2 teaspoon ground allspice
- 3 teaspoon piri-piri sauce see recipe
- 1 small glass dry white wine
- 1 handful coriander leaves; chopped
- 4 slices of bread with the crusts cut off

This is a real fisherman's stew, dependent on whatever the boats have brought in. The spices and herbs give the dish its special Portuguese identity.

Clean the fish and cut into fairly small pieces, removing as many bones as possible. Sprinkle the salt over the fish and leave while you make the following sauce. Heat 2-3 Tbsp of the oil in a saucepan and stir in the onions, tomatoes and pepper. Cook gently until they start to soften, then put in the garlic, nutmeg, allspice and piri-piri sauce. Add the wine and a little water. Cook for about 5 minutes, stirring frequently, then remove from the heat. Lightly oil the bottom of a shallow, ovenproof dish (preferably earthenware). Put in a layer of fish followed by a layer of sauce and sprinkle with coriander. Continue with these layers until the ingredients are used up. Cover the top of with the bread and sprinkle well with the remaining oil or dot with a little butter. Cook in a pre-heated oven at 350 degrees F. for about 30 minutes or until the fish is tender. Serve with boiled or sliced and fried potatoes, bread and a salad to make a

substantial main meal. If you cannot obtain coriander leaves, you can use fresh parsley instead, but this will alter the flavour of the dish.

Quebec Poached Salmon

1 lemon peel; from 1/2 lemon
1 tablespoon salt
1 onion; small-quartered
4 parsley sprigs
6 peppercorns-crushed with back of spoon

Spread the oil in a frypan or baking dish. Place the salmon steaks next to one another, but not overlapping. Add the lemon juice and peel, peppercorns, salt, onion and just enough hot water to cover the fish. Cover and poach on top of the stove (if using frypan) over low heat, for 10-12 minutes or in 325F oven (in baking dish) for the same length of time or until the salmon flakes. Allow the fish to cool in the liquid. Drain well and remove the skin. Arrange on platter, then cover completely with the following sauce. Serve with a cucumber salad.

Sauce Verte: Chop the vegetables coarsely and put in blender with lemon juice. Cover and blend until it turns into a sort of mush with small bits of this and that in it. Add the mayonnaise and blend. If you don't have a blender, chop the ingredients very finely and blend them into the mayonnaise with the lemon juice, crushing them as much as possible to give color to the sauce.

From the author, "Use salmon steaks for this colourful and tasty dish. It is then easy to make it for 2 or 10."

- 1 mushroom-spinach filling, chilled (; recipe follows)
- 1 1/2 lb poached salmon, boned and flaked, c; hilled
- 1 egg
- 2 teaspoon half and half
- 2 (10x4-inch) sheets puff pastry

Salmon coulubiach is a traditional Yule holiday dish in Russia because it looks like a present: red (salmon) and green (spinach), all gift-wrapped in puff pastry. This dish would also be ideal on a New Year's Eve or Twelfth Night buffet. Here's a salmon coulubiach from Just Off Melrose caterers in Hollywood.

Cucumber-Dill Sauce (recipe follows)

Place 2 (15x12-inch) puff pastry sheets side by side on floured board. For each puff pastry, spoon 1/4 Rice Filling evenly over center of each pastry. Add Mushroom Spinach Filling evenly on top of rice mixture. Distribute flaked salmon evenly over mushroom mixture. Top each with remaining Rice Filling.

Beat egg with half and half in small bowl to make egg wash. Brush edges of pastry with egg wash. Fold pastry lengthwise, overlapping edges. Tuck ends to seal. Turn over, seam-side down, onto greased baking sheet. Make cutouts from remaining (10x4-inch) puff pastry sheets, using pastry cutters. Place on top and sides of pastry roll. Make vent in center of roll and brush entire surface and cutouts with egg mixture. Bake at 350 degrees 45 minutes, or until golden brown. Remove and allow to cool 10 minutes before slicing. Serve hot or at room temperature with Cucumber Dill Sauce. Makes about 10 servings.

Rice Filling

2 tbs butter 1/2 cup chopped shallots 2 cloves garlic, minced 3 cups cooked rice 1 bunch fresh dill, chopped

Melt butter in skillet over medium heat. Add shallots and garlic. Saute until shallots are tender. Add rice and dill and mix well.

Cucumber-Dill Sauce

2 tbs butter 1/4 cup minced shallots 1 1/2 tsp flour 1 cup half and half 1 cup sour cream 1/2 cup chopped fresh dill Salt, pepper 1/4 cup grated peeled cucumber

Scallops Fenton

3 lb scallops
1 1/2 cup dry white wine
2 tablespoon fresh lemon juice
3/4 lb mushrooms; sliced
1 small green pepper; sliced
1/4 cup butter
1/2 teaspoon salt
1 dash fresh ground pepper
4 tablespoon flour
1 cup diced swiss cheese
1/2 cup grated romano cheese
1 cup heavy cream, whipped
2 tablespoon butter for topping
1 paprika

Bring wine and lemon juice to boil and add scallops, mushrooms, and green pepper. Simmer just until scallops are tender. Be careful not to overcook!!! Drain, reserving liquid. Melt butter in saucepan, blending in salt, pepper, and flour until bubbly. Gradually stir in reserved liquid and cook until thickened. Add Swiss cheese and 1/2 of the Romano and stir over very low heat until blended. Remove from heat and fold in whipped cream. Stir in scallop mixture, then divide between eight, individual, buttered scallop shells/baking dishes. Sprinkle tops with remaining Romano, dot with butter and sprinkle with paprika. Broil until golden brown. Watch them carefully so as not to burn!!!! This, as you may guess, is sinfully rich and deliciously bad for you. Scallops themselves, however, are very low in cholesterol. 2 cup whipping cream
9 oz haddock or halibut fillets
6 oz scallops; chopped
3 oz lobster meat; cooked & chopped
3/4 cup sour cream
3 potatoes; peeled, cooked and diced
1 1/4 cup milk salt pepper
1 paprika for garnish

"A traditional Atlantic chowder is made with fish or shellfish, canned milk, potatoes, onions and is served with a dollop of butter. This version, which comes from a Nova Scotia fisherman and uses sour cream, fresh cream and thyme, is quite different and very good. When reheated leftover chowder, it may be necessary to add a little more milk or cream, because the fish and potatoes will have absorbed some of the liquid."

Cook the onion in the butter until transparent. Add the thyme and celery salt. Remove from heat. In a saucepan, pour the whipping cream over the fish fillets. Cover, bring to a boil and simmer slowly for 10 minutes or till the fish flakes easily. Remove the fish with a slotted spoon, then break into small pieces and remove any bones. Add the onion mixture and the scallops to the poaching liquid. Bring to barely a boil, then simmer for about 1 minute or till the scallops are opaque. If the chowder is not to be eaten immediately, refrigerate everything at this stage. Just before serving, add the fish, lobster, sour cream, potatoes and milk. Heat through, but do not allow to boil. Season with salt and pepper. Ladle into soup bowls. Sprinkle with paprika. Serve immediately. SERVES: 4-6

Return to stove and heat to boiling, stirring constantly. Boil for 1 minute. Add mozzarella cheese, onions, basil and pepper. Cook over low heat until cheese is melted, stirring constantly. Spread about 1 1/2 cups of the sauce in an ungreased 9X13 pan. Top with UNCOOKED lasagna noodles, overlapping as needed. Spread the cheese over the noodles. Spread with another 1 1/2 cups of sauce and then top with another 5 lasagna noodles. Spread seafood over this layer and top with another 1 1/2 cups of sauce. Cover with the last 5 lasagna noodles and top with all of the remaining sauce. If desired, top with 1/2 cup grated parmesan cheese. Bake, uncovered at 350~F for 35 - 45 minutes or until the noodles are tender. Let stand for 15 minutes before cutting. Hope you love this as much as we do!!!

Seafood Sausage

1/2 lb whitefish, skinned, boned
1/4 lb salmon, skinned and boned
1/4 lb shrimps, peeled
2 tablespoon finely minced onion
1 bunch parsley; stems removed
1/2 teaspoon salt
1/4 teaspoon cayenne pepper
1/2 cup egg whites
4 feet sausage casings

CUT THE FISH IN 1-INCH PIECES. Place all ingredients except casings in a food processor and pulse until coarsely chopped. Or, pass all the ingredients through a meat grinder fitted with medium holes. Stuff the mixture into sausage casings or form 2 long sausages in plastic wrap. Poach the sausages in gently simmering water for 5 minutes, drain and let cool. If you have used plastic wrap to form the sausages, remove it when sausages are cool. Cut sausages into 6-inch lengths. To serve, grill the sausages or place under a preheated broiler. Since the sausages are already cooked, we want only to reheat them and crisp their skins.

Seafood Wellington (Chef Axel's Original Recipe)

- 8 oz lobstertail meat
- 8 giant prawns
- 12 large scallops
- 4 cup quartered mushrooms
- 4 oz clarified butter
- 1 1/2 oz cognac
- NANTUA SAUCE----
- 4 oz clarified butter
- 1 medium onion
- 1 pint lobster stock
- 1/2 pint heavy cream
- 1 tablespoon flour (heaping measure)
- 1 teaspoon tomato paste
- 1/4 teaspoon cayenne
- 1 dash tabasco
- 1 paprika; to taste

- 1 small lemon wedge
- 1 salt and pepper; to taste

Bake four vol au vents (puff pastry shells). Either use homemade mille feuille or commercial puff pastry dough and follow instructions. Vol au vent should be oval shaped and about 12 x 8 cm (5" x 3") in size.

Sauce preparation: Saute finely-chopped onion in 4 ounces clarified butter, add tomato paste, flour, and paprika. Mix well, add stock, stirring until smooth. Simmer on low heat for 15 minutes. Add heavy cream, seasoning to taste. Add a dash of cayenne, tabasco and the lemon wedge (easy on the spices; Nantua sauce should not be spicy hot). Let simmer for five more minutes. Retrieve lemon. Blend sauce in high-speed blender until smooth and creamy.

Heat saute pan on medium to high heat. Drop in butter, then add in quick succession: first lobster meat, then prawns, sauteeing each until rare, then add mushrooms. Flame with cognac, add the scallops and saute for 2-3 minutes. Pour in the Nantua sauce, adding the bay shrimp, and bring to a short bowl. Fill in preheated vol au vents and serve with steamed vegetables.

Simple Salmon Fillets

3/4 lb salmon; fillets are best
1 lemon
1 teaspoon dill; dried or better, fresh
1 salt
1 pepper; white
2 tablespoon mayonaise

Hopefully you selected 2 nice fillets. Preheat the oven to 400F. Place the fillets skin side down in a baking dish (I use glass). Squeeze the lemon over and lightly sprinkle with salt and some white pepper. Then spread the dill over the fillets and let set for fifteen minutes--if you have the time! Spread the Mayo evenly over the entire surface and cut end(s) of the fillets (just like spreading peanut butter). Place on a high shelf in the oven (just under the broiler element). Bake for 10 to 15 minutes for each inch of thickness. Then kick the broiler in for a few minutes, just until you see some browning of the mayo. * This technique will give you delicious, moist salmon every time--just don't overdo the cooking! The broiler bit isn't mandatory, it just gives a nice finish. If you skip the broiler then just add a few minutes to the baking time.

- 2 tablespoon olive oil
- 1/4 teaspoon salt
- 8 phyllo dough sheets (14x18

----SMOKED TROUT FILLING----

- 1/2 lb trout fillets; smoked, skin -and pin bon
- 1/3 cup scallions; chopped (2 scall
- 4 teaspoon horseradish; well drained
- 1 cup cucumber; shredded

To make phyllo tartlet shells: Preheat oven to 325 degrees F. Lightly coat 2 mini-muffin pans with nonstick cooking spray. In a small bowl, whisktogether egg white, oil and salt.

Lay a sheet of phyllo on a work surface and with a pastry brush, lightly coat it with the egg-white mixture. Brush with the egg-white mixture and repeat with 1 more sheet. Lay a fourth sheet on top but do not brush it.

With a knife, cut the dough into 4 strips lenghtwise and 5 strips crosswise, making 24 squares. Press squares into muffin cups and bake for 8to 12 minutes, or until golden brown and crisp. Transfer the tartlets to a rack and let cool. Repeat the procedure with the remaining 4 sheets of phyllo and egg-white mixture. (The baked tartlet shells may be stored in a closed container at room temperature for 1 week or in the freezer for up to2 months.)

To make smoked trout filling: In a food processor, combine cream cheese and smoked trout; process until fairly smooth. Add scallions and horseradish and pulse until just combined. (Alternatively, finely mince the smoked trout with a knife and combine with the cream cheese, scallion and horseradish in a small bowl.) (The smoked filling may be made ahead and refrigerated for up to 2 days.) Shortly before serving, spoon or pipe about 1 heaping tsp. of filling into each tartlet shell and garnish with shredded cucumber.

Steamed Fresh Crab In Curry Sauce

- 1 large whole fresh crab
- 6 slices ginger root
- 2 tablespoon dry sherry
- 3 spring onions or chinese
- 1 parsley

----SAUCE----

- 1/2 bell pepper, diced
- 1 teaspoon curry powder
- 1/4 teaspoon salt
- 1/2 teaspoon sugar
- 1 cup stock
- 1 teaspoon ginger, minced
- 1 clove garlic, minced
- 2 tablespoon peanut oil
- 1 cornstarch paste

Make Sauce: Heat oil in medium-hot saucepan. Saute minced garlic until fragrant. Add curry powder. Stir over medium heat for about 1 minute - avoid burning powder. Add stock, salt, sugar and ginger; bring to boil; cook for 1 minute. Add bell pepper, which has been coarsely diced into 1/4" squares; stir in enough thin cornstarch paste to make a light sauce. As soon as sauce thickens, remove from heat and reserve. This sauce can be made up ahead and reheated just before serving.

Clean & Steam Crab: Pry off plate from crab in one piece. Separate legs with cleaver; wash all parts, cleaning out junk; cut soft inner sections of legs into manageable pieces. Carefully crack claws, keeping them intact. Reassemble crab on oval platter. Before putting on back, sprinkle meat with dry sherry; lay ginger on top; then put on back plate. Wash green onions, remove roots, and shred, greens and all, into 2" sections.

Bring water in steamer to rolling boil. Steam crab for about 15-20 minutes, depending on size. Meanwhile, reheat curry sauce (or keep hot in double boiler). Remove steamed crab from steamer; drain excess water. Lift back plate off crab; pour curry sauce over crab; sprinkle with onion shreds; return back plate. Serve.

Steamed Whole Fish

2 lb whole fish (cleaned weight)
1 rock cod, flounder, pomfret
2 teaspoon salt
4 scallions
1 tablespoon ginger slivers
1 cup stock
1 tablespoon dry gin
1/2 teaspoon sugar
1 cornstarch paste
2 tablespoon peanut oil
1 sprig chinese parsley

For more people, use more than one fish. Each fish should be no more than 2 lbs. unless you have a very large steamer. Have your fishmonger clean and scale fish, leaving head and fins intact. You can tell if fish is fresh by the clearness of the eyes and a red tint on the inner edge of the gills. Wash and pat dry, rub with salt. Allow to stand at room temperature for 30 minutes.

On both sides of fish, make parallel diagonal cuts 1" apart through meaty section. Trim and shred scallions diagonally in 2" lengths. Peel and shred fresh ginger root. Place pieces of scallion and ginger in cuts.

Place fish on greased plate. Steam at rapid boil for 15 to 25 minutes, depending on size. Fish is cooked when you can flake flesh. Overcooking will toughen flesh, so watch closely.

Heat peanut oil in beaker or small saucepan. In wok, heat stock, gin and sugar. When fish is cooked, remove from steamer. Drain juices into stock mixture. Thicken slightly with cornstarch paste. Pour hot oil, then stock mixture, over fish. Garnish with Chinese parsley. Serve.

Succulent Salmon (C) 1992 George Gilder

10 oz salmon fillet
1 (remove the skin)
2 medium red potatoes
1 large onions, sliced 1/4 inch
8 baby carrots or 8 carrot
1 sections, cut into 2
1 pieces
1/4 cup fresh orange juice
1 broccoli, cut into florets
1 tablespoon olive oil
1/4 teaspoon thyme
1/2 teaspoon basil
1 pkg herb-ox low salt
1 chicken stock mix
1 salt, pepper, to taste

This is a new adaptation from a series of fish recipes I developed for "people who don't like fish". The stock and juice combined with the onion add a distinctive savory flavor. The combination makes it hard to distinguish the individual flavors. This dinner takes less than ten minutes to complete.

Cut the potatoes into one quarter inch slices and place into a pan of cold water. Turn pot on high until it starts to boil. Add the carrots after three minutes. Salt the water and reduce heat to medium. Cook until tender, about six to seven minutes. Add broccoli about 2 minutes before the potatoes are finished. Drain if finished before the fish, and place back in hot pan. Add fresh pepper.

Saute onions in one half the oil, med-low heat in a ten inch teflon pan. When they start to brown add the rest of oil. Place the fish fillet on top fat side down and turn up heat to med-high. Saute until

salmon turns white on bottom. Add herbs and pepper. Add one quarter cup of water, chicken stock and the orange juice. Lower heat and simmer about five minutes. Taste occasionally. The salmon should be pink inside and not over done.

Cut the filet in half in the pan. Using a plastic spatula, pick up the fish and onions and place in one half of plate. Add a spoon or two of sauce. Add vegetables and arrange in semi-circle.

Tourtiere A La Ouananiche (Lac St-Jean Salmon Pie)

- 2 tablespoon butter
- 1 medium onion, thinly sliced
- 1 large potato, peeled, thinly sliced
- 1 lb ouananiche or salmon, cut into small pieces
- 1 salt and ground white pepper
- 1/4 cup milk
- 2 tablespoon light cream
- 1/3 cup water (approximate)
- 1 egg, beaten with 1 tb milk
- 1 pastry for double crust pie

Servings: 6

Line a 9-inch pie plate with pastry. Heat butter in frying pan and saute onion until soft but not browned. Add potatoes, fish, salt, pepper, milk and cream; mix gently so as not to break up the pieces of fish. Arrange mixture evenly in the pastry shell. Gently stir in water; it should come halfway up the fish mixture. Cover with top crust, trim, crimping edge to seal. Cut a small hole in the centre. Brush pastry with the beaten egg and milk.

Bake in a preheated 375 deg F oven to 45 to 50 minutes or until crust is browned.

Trout And Vegetables In Foil

- 4 10 trout
- 2 carrots
- 1 juice of 1/2 lemon
- 2 small onions
- 1 salt and pepper
- 3 ribs celery

1/2 teaspoon thyme
4 teaspoon butter

This delicious dish can be prepared for a noon campfire if the camp itself has a blender or food processor in its kitchen or prepare before the trip at home. If the fish is to be a sizable one, be sure to take enough foil in one piece; if the servings are to be individual for each guest, then cut the foil accordingly.

Clean the trout and sprinkle inside and out with lemon juice, salt, pepper and herbs.

Put vegetables through the food processor, mix well and strain.

Saute vegetables in butter until they are soft, and stuff each fish before wrapping loosely in foil.

Place in ashes or on cookie sheet in 450 degree oven for 15-20 minutes. Serve.

Trout Crepes

----CREPES----

4 eggs
1 cup water
1 cup flour

----FILLING----

1/3 minced onion
1/4 teaspoon pepper
1 clove garlic, minced
1 1/3 cup milk
1/3 cup butter
2/3 cup sauterne
1/4 cup flour
4 cup cooked, skinned, deboned
1 trout
1/2 teaspoon salt

In cooking the crepes, before filling and rolling up with the trout mixture, a 6-inch skillet is handy. Makes 20 crepes. NOTE: To make crepes, mix the ingredients for the batter together thoroughly and let rest for at least 1 hour. Brush skillet with a little butter, heat until almost smoking, and pour enough batter to thinly cover bottom of pan after it is tipped to spread evenly to edges. Cook over medium heat, turning when bubbles appear on surface; cook other side until lightly browned. Repeat, making 20 crepes in all, set aside.

Cook and stir onion and garlic in butter until onion is tender. Remove from heat. Blend in flour, salt, and pepper. Cook over low heat,

stirring, until mixture is bubbly. Remove from heat. Stir in milk and wine. Heat to boiling, stirring constantly. Boil and stir 1 minute. Stir in trout pieces. Fill each crepe with 2 tablespoons filling. Heat crepes at 350 degree oven for 10 minutes. Serve crepes topped with remaining filling.

Trout In Wine

- 1 whole trout
- 1 chopped herbs (marjoram,
1 parsley, thyme)
- 1 butter

1/2 bottle White wine

Method: 1. Clean the trout. The incision in the belly should be as small as possible consistent with the requirement to remove the entrails and clean. 2. Inside the cleaned trout place the chopped herbs and a tablespoon of butter. 3. Place the fish in an oven dish and add salt and pepper to taste. 4. Pour two cups of wine over the fish. 5. Cook in hot oven about 25 minutes. 6. Add a little more melted butter, stir in and cook for another 5 minutes.

Trout Sauteed In Butter

- 1 salt and pepper
- 4 fresh trout, dressed
- 1 a few tbsp. flour
- 6 tablespoon unsalted butter
- 1 parsley sprigs
- 1 lemon wedges

As every angler knows, skillet-size brook, brown, and rainbow trout are never more tasty than when prepared this way. Can there be any tastier dish than the one that comes from this happy marriage of fresh trout and butter? But for best results, a few words of warning: a basic rule of fishcooking is that fish, unless deep fried, should be cooked slowly. Yet, at the same time, one wants the flesh moist but with the outside golden

brown. Furthermore one wants to be able to serve trout whole, not in broken chunks, the result of sticking. One other word: since trout are delicately flavored, I do not "flour" trout with cornmeal but with flour. However, either way, the trout will be delicious. Salt, pepper and coat the trout by rolling them in the flour.

Melt the butter in a big iron skillet.

When the butter is hot (over medium heat) but has not yet shown color, lay in the trout and turn the fire low. A steady, low heat will do two things: cook the trout slowly and at the same time brown the trout. You must police the process continuously, and it will take 15-20 minutes, depending on the size of the trout.

Just as soon as the flour coating has set on the down side, loosen each trout from the skillet, shaking the skillet gently to keep the slow browning trout free.

After 10 minutes of slow browning, turn each trout carefully and repeat the above process.

When you serve the trout, pour a bit of the butter over each and garnish with a sprig of parsley and a wedge of lemon.

SAUTEED QUICK MEUNIERE

AA

If you wish, add a couple of pats of butter to the skillet after the trout has been served, melt them, squeeze in a tablespoon of lemon juice, turn up the heat, and stir. Then pour this lemon-butter sauce over each trout.

Trout Served Cold In Aspic

- 1 poached trout
- 1 cup tomato sauce
- 4 teaspoon gelatin
- 1 parsley
- 1 lemon slices

If you'd like to serve the trout as a fish course in aspic, let the trout cool in the liquor, then remove and drain the trout.

Strain the liquor the trout were simmered in, add to it the tomato sauce, and over fire stir in the gelatin. Stir over low heat just until the gelatin melts. Set gelatin liquid in refrigerator until it cools but is not as yet "set."

Arrange trout in a flat dish, pour over them the aspic, and allow to set.

Arrange parsley and then lemon slices around the trout and serve.

Trout Stuffed Japanese Style

1/4 lb mushrooms, sliced
2 tablespoon vegetable oil
1 cup seeded, sliced in 1/4
4 eggs, lightly beaten
1 strips, red or green pepper
2 teaspoon soy sauce
4 trout, 8-10 oz. boned with
1 skin, head and tail
3 scallions, cut in 1/2
1 including greens
8 strips of bacon
1 cup bean sprouts
2 ribs celery, sliced

Mix the vegetables together. In a large skillet or wok heat oil, then tossin the vegetables and stir fry for 2 minutes. Add the eggs and soy sauce and continue to toss and cook for another minute until eggs begin to coagulate.

Stuff each of the 4 trout with one-fourth of the vegetable mixture--the filling will expand the opening by about an inch. Wrap 2 slices of bacon around each trout, tucking the ends under the trout. Bake in a large baking dish so trout are not touching in preheated 500 degree oven about 15 minutes, until skin is crisp and the fish is opaque tothe bone. Test after 12 minutes. Vegetables will remain crisp.

Truite Au Bleu (Blue Trout)

2 tablespoon butter
1 shallot of scallion, minced
1 rib celery w/leaves/chopped
1 carrot, thinly sliced
1 dressed trout, head and all
1 but cut into chunks
1 tablespoon salt
6 peppercorns
1/2 teaspoon thyme
2 tablespoon minced fresh parsley
1 bay leaf

3 cup water
1 cup white wine or dry vermouth
3 tablespoon tarragon vinegar
5 whole 10 trout

This dish is basically trout poached in a vegetable court bouillon flavored with a cut-up trout. It is a lovely way to offer the delicacy of trout, and can be either a fish course, if the trout are 6-8 inches, or a main course if the trout are 10-11 inches. As a fish course for a game dinner serve the trout cold (in an aspic if you wish-see below).

In a big saucepan or deep skillet with lid melt the butter and saute' the vegetables until the shallot is just soft. Add the single cut-up trout and the remaining ingredients (except whole trout), bring to a bubble, and simmer for ten minutes or so. Add the dressed whole trout, cover, and simmer slowly for about 20-minutes. If the dish is a main course, remove the fish, drain, and serve immediately with melted butter and lemon juice or herb butter. If the dish is just a fish course, allow the fish to cool in the liquor and serve the drained trout with a slice of lemon.

1 parsnip; peeled
1 bouquet garni
1 salt; to taste
1 pepper, white; to taste
1 lb salmon trimmings
3/4 cup wine, white, dry
3 potato, new
2 carrot, thin; peeled
1 egg white
1 eggshell; crushed
1 lb salmon fillet, skinned
5 tablespoon scallion; chopped
1 lemon slices, thin

Approx. Cook Time: 2:00 In a large stock pot, place the water, smelts, onion, quartered carrot, leek, celery, parsnip, bouquet garni, and salt and pepper, and bring to a boil over high heat, periodically skimming off the foam as it rises to the top. Cover the pot, reduce the heat, and simmer for 35 minutes. Strain the stock through a fine sieve into a clean pot, pressing the solids with the back of a spoon to extract as much liquid as possible. Discard the solids. #
Return the stock to the heat and add the salmon trimmings, wine, potatoes, and thin carrots. Bring to a boil, then reduce the heat to low and simmer, covered, until the vegetables are tender, about 25 minutes. Strain the stock into a clean pot, discarding all the solids except the potatoes and

all the carrots. Rinse the potatoes and carrots being careful not to mash them, and set aside. #

Return the stock to low heat and simmer for several minutes. Add the egg white and shell and increase the heat to medium high. Bring to a boil, beating constantly, with a wire whisk. When the stock boils, the egg white will start rising to the surface. At this point, turn off the heat and let stand for five minutes. Line a colander with a double layer of dampened cheesecloth and strain the stock into a clean pot. #

Add the fish fillets to the stock and poach over medium low heat until cooked through; five minutes. Taste and adjust the seasonings. Halve the reserved potatoes and cut into wedges. Cut the carrots into fine dice. # Divide the fish fillets among six soup bowls. Add a few potato wedges and diced carrots to each bowl. Ladle the stock into the bowls, sprinkle with scallions, and garnish with lemon slices. #

Whole Salmon With Dill Sauce

1 whole salmon (about 6 lb)
2 quart court bouillon
2 cup cumpers
2 lemons
1 pint sour cream
1 cup mayonnaise
1/3 cup grated onion
1/4 cup lemon juice
1/4 cup chopped fresh dill
1 salt and pepper to taste
----~For decoration: ~For the dil--

POACH THE SALMON: To time the poaching, measure the fish and allow 10 minutes for each inch of thickness; begin timing when the liquid starts to simmer. To check for doneness, insert a metal skewer into the thick flesh behind the gill. It should slide in easily. A six-pound salmon needs either a fish poacher or a roasting pan fitted with a rack at the bottom for easy fish lifting. I use a roaster. It usually means the fish has been curved to fit in, and the benefit of this is that it retains this jaunty pose once cooked so it fits more easily onto a platter. Chill it carefully, then unwrap it, and gently pull off the skin. If the fat

underneath the skin is gray, scrape it away with a knife to reveal the orange flesh. Cut down the center of the fish to the backbone, and then ease one half of the fillet from the bones. Gently pull off the flesh, then remove the backbone and replace the fish. This way it is easier to serve at a buffet. Peel and halve the cucumbers. Scrape out the seeds, and then thinly slice them. Arrange cucumber on top of the salmon in a pattern resembling fish scales. Slice a lemon, and arrange around the fish. Chill well. For the sauce, combine the sour cream with the mayonnaise, and whisk until smooth. Add the onion, lemon juice, dill, salt and pepper. Serves 10 to 12, or more if there are other entrees. Note: The fish can be cooked up to a day in advance and refrigerated, tightly covered. The sauce can be made up to two days in advance and refrigerated.

Wined Fish Chunks In Broth

2 lb oily fish, such as mackerel
2 teaspoon salt
1/2 cup good quality dry white wine
3 cup chicken stock
1/2 teaspoon ginger root, minced
1/4 teaspoon salt
4 napa cabbage leaves
2 scallions
2 cubes hard beancurd
1 tablespoon cooked salad oil
1/2 teaspoon ground white pepper

Marinating: Have fishmonger clean fish, discard head and fins. Wash fish, cut across fish in 1 1/2" sections. Mix salt and white wine in bowl. Add fish chunks; rub with marinade; cover bowl; refrigerate for 6 hours. After 2 hours, turn fish to mix with marinade.

Preparations: Wash cabbage; slice leaves down middle, then in 2" sections. Rinse beancurd; cut into 1" cubes. Wash, trim and shred scallions, greens and all. Peel and mince ginger. Heat salad oil to point of smoking. Remove from heat; reserve.

Cooking: Rinse fish chunks, drain. Heat chicken stock, beancurd, ginger and salt in sauce pan. Reduce heat, cover pan, and simmer for 10 minutes. When you are ready to add fish and cabbage, turn up heat to boil; add fish and cabbage when liquid boils; cover pan. Fish and cabbage are cooked in about 3 to 5 minutes - cabbage leaves will be bright lime green.

Ladle fish, cabbage and beancurd into warm shallow serving bowl; add soup. Garnish with cooked oil, minced scallion and pepper. Serve.

Asparagus Crab Soup (Sup Mang Tay Cua)

2 1/2 quart water
2 lb pork bones
2 teaspoon salt
1 tablespoon fish sauce (nuoc mam)
1 teaspoon vegetable oil
1 clove garlic, chopped
2 shallots or
2 scallions, chopped white part
1/2 lb crab meat, fresh, frozen, or canned
1/4 teaspoon freshly ground black pepper
2 teaspoon cornstarch dissolved in
2 tablespoon water
1 egg
1 can (15 ounces) white asparagus, undrained
1/4 cup chopped fresh coriander (chinese parsley)
1/4 cup chopped scallion greens

The French introduced asparagus to the Vietnamese, who promptly incorporated this classic vegetable into their cuisine. The Vietnamese word for asparagus is "Western bamboo," due to its resemblance to bamboo shoots. Asparagus is universally popular throughout Vietnam, this light, tasty dish will delight your family as well.

Bring water to a boil and put the pork bones in. Remove the scum, then cover and continue to boil the bones for 1 hour. Remove the bones from the stock and discard. Add the salt and the fish sauce to the stock.

Heat the oil and add the chopped garlic and shallots; add the crab meat and fry for 5 minutes over high heat. Sprinkle with 1/8 teaspoon of black pepper, stirring constantly, then add the crab meat mixture to the soup and bring to a boil. Add the cornstarch-and-water mixture and stir for a few minutes.

Break the egg open and drop it into the actively boiling soup while stirring. Cook, still stirring, for about 2 minutes, then drop in the asparagus, along with the liquid from the can and the rest of the black pepper. Continue to cook until the asparagus is heated through.

Sprinkle the coriander and scallion green over the soup before serving.

Makes 6 to 8 servings.

Baked Trout With Yoghurt & Herbs

6 6-8 oz trouts
7 1/2 fl oz greek strained yoghurt
2 1/2 fl oz whipping cream

2 tablespoon fresh chopped parsley
2 tablespoon chopped chives
2 tablespoon chopped fennel
1 teaspoon fresh chopped thyme
1 teaspoon fresh chopped oregano
1 teaspoon fresh chopped tarragon
1 clarified or unsalted butter

Choose a baking dish or other shallow oven-proof dish suitable for bringing to table, which is just large enough to take the trout in a single layer when they are arranged head to tail. Thoroughly dry the fish with plenty of kitchen paper. Make a frying pan very hot, barely smear it with fat and fry the fish briefly, one or two at a time, just long enough to brown their skins well on both sides. Transfer the fish to the ovenproof dish, arranging them neatly. Cover and store in a cool place.

Chop the herbs and mix them gently in a small saucepan. Measure the yoghurt and cream and pour them over the herbs. Add plenty of pepper and some salt and stir to mix well. Cover and leave to infuse. Everything up to this stage can be done in advance, but be sure to bring both the pan of sauce and the dish of trout back to room temperature about 1 hour before they are to be put back into the oven for cooking. (Foods that are transferred straight from the fridge to cooker take a very long time to heat through properly.)

About 1/2 hour before you plan to serve the trout, bring the yoghurt-and- herb mixture very slowly to simmering point, stirring all the while. Pour the aromatic mixture over the fish, cover the dish and bake at 350 F (180 C) gas mark 4 for 20-25 minutes until the fish are piping hot and cooked through. (To check a trout for readiness, insert the tip of a knife into its flesh just behind the head.) Serve with steamed new potatoes and other young summer vegetables such as carrots and peas.

Baked Tuna Pie

1 cup all-purpose flour
1/3 cup enriched corn meal - (aunt jemima o; r quaker)
3/4 teaspoon salt (optional)
1/3 cup vegetable shortening or- margarine
1/4 cup cold water
10 oz frozen chopped broccoli - thawed
13 oz evaporated milk
1 can tuna (6-1/2 or 7-oz. size) - drain; e, d, flaked

1/4 cup grated parmesan cheese
1/2 teaspoon dillweed

Heat oven to 350 F. Combine flour, corn meal and 1/4 teaspoon salt. Cut in shortening until mixture resembles coarse crumbs. Add water, 1 tablespoon at a time, stirring lightly with fork until mixture forms a ball. On lightly floured surface, roll out pastry to form 12-inch circle. Fit loosely into 9-inch glass pie plate; trim. Turn edges under; flute.

Place broccoli between layers of paper towels. Pat gently to absorb excess water. Combine broccoli, remaining 1/2 teaspoon salt and remaining ingredients; mix well. Pour mixture into pastry shell. Bake 50 to 55 minutes or until knife inserted in center comes out clean. Let stand 10 minutes before serving. Serve with lemon wedges, if desired.

Baked Whole Fish

3/4 lb salmon, whole; or trout
2 tablespoon butter; or margarine

2 cup asst vegetables; sliced

Blackened Redfish

6 each 8-10oz redfish fillets
3/4 lb unsalted butter, melted
----SEASONING MIX----
1 tablespoon sweet paprika
2 1/2 teaspoon salt
1 teaspoon onion powder
1 teaspoon garlic powder
1 teaspoon ground cayenne pepper
3/4 teaspoon ground white pepper
3/4 teaspoon ground black pepper
1/2 teaspoon dried thyme leaves
1/2 teaspoon dried oregano leaves

NOTE: Fish fillets (preferably redfish, pompano or tilefish) cut about 1/2 inch thick. Redfish and pompano are ideal for this method of cooking. If tilefish is used, you may have to split the fillets in half horizontally to have proper thickness. If you can't get any of these fish, salmon steaks or red snapper fillets can be substituted. In any case, the fillets or steaks must not be more than 3/4 inch thick. Heat a large cast-iron skillet over very high heat until it is beyond the smoking stage and you see white ash in the skillet bottom (the skillet cannot be too hot for this dish), at least 10 minutes. (FT - this recipe is *NOT* for the faint of heart) Meanwhile, pour 2 Tablespoons melted butter in each of 6 small ramekins; set aside and keep warm. Reserve the remaining butter in its skillet. Heat the serving plates in a 250F oven. Thoroughly combine the seasoning mix ingredients in a small bowl. Dip each fillet in the reserved melted butter so that both sides are well coated; then sprinkle seasoning mix generously and evenly on both sides of the fillets, patting by hand. Place in the hot skillet and pour 1 teaspoon melted butter on top of each fillet (be

careful, as the butter may flame up). Cook, uncovered, over the same high heat until the underside looks charred, about 2 minutes (the time will vary according to the fillet's thickness and the heat of the skillet). Turn the fish over and again pour 1 teaspoon butter on top; cook until fish is done, about 2 minutes more. Repeat with remaining fillets. Serve each fillet while piping hot.

To serve, place one fillet and a ramekin of butter on each heated serving plate.

I had this in K Pauls Restaurant in New Orleans. It is a taste experience you will never forgive yourself for missing should you ever be lucky enough to find yourself in N'awlins and you don't go to K Paul's and order this. Even people who don't like fish love this dish. From Chef Paul Prudhomme's Louisiana Kitchen, published by William Morrow and Company, Inc. ISBN 0-688-02847-0

When renowned chef Pierre Franey visited Avery Island, he observed some age-old local commercial enterprises ~ crawfish farming, oyster shucking and boudin making ~ with great curiosity and enthusiasm.

Here he brings his incomparable touch to cherrystone clams, best enjoyed with a loaf of crusty French bread and a carafe of wine. The southerners defer to the Yankees on this one.

Cold Glazed Salmon

3/4 cup dry white wine
8 basil leaves
3 tarragon (plus more for garnish)

- 3 shallots, minced
- 2 rosemary
- 2 lemon slices
- 3 celery leaves
- 7 lb whole salmon, cleaned, rinse , pat; t, ed dry
- 8 cup fish aspic (see recipe)
- 1 turnip
- 1 egg yolk, hard cooked, mashe
- 1 teaspoon unsalted butter

In a small saucepan, combine the wine, basil, 3 tarragon sprigs, shallots, rosemary, lemon, and celery. Simmer the mixture for 20 minutes or until the liquid is reduced to about 3 Tbsp. Lay the salmon on a piece of heavy foil, twice as long as the fish. Pick up edges of foil and pour the wine mixture over the fish. Season with salt and fold the foil to enclose it, crimping the edges tightly to secure them. Put the salmon on a large bakingsheet or roasting pan and bake it in the middle of a preheated 375f oven for 50-60 minutes or until the fish just flakes. Transfer the package to a work surface, open foil carefully, and remove the skin from the top of the salmon below the head to the bottom of the salmon at the tail. Scrape away any brown flesh, leaving head and tail intact. Drain liquid from the foil, and using the foil as a guide, invert the fish onto a platter. Remove foil and skin and prepare the other side of the salmon in the same manner. Chillthe fish, covered, overnight. Peel turnip and cut into thin slices. Trim each slice to resemble a flower or cut with a flower cutter. Place in a bowl of ice water to hold until ready for use. Mash the egg yolk with the butter and reserve at room temperature. Spoon a thin coat of cool but liquid fish aspic over the salmon and arrange the additional tarragon sprigs and turnip flowers decoratively on the fish. Spoon a thin coat of liquid aspic over the whole. Transfer the yolk mixture to a pastry bag fitted with a decorative tip. Pipe the mixture into the centers of the flowers. Chill the salmon for at least 2 hours or up to 6 hours. Serve surrounded with the chilled aspic, chopped. a 1964 Gourmet Mag. favorite

Crab Cakes With Cilantro Butter

----CRAB CAKES----

- 1/2 cup olive oil
- 1/2 red pepper, finely diced
- 1/2 green pepper, finely diced
- 1 lb best-quality lump crab meat
- 2 large eggs, beaten
- 1 1/2 cup coarse ground homemade bread crumb; s
- 1 salt, freshly ground pepper

----CILANTRO BUTTER SAUCE----

- 1 cup dry white wine
- 1 shallot, minced
- 1 cup whipping cream
- 8 oz unsalted butter, softened
- 1/2 cup chopped fresh cilantro

----GARNISH----

- 1 chopped tomato
- 1 cilantro sprigs

1. Heat 1/4 cup of the oil in a large skillet; cook red and green peppers in the oil until tender, 3 to 4 minutes. Remove from skillet with a slotted spoon. Cool.
2. Mix crab meat, eggs, cooked peppers and 2 tablespoons of the bread crumbs in a large bowl. Season with salt and pepper. Using wet hands, shape crab mixture into 8 equal-size cakes. Place on a wax paper-lined plate and chill up to several hours.
3. Heat oven to 375 degrees. Coat crab cakes in bread crumbs on all sides. Heat remaining 1/4 cup oil in a large, ovenproof skillet. Add crab cakes in a single layer. Cook until nicely browned on bottom, about 2 minutes. Carefully turn cakes over and then place in oven. Bake until golden on all sides, 10 to 12 minutes.
4. Meanwhile, for sauce, boil wine with shallot in a medium non-reactive saucepan until reduced to 1/3 cup. Stir in cream and boil until reduced by about half. Working over very low heat, whisk in the butter, 1 tablespoon at a time, until sauce is light and thick. Do not allow sauce to boil at any time or it will separate. Strain sauce through a fine wire mesh strainer into a warm bowl. Stir

in cilantro, salt and pepper. Keep warm by covering tightly with plastic wrap and then placing bowl in a pan of warm water.

5. To serve, pour a few tablespoons of the sauce onto a warm serving plate. Top with a crab cake. Garnish with chopped tomato and cilantro sprig. Serve immediately.

Crab Casserole In A Clay Pot

1 1/2 lb fresh whole crab, preferably live
2 tablespoon peanut oil
5 unpeeled garlic cloves, crushed
2 unpeeled fresh ginger slices, 1/4 inch thick
3 whole scallions, cut into 2-inch pieces
3 tablespoon fermented black beans
2 fresh red chili peppers, seeded and shredded
3 tablespoon rice wine
2 tablespoon light soy sauce
1/2 cup rich chicken stock

Well here it is, in all its glory. I've included Hom's method for making stock both because it's good and to give more of a feel for the book. Hong Kong is an extremely, almost excessively dynamic city and this is reflected in the food. The book is interesting because he has a finger on the development of the "new" Hong Kong cuisine and notes traditional recipes from which the ones in the book spring.

BTW, Michael++my roommate++and I were talking about this dish last night as we were munching up a plain old steamed Dungeness crab. He said he *really* liked this recipe. I found it too heavy on the black beans and spices. Here it is. You be da judge... ;-}

Here is an interesting, innovative technique employed by Hong Kong chefs. The clay pot traditionally is used for the long simmering and braising of foods; nowadays, however it is as often used to infuse intense flavors over high heat in a short length of time, as in this recipe. The classic Cantonese dish is given a new twist; the fresh crab is stir-fried with aromatic seasonings and then quickly finished over high heat in the covered clay pot. The pungent black beans permeate the rich crab meat, enhancing it and adding to its subtle flavors. This delicious casserole is quite easy to prepare and turns an ordinary dinner into a special occasion.

If you are using a live crab, prepare it according to the technique on page 77. [Rinse, scrub and steam for ten minutes. S.C.] Cut the

body into quarters and lightly crack the claws and legs.

Heat a wok or large skillet until it is hot and add the oil. Add the garlic, ginger, and scallions and stir-fry to flavor the oil. Then add the black beans, chilies, and crab. Stir-fry for 2 minutes and add the chicken stock. Turn the contents of the wok into a clay pot or casserole, cover, and cook over high heat for 5 more minutes or until the crab shell turns bright red. Serve immediately.

Makes 4 servings.

Crab-A-Leekie Crepes

----LEMON CREPES----

3 eggs
1 teaspoon sugar [optional]
2 egg yolks
1/2 teaspoon salt
1/4 cup lemon juice, fresh
1 1/2 teaspoon vegetable oil

3/4 cup milk
2 teaspoon lemon rind, grated
1 cup all-purpose flour
----FILLING----
1 lb crab or imitation crab
1 cup dry curd cottage cheese
1 small leek, thinly sliced
1/2 small tomato, finely diced
1 small lime - juice only
1 tablespoon balsamic vinegar
1 teaspoon salt
1 teaspoon seafood seasoning
----WHITE WINE SAUCE----
3 tablespoon butter
3 tablespoon flour
1/2 cup chicken stock
1/2 cup sour cream, or heavy cream
1/2 cup white wine
1 salt & white pepper

Ingredient note: Imitation crab, has several commercial names but generally consists of processed pollack with natural and imitation flavouring. It is processed so as to resemble crab meat - a white mean with a red exterior. This product is less expensive than natural crab and makes an excellent substitute.

Lemon Crepes: Combine eggs, egg yolks, and lemon juice. Beat the mixture to thoroughly combine ingredients and incorporate air into the mixture. Add the milk and whisk again.

Sift flour, salt, sugar [if using] together in a separate bowl then gradually incorporate into egg mixture. Add vegetable oil and blend thoroughly. Batter should be very smooth and creamy. Do not allow lumps to form [don't strained out lumps - they should be passed through a sieve so as to break them down.)

Add grated lemon rind and allow the mixture to rest for one hour. If mixture thickens during this period, 1-2 Tb of milk may be added. It is important that the crepes do not become pancakes.

Use a large hot crepe pan [or lg round frying pan]. Add vegetable oil to pan and swirl to coat. Gently pour in only sufficient batter to coat the whole surface of the pan swirling to get a thin and even coating. The crepe should be turned when the top is set and the bottom is lightly browned. Only cook the other side until the desired colour is achieved. Remove and set aside to cool.

Filling: Chop the crab, or imitation crab, into bite size chunks and place in large mixing bowl. Thinly slice the white of 1 small leek. Slicing should produce thin rounds. Press out the rounds so as to separate the slice into small rings. Add to mixing bowl along with a finely dice half of a small tomato.

To the mixture, add approx. 1 c of dry-curd cottage cheese, the balsamic vinegar and the juice of one small lime. Add seasonings. [The seafood seasoning is a commercial preparation available at most stores.] Combine all ingredients in the bowl. Cover with plastic wrap and allow to stand in fridge for up to 2 hrs.

Remove from fridge and toss lightly. Scoop out sufficient filling to fill the centre of each crepe. Do not overfill. Roll the crepes up into packages and place in a microwave dish, seam side down. Allow to stand while making sauce.

Sauce: In top of double-boiler, over medium-high heat, melt butter and add the flour. Cook, stirring constantly until thickened. Add liquids. Whisk while simmering gently; until mixture is the desired consistency. Reduce heat.

Microwave the stuffed crepes. Time will vary according to quantity. For eight filled crepes allow approx. 6 minutes. Heat until very warm throughout. Adjust time if necessary according to microwave capability.

Allow one crepe per person for entree, two crepes per person if serving with a garden salad, or three per person in serving alone with sauce. Pour a generous amount of the hot sauce over the top just before serving.

Foot-note: the quantity of leek, the balsamic vinegar and the lime juice should not be eliminated from this recipe [at least not without trial]. The combination of textures between the crepe, the seafood and the barely cooked leek are a treat. The subtle flavour variations created by the short marination of the filling ingredients in the juice and the vinegar, are quite delightful and work well with this sauce.

Crawfish Of Shrimp Etouffee

----SEASONING MIX----

2 teaspoon salt
2 teaspoon cayenne pepper
1 teaspoon white pepper
1 teaspoon black pepper
1 teaspoon dried basil leaves
1/2 teaspoon dried thyme leaves

----OTHER INGREDIENTS----

1/4 cup chopped onions
1/4 cup chopped celery
1/4 cup chopped green peppers
7 tablespoon vegetable oil
3/4 cup all-purpose flour
3 cup seafood stock
1/2 lb butter
2 lb shrimp or crawfish
1 cup finely chopped green onion
4 cup cooked rice

Thoroughly combine the seasoning mix ingredients in a small bowl and set aside. In a separate bowl combine the onions, celery, and bell peppers. #

In a large skillet (preferably cast iron), heat the oil over high heat until it begins to smoke, about 4 minutes. With a long handled whisk, gradually mix in the flour, stirring until smooth. Continue cooking, whisking constantly, until roux is dark brown, about 3-5 minutes. Remove from heat and immediately stir in

the vegetables and 1 T of the seasoning mix with a wooden spoon; continue stirring until cooled, about 5 minutes. #

In a 2-qt. saucepan bring 2 cups of the stock to a boil over high heat. Gradually add the roux and whisk until thoroughly dissolved. Reduce heat to low and cook until flour taste is gone, about 2 minutes, whisking almost constantly. Remove from heat and set aside. # In a 4-qt. saucepan melt 1 stick of butter over medium heat. Stir in shrimp and the green onions; saute 1 minute, stirring almost constantly. Add the remaining stick of butter, the stock mixture and the remaining 1 cup stock; cook until butter melts and is mixed into the sauce, about 4-6 minutes, constantly shaking the pan in a back and forth motion. Add the remaining seasoning mix, stir well and remove from heat (if sauce starts to separate, add about 2 T more of stick or water and shake pan until it combines) .Serve immediately.

Crawfish Yvonne

1 1/2 cup roux: peanut-butter colored
1 lb butter
4 medium onions -- chopped fine
3 medium bell peppers -- chopped
1 fine
3 celery ribs -- chopped fine
3 lb crawfish tails -- peeled
3 oz crawfish fat
5 cup water
1 tablespoon salt
2 teaspoon cayenne pepper
1 teaspoon white pepper
1 teaspoon black pepper
5 drop tabasco sauce -- (5 to 6)
1 cup green onions -- chopped

1 cup parsley -- chopped
3 cup rice -- cooked

In a heavy 6-8 quart pot, melt the butter over high heat. Add the onions, bell peppers and celery and cook, stirring often, until the vegetables are very soft, 30-45 minutes. While the vegetables are cooking, place the crawfish tails in a large bowl and add the water. Agitate thoroughly with your hands to rinse the crawfish and to separate any remaining fat from them. Pick out any veins or other debris. Drain the crawfish, reserving the liquid, and place the tails in a separate bowl. Lower the heat under the vegetable mixture and add the roux, salt, peppers and Tabasco sauce. Cook over medium heat, stirring constantly, until the roux is completely blended in, 3-4 minutes. Stir in the crawfish fat and let the mixture simmer 4-5 minutes more, stirring frequently. If the oil begins to separate out, just stir it back in until the mixture is smooth. Pour in the crawfish liquid and bring to a heavy simmer. Cook for 10 minutes, stirring often to keep the oil from separating. You can prepare ahead to this point, returning the mixture to a simmer when you are ready to proceed. Add the crawfish tails and simmer for 5 minutes. Stir in the green onions and parsley and simmer for 1 minute more. Serve over cooked rice. Festival: New Orleans Wine & Food Experience; June 13-16, 1995 Recipe: Alex Patout's Louisiana Restaurant

Crayfish Etouffee

3/4 lb butter
2 cup chopped green pepper
4 teaspoon salt
1 teaspoon cayenne pepper
1/4 cup tomato paste
1 1/2 cup water
4 lb crayfish tail meat
1 teaspoon kitchen bouquet
6 cup chopped onion

5 each cloves of garlic
1 teaspoon black pepper
1 teaspoon sugar
3 tablespoon cornstarch
1 1/2 cup white wine
1 each scallion, chopped

In large heavy pot, melt butter and saute onions, celery, green pepper and garlic until soft. Stir in salt, black and cayenne pepper, sugar and tomato paste. Simmer, stirring occasionally, for 20 minutes. Dissolve cornstarch in water; add wine to mixture. Cook for 20 minutes or until sauce thickens. Add crayfish, green onion and Kitchen Bouquet. Refrigerate overnight. Reheat and serve over rice. Don't overcook. Boiling crayfish: Discard any dead crayfish in the sack. Wash crayfish in clean, cool water just before cooking. They do not need to be purged with salt during washing. Place the live crayfish in boiling water and boil for 10 minutes. (Season the water with one pound of salt per five gallons of water. Add other seasoning to taste, including cayenne, garlic, onions, lemons, lemon juice and crab boil.) Don't begin timing cooking until water returns to a boil after adding crayfish. It's usual to add potatoes and corn on the cob to the boil. Crayfish are easiest to peel when still warm.

Deep-Fried Crab Balls With Vinegar Dip

1/2 lb fresh cooked crab meat
2 oz pork fat from loin
6 peeled water chestnuts
1 scallion
2 eggs
2 tablespoon dry sherry
1 teaspoon salt
2 tablespoon cornstarch
1/2 teaspoon minced ginger root
2 cup deep-frying oil
1 vinegar dip:
2 tablespoon black chinjiang vinegar
1 tablespoon yellow rice vinegar
2 teaspoon thin soy sauce
1/2 teaspoon sugar

You can serve this dish hot or cold. We prefer the crab balls hot, when their exterior is crisp and the meat hot and moist. They also go better with the vinegar dip when hot. If you prefer to serve them cold or at room temperature, delete the dip, or substitute something like mustard and catsup.

Preparation: If you're using food processor, crab and pork fat should be cold. Cut pork fat into cubes. Trim and cut scallion into 1" sections, including greens. Using steel blade, place water chestnuts and scallion in bowl; pulse/start to chop vegetables. Add crab meat

and pork fat; pulse/start to mince. Add eggs, sherry, salt, corn-starch and minced ginger. Pulse/start 3 or 4 times to blend. Don't overdo it; you don't want a puree.

Deep-frying: In wok or deep-fryer, heat oil until bubbles form around a bamboo chopstick held upright in oil. Using teaspoon, form small ball of crab mixture. Test cooking temperature; it should brown and cook through in about 5 minutes; adjust heat if necessary. Proceed with deep-frying about 6 balls at a time; avoid crowding them. Drain on bamboo strainer or towel. If you can't serve them immediately, refry briefly to crisp skin. Avoid overcooking.

Vinegar dip: Mix ingredients in a shallow bowl; place on serving platter and surround with crab balls.

Denjang Jiege Keh (Spiced Crab Soup)

2 cup water
2 tablespoon denjang paste
1 soft bean curd; in 1/2 cube
1 teaspoon hot red chili powder; mix with 1 tb water
1 slice ginger; size of a quarter
1 small onion; sliced (1/3 cup)
1 garlic clove; crushed
2 crabs; each in 4 pieces
1/2 cup zucchini; sliced

"The people of Kwangju where this recipe originates like their food salty and chili-hot. The fermented denjang paste provides the basis of the seasonings, aided by the chili and ginger. The fresh crabs absorb the flavors and the entire soup is enormously attractive. I went to my teacher's house one August in the middle of a three day pre-typhoon downpour. Sheets of water poured out of the sky as my taxi wended its way to the edge of town. The rice fields in this rice-growing region shimmered with an intense green as the rain engulfed the paddy. It had a wild, wet beauty but I was glad when I arrived and could concentrate in comfort on the crabs and the soup."

1. Put the water and bean paste (denjang) into a pan and simmer over low heat, covered, for 10 minutes. Add the bean curd and cook for 5 minutes more.
2. Now add all the other ingredients and cook for 15 minutes more. Serve in 4 individual bowls with rice and an assortment of side dishes.

Snagged an excellent new Thai cookbook yesterday. It's

"The Elegant Taste of Thailand, Cha Am Cuisine" by Sisamon Kongpan and

Pinyo Srisawat. SLG Books, Berkeley and Hong Kong, 1989. ISBN 0-943389-05-4.

This is a big, well-illustrated-with-color=photos book. Mike hauled it home yesterday with another one, "Keo's Thai Cuisine". (Being no dummy, he realizes that new cookbooks inspire me to cook so every so often he'll grab something for me to avoid having to cook himself.) But it wasn't that simple... He'd bought them both, but intended to keep one and send one on as a thank-you gift to a fellow that took him and Laurie sailing a couple of weeks ago.

"You get to choose one to keep."

The dreaded words...

I paled, started to shake. Sweat beaded my brow. I grabbed the fanciest one--the hard bound "Keo's" book--and paged through it, awed by the illustrations, impressed by the recipes. Then I grabbed "Elegant Taste" and started on the first page, intending to skip through it. Instead I went through the entire book, page by page, from start to finish. I slammed it shut.

"This one."

"Elegant Taste" explains Thai ingredients (and gives both the Thai names and spells them out using the Thai alphabet), makes sensible recommendations for substitutions and has relatively simple but very good and authentic looking recipes, each of which is illustrated by a beautiful color photo. This can be really helpful when one is cooking a new dish and isn't sure of what it should look like and what garnishes to use. Garnishes are particularly important in Thai cooking as they're meant to be eaten with the dish but often are not referred to in the recipe. For instance, in the following recipe the dish is presented on a platter with a half dozen or so scallion brushes and tomato slices, neither of which are referred to in the recipe.

As for this recipe, some of you might remember a while back when I was raving about a dried, fried fish dish I'd had in a Thai place, but couldn't find in a cookbook. It was in "Elegant Taste" and here it is.

Plan Samli Daet Diao (Fried Sun-Dried Kingfish)

Preparation:

Wash, clean and butterfly the fish leaving the two sides joined along the belly. Open the fish out flat so that the skin is downward, remove the bones, and score the flesh with a knife.

After allowing it to dry, lay the fish opened out flat in strong sunshine for five to six hours, turning regularly so the sun strikes both the skin side and the interior.

Pour the oil into a deep frying pan and place on medium heat. When the oil is hot, place the fish, still opened out, in the oil. When the lower side becomes crisp and golden, turn the fish and continue frying until it is done on both sides; then, remove from the pan, drain, place on a serving dish.

Toss the shallots, mango and chilli together, seasoning with fish sauce, lime juice and palm sugar so that a sour taste is the predominant one. Spoon into a bowl and serve with the fish.

Serves two to three.

From "The Elegant Taste of Thailand, Cha Am Cuisine" by Sisamon Kongpan and Pinyo Srisawat. SLG Books, Berkeley and Hong Kong, 1989. ISBN 0-943389-05-4.

This dish is very savoury with a crunchy/chewy texture. The version I had in the restaurant still had bones but was so well fried that I just munched up the bones and all.

Incidentally, I'm going to buy the "Keo's" book as well. It looks quite good too but seems to be tailored more toward Western kitchens. For instance, it calls for brown sugar rather than palm sugar in most recipes. Now that's a perfectly adequate substitution, but why bother when I have palm sugar on hand? (Smug grin.)

Drunken Crab Bisque

3/4 lb crab meat
1/4 cup butter
1 cup whipping cream
1/4 cup scotch whiskey

Melt 1/4 cup butter in a large saucepan. Stir in flaked crab meat, cream and whiskey. Over medium heat, stir until heated but do not boil.

Stir in milk and season with salt and pepper. Cook until very hot, but do not boil. Pour into a tureen or serve in individual bowls.

Garnish with chopped parsley.

Elegant Baked Fish

1 1/2 cup hellmann's mayonnaise
1 tablespoon creole mustard
1 tablespoon lemon juice
1 tablespoon tabasco
1 tablespoon worcestershire sauce

Fish Brown Sauce

----SEASONING MIX----

1 each whole bay leaf
1/2 teaspoon salt
1/2 teaspoon garlic powder
1/4 teaspoon white pepper
1/4 teaspoon dried oregano leaves
1/4 teaspoon dried thyme leaves
1/8 teaspoon ground cayenne pepper

----MAIN INGREDIENTS----

2 tablespoon vegetable oil
3 tablespoon all-purpose flour
1/4 cup finely chopped onions
4 teaspoon canned tomatoe sauce
1 teaspoon worcestershire sauce
2 cup hot basic seafood stock
2 tablespoon burgundy wine
2 tablespoon unsalted butter, softened

Serve this delicious sauce over broiled, fried or baked fish fillets or broiled, fried or baked oysters. Combine the seasoning mix ingredients in a small bowl and set aside. Heat the oil in a heavy 1-quart saucepan over high heat just until the oil starts to smoke, about 1 to 2 minutes. With a metal whisk, mix in 2 tablespoons of the flour, whisking constantly and scraping pan bottom well, until the roux is dark red-brown to black, about 2 minutes, being careful not to let it scorch or splash on your skin. (Remove from heat momentarily if it is browning too fast for you to control, continuing to stir constantly.) Immediately whisk in the onions; reduce heat to low and continue stirring and cooking about 1 minute. Add the tomato

sauce and stir and cook 1 minute. Then stir in the seasoning mix and the Worcestershire (the mixture should now be thick and dark red-brown); cook 2 to 3 minutes, stirring constantly. Add the stock; turn heat to high and bring to a boil, stirring often. Reduce heat to maintain a simmer and cook about 6 to 8 minutes, stirring often. Stir in 1 tablespoon of the burgundy and remove from heat. In a small bowl mix the butter and remaining 1 tablespoon flour until creamy. Return sauce to low heat; gradually add the butter mixture to the sauce, whisking until well blended each time. Return sauce to a simmer and simmer 10 minutes, stirring often. Add the remaining 1 tablespoon burgundy. Remove from heat and discard bay leaf. Serve immediately.

NOTES:

* Fish in a hot garlic/pecan sauce -- The Cajun Cafe in Portland Oregon serves a sauce whose recipe they got under license from K-Paul's in New Orleans. They devoutly refused to answer all of my questions about the sauce or its ingredients, so I've tried to formulate it on my own, at home. This stuff doesn't taste exactly like what the restaurant serves, but it's delicious in its own right. Maybe it's best to title the recipe "fish with something not entirely unlike hot fanny sauce."

This sauce is best served with a moderately strong fish: I would recommend sturgeon, swordfish, or tuna.

* If you are cooking more pieces of fish than will fit in the skillet at once, make the sauce ahead, put it aside (keep warm) and add it before cooking each piece of fish.

* Serve with a simple rice or pasta dish. I use saffron rice with snow peas, or linguine with shrimp meat and pesto.

: Difficulty: moderate.

: Time: 45 minutes.

1 1/2 teaspoon salt
1/4 teaspoon white pepper
1 tablespoon fine chopped fresh dill
1 plus a few sprigs for
1 garnish
6 tablespoon clarified butter

Combine cold water, carrot, onion, bay leaf, lemon slices and chili pepper in skillet large enough to hold the salmon fillets in one layer. Bring to boiling; continue to boil 10 minutes. Lower to simmer. Add salmon, skin side up. Simmer very gently over medium low heat until salmon is just cooked, about 10 minutes. Do not overcook. Remove salmon from poaching liquid; remove and discard skin. Cool completely. Sauté shallots in the 1 1/2 tablespoon butter in small skillet over medium heat, stirring, until golden, about 5 minutes. Transfer to bowl of food processor. Add salmon, smoked salmon and cream mixture to food processor. Puree until smooth. With processor running, add remaining 1/2 cup butter, bit by bit, until smooth. Fresh Halibut Baked With Smoked Salmon

1/8 lb kippered salmon (soft-smoked) cut; in 1/4
2 tablespoon lemon juice
4 tablespoon sherry
2 lb halibut steak, 1 thick
4 oz butter
2 tablespoon coarsely chopped walnuts (optional;)
1 pepper

Melt butter in skillet over medium flame; when very hot but not smoking, brown steaks quickly, 2 minutes on each side; add lemon juice and sherry; season with pepper to taste; heat 1 minute only; remove from heat. Place halibut in shallow glass dish; pour pan juices over; garnish with nuts and smoked salmon. Bake at 350 for 10 minutes or until fish flakes with a fork.

Fresh Salmon Pate

1 1/2 lb boned and skinned salmon
1 teaspoon salt
1 teaspoon ground white pepper
1/2 teaspoon ground cloves
1/2 teaspoon ground mace or nutmeg
1/2 teaspoon ground bay leaves
1/2 lb butter
1 fresh lemon juice
1 chopped parsley or chives for decor; ation

Check that as many bones as possible really have been removed, then put the salmon into a large saucepan of cold water with a pinch of salt and a squeeze of lemon juice.

Bring it to the boil, then turn the heat down and poach gently for 10 to 15 minutes - one large piece of salmon will take longer than a couple of smaller pieces.

Turn off the heat and allow to cool in the water for another 10 minutes. If the skin is still on, you will find it lifts away

effortlessly at this point.

Put the salmon into a big bowl and mash it with a fork, or use a food processor. gently melt the butter in a saucepan and add to it all the other seasonings - the ground bayleaves, white pepper, cloves, mace or nutmeg and the salt. Stir thoroughly and pour it into the salmon. If you are using a food processor, give it another quick whizz, otherwise stir with a fork until it is thoroughly amalgamated.

If you want to serve the salmon pate in slices, spoon the mixture into a loaf shaped container lined with cling film, otherwise put it into a round bowl or souffle dish.

Smooth the top and sprinkle with a little parsley or chives for a lovely contrasting colour, and chill in the fridge for at least four hours.

Serve with lots of crusty french bread.

Fried Catfish With Zippy Cornmeal Crust & R

----SAUCE----

1 cup mayonnaise
1 grated zest of 1 lemon
2 tablespoon chopped fresh parsley
2 tablespoon chopped dill pickle
1 tablespoon spicy creole mustard
1 tablespoon drained capers (optional)

1 teaspoon worcestershire sauce
1/4 teaspoon hot pepper sauce
----FISH----
1 cup all-purpose flour
4 large eggs
1 cup yellow cornmeal
3 tablespoon old bay seasoning
1/2 teaspoon salt
1/2 teaspoon garlic powder
1/2 cup vegetable oil
2 lb catfish filets
1 lemon wedges, for garnish

Make the remoulade sauce: In a small bowl, stir together all the ingredients until well mixed. Cover, and refrigerate for at least one hour or overnight.

Prepare the catfish: Get everything ready before starting your fish fry: Place the flour on a plate. Beat the eggs well in a medium bowl. In a large bowl, whisk the cornmeal, Old Bay Seasoning, salt, and garlic powder to combine. Heat the oil in a large skillet over medium heat until very hot but not smoking. Preheat the oven to 200. The procedure will go smoothest if you reserve one hand for dredging the catfish in the flour and dipping it in the eggs, and the other for coating in the seasoned cornmeal. In batches, dredge the catfish in flour, shaking off any excess. Dip the catfish in the eggs, coating on both sides. Then dredge the dipped catfish in the seasoned cornmeal, patting the coating so it will adhere. Slip the coated catfish into the oil, and cook over medium heat, turning once, until golden brown on both sides, about 5 minutes total. Using a slotted spatula, transfer the browned catfish to a paper towel-lined baking sheet to drain, and keep warm in the oven while continuing with the remaining catfish.

Serve the catfish as soon as possible, with the remoulade sauce on the side. Garnish with the lemon wedges.

1/2 cup milk
2 teaspoon spicy brown mustard
2 teaspoon salt

vegetable oil Cocktail sauce

Combine first 11 ingredients in a large mixing bowl; mix well. Shape into 1-inch balls. (At this point, balls may be frozen: when ready to use, partially thaw and fry as directed below.)

Fried Fish Fillets

3/4 cup dried bread crumbs
2 tablespoon grated parmesan cheese
2 tablespoon chopped fresh parsley
1 teaspoon paprika
2 each egg whites, lightly beaten

1. Rinse fish and pat dry 2. Blend bread crumbs with cheese, parsley and paprika in a flat dish. 3. Dip fillets into beaten egg whites, then bread crumb mixture. 4. Place in a single layer on wax paper and place in freezer 1 hour. 5. Spray a large skillet with NO Stick cooking spray. Place skillet over medium high heat. Fried Fish With Beer Batter

2 lb white fish fillets
1 oil for deep frying
1 egg
1 cup lager beer
2 tablespoon vegetable oil
1 1/4 cup flour
1 teaspoon black pepper
1 teaspoon salt
1/2 teaspoon cayenne pepper

Put oil in dutch oven or other deep pot to a depth of at least 3". Set over medium-high flame. Cut fillets into pieces about 2"x4". In a bowl, mix egg, beer and 2 TBL oil together. Stir in flour and spices. Mix until batter is smooth; it should be a little runny. When oil is hot (350-360F degrees), dip fish into batter with tongs or fingers, allowing excess batter to drip back into the bowl. Gently place fish in the oil and cook until golden brown, about 5-7 minutes. Do not crowd fish; cook in batches. Drain on paper towels and serve immediately. HINTS Use dark beer for stronger flavor. Don't skimp on oil, and use a large pot, not a skillet. Use a skimmer between batches to remove burned bits of batter. Pat fish dry before dipping into the batter.

Fried Fish With Garlic Sauce

2 lb fresh anchovies or whitebait

1 cup all-purpose flour

5 tablespoon cold water

1 pinch salt

1 oil for frying

----GARLIC SAUCE----

4 slice bread, crusts trimmed

1 (soaked in water for 10 min)

4 centiliter garlic,

1 (peeled and roughly chopped)

2 tablespoon lemon juice

4 1/2 tablespoon olive oil

1 1/2 tablespoon water (optional)

1 salt and pepper

2 teaspoon fresh parsley, chopped

1 lemon wedges for garnish

1) Sift the flour into a deep bowl with the salt. Gradually stir in the water in the amount needed to make a very thick batter.

2) Heat enough oil for frying in a large, deep pan. A deep-sided saute pan is ideal.

3) Take 3 fish at a time and dip them into the batter together. Press their tails together firmly to make a fan shape.

4) Lower them carefully into the oil. Fry in several batches until crisp and golden. Continue in the same way with all the remaining fish.

5) Meanwhile, squeeze out the bread and put in a food processor with the garlic and lemon juice. With the processor running, add the oil in a thin steady stream. Add water if the mixture is too thick and dry. Add salt and pepper and stir in parsley by hand. When all the fish are cooked, sprinkle lightly with salt and arrange on serving plates with some of the garlic sauce and lemon wedges.

Gifilte Fish From A Jar

- 1 large jar gifilte fish; good brand
- 1 bunch beets
- 1 bunch carrots
- 2 large onions pepper; lots salt; to taste

Here is the EASY way out... Take a large jar (at least 8 pieces but I usually do 12)...but first get your veggies ready; slice the carrots, beets and onions. Layer in a heavy stock pot, the beets (my Bubbe's secret ingredient), slices of fish, onions, carrots and seasonings; repeat as many times as is necessary with EVERYTHING but the beets. Pour the liquid from the jar over the fish and then bring to a boil. Turn down as simmer for about 45 minutes. Cool, remove from liquid and serve.

This tastes ALMOST a good as the real thing...try it you'll like it.

The seasoned butter is our bonus, since the fish is already delicious after its quick marinating in a rosemary vinaigrette. Homemade Crab Apple Pectin

2 lb sliced unpeeled crab apples
3 cup water

Simmer, stirring for 30 to 40 minutes, adding water as needed. Plop into colander lined with one layer of cheesecloth and set over a bowl; press to force the juices. To clear, heat the collected juice and pour through a stout jelly bag that has been moistened in hot water. The result is the pectin you will use right away, can (1/2" headroom, process 185 F for 15 min), or freeze. Refrigerate after opening.

Liquid pectin is especially helpful in making peach, pear, strawberry or other jellies whose fruit is low in pectin.

4-6 tb of homemade pectin for every 1 cup of prepared juice should give a good gel. For tart apple pectin, start with 4 pounds sliced apples with peels & cores and 8 cups of water. Simmer 3 min, press through sieve. Return liquid to heavy kettle and cook briskly, stirring, until volume is reduced by one-half. Clarify and use as above.

Home-Smoked Salmon

1 lb salmon fillets or steaks
1 alderwood chips
1 chimney smoker

This is a method rather than a recipe. The key is to use alderwood, a hardwood found in the Pacific Northwest, as the smoking wood. It is my understanding that in the PacNW, smokehouses and seafood grills use GREEN alder twigs, but such things aren't available on the East Coast.

Ready a chimney smoker (I made one out of a galvanized trashcan

several years ago, but they are currently cheaper to buy than to make!) with a small amount of coals while soaking the alderwood chips. When the coals are glowing hot, drain the water from the chips, place the chips on the hot coals, get the drip catcher and the grate in place, and put the salmon directly on the grate. Close the lid and leave it alone for 6 to 12 hours! The fish will cook at 130 to 140 degrees, and will probably flake when removed from the grate. This is of a different flavor and consistency than your normal perception of smoked salmon. The fish may be served directly in small dishes with a fresh lemon wedge and a quality toast as an appetizer, or it can be mixed with a little cream cheese, sour cream, and lemon juice as a spread. Use your imagination!!!

Indian Fish Kebabs

- 1 lb monk fish or other firm fish
- 1 yellow squash
- 1 green bell pepper
- 1 red bell pepper
- 1 cherry tomatoes
- 1 bay leaves
- 1 cooked brown rice or
- 1 pita bread
- 1 lemon wedges
- 1 sprigs of mint
- CHERMOULLA----
- 4 small garlic cloves, minced
- 1 teaspoon ground cumin seeds
- 1/2 teaspoon sweet hungarian paprika
- 1/8 teaspoon cayenne
- 1 pinch [generous] saffron
- 1/4 cup chopped fresh cilantro
- 1/4 cup fresh lemon juice
- 3/4 cup olive oil
- 1 salt
- 1 black pepper

This is a very colorful and tasty arrangement of marinated and then skewered and grilled vegetables and fish. The marinade, called chermoulla, is a blend of fragrant seasonings, oil, and lemon juice. In this version I've suggested my favorite vegetables for kebabs. You should choose your own favorites; some other good choices are eggplants, mushrooms, and onions. special equipment: skewers (if you are using bamboo skewers, soak them in water for 1/2 hr. and fill them out to the ends so the skewers won't burn)

Combine the ingredients for the chermoulla. Cut the fish into 1-inch cubes. Similarly, cut the vegetables into 1-inch cubes. Place the fish and vegetables in the chermoulla and marinate, refrigerated, for 2 hours.

When you are ready to assemble the kebab, soften the bay leaves in

boiling water for several minutes. Alternate the tomatoes, peppers, yellow squash, and fish on skewers. Place a bay leaf occasionally on the skewers next to the fish. Reserve the chermoulla. Cover the broiler pan with foil and place the kebabs on it about an inch apart. Broil for 15 to 20 minutes, basting with the reserved chermoulla, and turning frequently to cook evenly. Serve on rice or in pita bread and garnish with lemon wedges and sprigs of mint. From Sundays at Moosewood Restaurant

Italian Trout

1 each fresh trout
1 each large onion, chopped fine
8 oz can tomato sauce
2 stalks celery, chopped fine
3 tablespoon oregano
1/4 cup olive oil

In a large frying pan, mix oil, celery, onion, oregano, salt and

pepper. Saute for 5 minutes. Add sauce. Simmer for 10 minutes or until thick. Add trout. Turn over after 4 minutes. Cook 12 more minutes or until done.

Kennet Fried Trout

- 2 small trout, (6-8 oz each)
- 2 rashers streaky bacon
- 1 tablespoon (heaped) coarse oatmeal
- 2 oz unsalted or clarified butter
- 1 lemon
- 1 a little plain flour

Rub the skins of the cleaned and dried trout very gently with a good grinding of pepper - this makes the rich skin deliciously piquant when crisply fried - then dust lightly with flour and salt. Warm a frying pan large enough to take the two fish. Toast the oatmeal in it, or, for a richer dish, fry it. Remove and reserve. Cut the bacon into snippets; fry gently until the fat runs, then increase heat to crisp the bacon a little. Remove and keep hot. Dice the butter and add 1-1/2 oz of it to the pan. When the butter foam dies down add the fish. Press them down lightly to ensure they lie very flat, touching the pan base everywhere. After 4-5 minutes steady cooking in the bubbling butter, the skin on the underside of the fish should be crisp and golden brown. Turn them carefully and fry on the second side in the same way. Put the cooked fish on to warmed plates, scatter the bacon and oatmeal over them and keep hot.

Wipe out the pan with kitchen paper. Melt the remaining butter and cook to a rich shade of gold. Quickly add generous 1 teaspoon lemon juice and a little salt and pepper. Swirl to mix well, pour over the trout and serve immediately with wedges of lemon.

Make a roux with the flour and butter in a separate pot. Bring the soup mix to the boil and add the curry powder, garlic powder and cummin. Add the can of baby clams, stir until heated again then pour into the roux pot stirring constantly until the soup thickens. Simmer for 10 minutes and serve.

Laverbread & Crab Souffles With Cockle Sauce

----THE SOUFFLES----

1 boiled crab; -or- prepared crabmeat
6 oz prepared laverbread or- nori or sp; i, nach
2 oz butter
2 oz flour
3/4 pint milk
3 eggs
1/2 teaspoon grated nutmeg
1 salt & pepper

----COCKLE SAUCE----

1/4 pint white sauce from souffle mix
1/4 pint whipping cream
4 oz cockles or clams (shelled)
2 oz prepared laverbread **

If the crab is whole, pull the body apart and pick out all the meat - discarding only the mouthpiece and the grey "dead man's fingers" that fringe the inside carapace. For extra flavour, make a stock with crab shell, flavoured with a piece of carrot and a quarter of onion, and boil down to a couple of well-flavoured tablespoons which can replace the equivalent milk in the basic white sauce given above.

Prepare the white sauce; melt the butter in a small pan. Stir in the flour and fry gently until the mixture is still pale but sandy. Whisk in the milk slowly, beating till you have a thick sauce. Simmer for 5 minutes. Preheat the oven to 400 F (200 C) gas mark 6. Stir the crabmeat and prepared laverbread into the sauce. Season with salt, pepper and nutmeg. Separate the eggs. Beat the whites until quite stiff. By now the sauce will be cool enough to stir in the yolks.

Fold in the whites, turning well to "tire" the mixture. Taste and adjust the seasoning. Butter eight small souffle dishes and spoon in the mixture, leaving a finger's worth for expansion. Bake for 10-12 minutes until puffed up and golden.

Meanwhile make the cockle sauce. Heat up the reserved white sauce with the cream. Stir in the cockles and laverbread. Season with the salt and freshly milled pepper. Serve with the souffles as soon as they are ready.

Lazy Salmon Cakes

1/2 cup mashed potato, 1 medium
1 tablespoon lemon juice
1/2 teaspoon lemon or orange peel dry

1/2 teaspoon dry dill or 1/4 c fresh dill
1/2 teaspoon dry cilantro /fresh parsley
1/4 medium onion, chopped
7 1/2 oz can salmon, no skin, bones
1 egg

Re "Lazy" - this was based on a recipe posted by Michelle Bass, Cooking Echo, Sept 17/93. I was too lazy to bake the potato, beat the egg white or make the sauce.

Mash potato and allow it to cool. Mix with lemon juice, seasonings, onion and then mix in the salmon. Mix in beaten egg.

Form the mixture into 4 patties or 6 smaller ones. Heat a large saute pan over medium heat. Spray or wipe with canola. Fry the cakes for 5 minutes on each side until golden brown. Serve with lemon wedge.

Makes 2 servings for hungry eaters, 3 smaller ones.

Marinated Shark Steaks

1 ingredients:

- 1 1/2 lb shark steaks
- 2 tablespoon soy sauce
- 2 tablespoon rice or wine vinegar (balsamic is *; delightful*)
- 2 tablespoon lemon juice
- 2 tablespoon oil
- 2 tablespoon chopped parsley
- 1 centiliter garlic; minced
- 1/2 teaspoon freshly ground black pepper
- 1 minced green onions and
- 1 parsley

(TIP): Fish should be cooked only until it flakes easily. Check it often to prevent overcooking, which will not only make it rubbery, it will render it tasteless. A good way to check is to check it for opacity. When it has turned from translucent to white and opaque it's done. It will finish cooking on its own with residual heat if removed from the heat source.

Fish is a high protein but low-calorie main dish. By using a light marinade you eliminate rich butter sauces and still maintain the delicate flavor.

Cut the shark steaks into service-sized pieces. Place them in a glass dish. Combine the soy sauce, vinegar, lemon juice, oil, parsley, garlic and black pepper. Pour the marinade over the fish and marinate for half an hour, turning at least once.

Remove the fish (reserving the marinade) and broil 4 to 5 inches from the heat - about four minutes a side. Brush with the marinade before turning.

Serve with minced green onions and parsley. Accompaniments: Rice and vegetable pilaf, leaf lettuce tossed with parsley-lemon dressing, and French or Italian sourdough bread.

Plain white vinegar with a _small_ pinch of sugar will do fine. Sub lime juice for lemon juice if desired. Other good herbs to add to the parsley are thyme, dill or cilantro. A pinch of cayenne with the black pepper doesn't hurt either. -JW

Panned Fried Fish With Pecan Topping

----COATING----

1 cup pecan, pieces
1/2 cup butter, cut in 1 pieces
2 teaspoon juice, lemon
1/8 teaspoon pepper, red
1 teaspoon garlic, minced
1 teaspoon sauce, worcestershire
1/4 teaspoon salt

----FISH----

6 each fish, filets
2 cup flour
1 teaspoon salt
1 teaspoon paprika, sweet
1/2 teaspoon pepper, black
1/8 teaspoon pepper, red
1 oil, vegetable
1 lemon wedges (garnish)

Coating: =====

Into a food processor place the pecans, butter, lemon juice, pepper, garlic, Worcestershire and salt. Process until uniform.

Fish: =====

Heat the vegetable oil in a skillet to 350 F. Heat enough oil to cover the fish filets half way.

Dredge the fish in flour. Shake off any excess. Drop the fish filets in the hot fat and fry for seven minutes on a side (depending on the thickness of a fish.) The fish are done when they are opaque

and flake easily with a fork.

Assembly: =====

Place the fried filets on a broiler pan and cover with the pecan topping. Place the broiler pan in the oven about 6 inches away from the flame and broil for up to a minute. The fat content is so high here that you shouldn't leave the fish alone. They will cook quickly and there is always the potential for burning.

Serve hot on a plate garnished with lemon wedges and parsley.

Parker House Fish Chowder~ Boston~ 1873

1 see text

"This recipe is unusual in two ways: it is remarkably 'dry,' and uses raw, rather than fried, onions. When made with the liquid content called for, its consistency would be about that of corned-beef hash and it could be heaped up on a plate. In the following conversion to a recipe for two persons, the liquid content is increased: 1 pound cod, haddock, or similar fish; 1 medium-sized potato; 1 medium-sized onion, 1/4 pound salt pork; 1 1/2 cups water; and 3/4 cup milk. Be sure that the flame is very low under the covered pot. Have a fresh,

firm cod or haddock, a fish about 5 pounds is the best size. Take a saucepan large enough to hold a little more than you wish to make. Cut salt pork in small squares about the size of dice, and fry quite brown. Lay in the same pan alternate layers of thin, sliced potatoes first, then slices of fish, then broken water crackers, small fried pork, shreds of raw onion, black pepper and salt to suit the taste. Continue the layers until you have used up your material. Pour over it the pork fat from the scraps and half a pint of water, to keep from burning at the bottom. Close the saucepan tight and set on the fire. Cook slowly, without stirring, for 45 minutes, when it is ready for the table. As some fish cook drier than others, if you do not find the chowder thin enough to serve well in a tureen, add some fresh milk just before taking up, and let it come to a boil."

Parmesan-Crusted Soft-Shell Crab Sandwiches

-----YIELD: 8 SERVINGS-----

2 cup flour
1 cup parmesan; grated
1/2 teaspoon salt
1/4 teaspoon pepper
2 egg; lightly beaten
1/4 teaspoon tabasco
1 cup mayonnaise
1 lemon; juiced
1 zest of 1 lemon; finely grated
1/2 teaspoon garlic; minced
1/2 teaspoon thyme
1 tablespoon olive oil; extra-virgin
1 cup oil; for frying
8 soft-shell crabs; cleaned
8 rolls, hard; halved
2 medium tomatoes; thinly sliced
2 bn arugula; large stems removed

In a medium bowl, combine 1 cup of the flour with the Parmesan, salt and pepper. Make a well in the center and add the eggs and 1/4 cup of water. Beat the eggs and water together and gradually incorporate the flour mixture to form a smooth batter. Add 1/8 teaspoon of the Tabasco and set aside to rest for 30 minutes. In another bowl, combine the mayonnaise, lemon juice, lemon zest, garlic, thyme, olive oil and the remaining 1/8 teaspoon Tabasco. Whisk to blend and set aside for at least 30 minutes. (The recipe can be prepared to this point up to 1 day ahead. Refrigerate the batter and mayonnaise. If the batter becomes very thick, thin it out with a little water.)

Preheat the oven to 250F. In a large skillet, heat the peanut oil over moderately high heat to 350F. Dredge the crabs in the remaining 1 cup flour and shake off the excess. Dip 4 of the crabs in the batter, let some of the batter drip off, and then fry them in the skillet, turning once, until golden brown, 2 to 3 minutes per side. Drain on paper towels, place on a heatproof platter and keep warm in the oven. Repeat with the 4 remaining crabs. Scoop out some of the bread from the center of the rolls to hollow them slightly. Spread 2 heaping teaspoons of the mayonnaise on each half. Assemble the sandwiches by placing 2 or 3 slices of tomato and 4 or 5 arugula leaves on the bottom half of each roll. Set the fried crabs on top and close the sandwiches. Serve immediately. Serves 8. Recipe from Food & Wine, June, 1991.

Had an outstanding weekend at sales this time, including some neat cookbooks+ +a Danish one, a Mexican one, an Appalachian one, along with a small Mongolian Firepot and about two grand worth of software that I got for thirty bucks. Things like Ventura publisher and a complete LAN setup including the hardware. The guy having the sale said "Thank God someone came along who knows what this stuff is!" I was just thankful I got there first!. No ridged skillet yet and I still haven't found a good wok for Alison, but the sales are really picking up again now that spring is here.

Stumbled across this recipe in one of the books and thought it might be of at least passing to ya... ;-} Maybe make it with some nice fresh salmon?

Season fish with salt, pepper, and tarragon leaves and soak in lime juice for a few minutes. Set the oven at 375F and bake fish in buttered baking dish until it flakes easily when pierced with a fork, about 25 minutes.

While fish is baking, combine tomatoes, parsley, avocado, garlic, minced onion, oil chili powder, salt and pepper to taste. (We suggest tasting the guacamole as the chili powder is added, so that you can get just the degree of heat you desire.)

Spread the above mixture over the cool fish. Garnish with black olive rings and strips of sweet red pepper.

Makes 6 to 8 servings.

Rasputin's Codfish Soup

2 small whole codfish or
1 1/2 lb codfish fillets
1 cup milk
1 cup heavy whipping cream
1 salt
1 pepper

This is a toned-down version of the soup that Rasputin always said gave him his health, vigor ... and virility. It was, according to his daughter, his favorite dish. "Restaurants in Petrograd and Moscow would prepare the concoction whenever they expected Rasputin to dine." Paprika and minced ginger usually went into his recipe.

Clean codfish. Remove head and cut fish into fillets. Remove fish bones. Cut fillets into 2" pieces and place in saucepan. Add milk and whipping cream. Place over medium heat and bring to scalding temperature. Do not boil.

Reduce heat and continue simmering until fish is done. Season to taste with salt and pepper. Ladle into soup bowls and serve hot.

Makes about 1 quart, or 4 servings.

Raw Fish Salad

1/2 lb fillet of red snapper (fresh!) or
1 tuna, sea bass, shark or swordfish
2 oz thin rice stick noodle
2 cup oil for deep-frying
1/2 head iceberg lettuce (inner leaves; only)
1/4 cup pickled red ginger
1/2 cup chinese parsley (cilantro) or water; cress
1 tablespoon white sesame seeds
1 fresh lemon
----MARINADE----
2 tablespoon peanut oil
3 tablespoon cool water
2 teaspoon thin soy sauce
2 teaspoon sugar
3 slice fresh ginger, half-dollar size
1/2 teaspoon ground cinnamon
1/4 teaspoon white pepper

For a starter course on a warm fall evening, this dish has few peers.

Marinating: Slice fish with the grain in pencil-thick, 2" strips. Mix marinade ingredients; blend with fish in bowl. Cover and marinate in refrigerator for 3 to 8 hours.

Preparations: Heat oil in wok to medium high. Toss 2 strands of rice stick noodle in oil to make sure it is hot enough; noodles should puff up instantly without browning. Deep-fry rice stick noodle briefly until it expands; drain on paper towels; bag and reserve. Shred lettuce; bag and reserve in refrigerator. Thinly shred or mince pickled red ginger; reserve. Chop parsley in 2" lengths. Toast sesame seeds in dry wok at low-medium heat until they are light tan; reserve in tea cup or condiment saucer.

Assembling: Slice lemon in wedges. Separately pile ingredients on large platter, removing slices of ginger from fish (discard slices). Sprinkle salad with sesame seeds and toss on platter, squeezing lemon over salad as you toss.

Red Pepper Swordfish

- 6 swordfish steaks (each about 1/2 l; b, and about 1 inch t)
- 1 large sweet red pepper
- 2 lemons
- 3 tablespoon oregano, fresh
- 1 cup olive oil
- 1 teaspoon salt
- 1/2 teaspoon black pepper, fresh ground
- 1 white wine, dry

Remove seeds and ribs from pepper and cut into 1/4 inch cubes. Put in a bowl and mix well with the juice of the two lemons, the olive oil, salt, pepper and the oregano.

Heat broiler and pour wine to a depth of about 1/8 inch in a broiler pan. Lay swordfish steaks in wine and broil for 3 minutes. Pour the seasoned lemon, oil and oregano mixture over the fish and cook for 3 to 4 minutes more (until fish is cooked through and lightly browned.) Immediately transfer fish to a warmed serving dish.

You may need to reduce the sauce slightly by boiling vigorously and stirring for 2 minutes more. Pour sauce over fish and serve.

NOTES:

* Swordfish steaks cooked with sweet red peppers -- This recipe was handed out to people buying swordfish at my local fishmonger; I tried it and it was delicious. It is also very quick and simple to make.

* I served fresh asparagus with this, but any light vegetable would be fine. Boiled new potatoes would be nice, too.

Risted Laks Med Kremsaus (Fried Trout In Sour

4 trout; fresh or frozen, about 1/

1 salt

1/2 cup flour

4 tablespoon butter

2 tablespoon vegetable oil

1 cup sour cream

1/2 teaspoon lemon juice

1 tablespoon parsley; fresh chopped

If you are using frozen trout, defrost them completely before cooking. Wash fish under cold running water, pat dry inside and out and sprinkle a little salt into the cavities. Spread the 1/2 cup flour over wax paper, roll the fish around in the flour and shake off any excess. In a heavy 10-12" skillet, heat 2 tb butter and 2 tb oil. When foam subsides, lower heat to moderate and fry the trout, 2 at a time, for about 5 minutes on each side, turning them carefully with a large spatula. When all the trout have been browned, keep them warm on a heatproof platter in a 200°F. oven while you quickly make the sauce. Pour off all the fat from the skillet and replace it with 2 tablespoons fresh butter. Stir over low heat, scraping up the brown pan drippings with a wooden spoon. Add the sour cream and continue stirring for about 3 minutes without letting the cream boil. Stir in the lemon juice and pour the sauce over the hot fish. Garnish with chopped parsley and serve at once.

Roasted Marinated Crab

- 1 live crab, 2 to 2 1/2 pounds
- 3 tablespoon olive oil
- 1 tablespoon shredded ginger
- 1 tablespoon chopped garlic
- 2 serrano or other small green chile; s, , chopped
- 1 freshly ground black pepper
- 2 to 4 tablespoons butter
- 1 salt to taste

To kill the crab, either plunge it into a large pot of boiling water for a minute, or place it on its back on a cutting board and split the body down the middle with one quick cut with a heavy knife or Chinese cleaver. If you want to use the upper shell in the presentation, the first technique works better.

Holding the crab body by the legs, pull off the shell. Discard the feathery gills on both sides of the body and the spongy mass in the middle of the back; rinse until nothing but shell and meat show. Pull out the bits of greenish fat from the corners of the shell; reserve if desired for the sauce. Rinse both the body and shell and drain thoroughly.

Split the body of the crab (if it is not already split) into 2 halves with legs and claws still attached. Carefully crack each leg and claw segment with a mallet.

Place in a large bowl with the oil, ginger, garlic, chiles and a generous grinding of pepper. Marinate for 1 to 4 hours in the refrigerator.

Remove crab from marinade 15 minutes before cooking. Grill the halves and the shell over a hot fire until outer shells are bright red and meat in the largest sections is opaque (pry one open to check), 3 to 4 minutes per side. Or, place crab halves and shell in a roasting pan lightly oiled with a bit of the marinade and roast in a 450F oven until done as described above, about 12 to 15 minutes. Meanwhile, strain vegetables out of marinade and combine with the butter in a saucepan. Simmer for 5 minutes and season to taste. Serve in small bowls as a dipping sauce for the crab.

Serves 2.

15 oz salmon, canned -- flaked

1 lb salmon (1 large can)
3/4 lb spinach, fresh
2 eggs
2 tablespoon onion, grated
10 3/4 oz mushroom soup, condensed (1 can)
1 cup cornflakes (uncrushed)
1/4 cup flour, all-purpose

Preheat oven to 350 degrees F. Rinse spinach thoroughly. Cook spinach with a small amount of water for 5-10 minutes, or until tender. Discard cooking water.

Clean salmon as desired and drain excess liquid. Place salmon, spinach, eggs, undiluted soup, cornflakes, flour and onion in large mixing bowl. Beat with electric mixer at medium speed for about three minutes or until ingredients are chopped and mixture is blended. Stop to scrape bowl and beaters as needed.

Grease a 9x5x2 1/2-inch loaf pan and pack the mixture in. Bake for 40 to 50 minutes or until set and lightly browned. Cool slightly before serving. Do not try to unmold; serve directly from baking pan. The finished loaf will have the consistency of spoonbread.

NOTES:

* A baked salmon and spinach loaf -- This recipe is a pleasant compromise between a salmon loaf and a spinach souffle. It can be made with stale spinach and canned salmon. It does not have a strong flavor or texture of spinach, as do some cooked spinach dishes.

* You can substitute concentrated dried cream-of-mushroom soup for canned condensed soup, or use a thick flavored white sauce.

* There is no point in using good-quality salmon in this recipe; chum or pink salmon are fine.

Seafood Pita

1/2 lb scallops or shrimp
1/4 cup olive oil
1 medium onion
1 garlic cloves (more or less to taste; e)
3/4 cup mushrooms
1 1/2 cup vegetable (such as eggplant or zucchini)
1 salt, pepper and spices (to taste)
1 1/2 cup couscous, cooked
1 pita bread

Cut up the vegetables into small (about 1/2 inch) cubes. Slice the mushrooms.

If using shrimp, peel and de-vein the shrimp and cut into small cubes.

In a small amount of olive oil, saute the onion and the optional garlic until the onion is soft but not quite transparent.

Heat the remaining olive oil in a skillet and add the vegetable and

mushrooms. Saute until the vegetables are almost soft. Taste and add salt, pepper and whatever spices strike your fancy (oregano, basil and red pepper are good). Add the scallops or shrimp and cook until just done, about a minute or two. Scallops will turn opaque and shrimp will turn pink. Do NOT overcook.

There should be an excess of oil and fluid. If not, add more oil and briefly heat. Transfer the mixture to a bowl. Add the couscous and mix thoroughly. Chill several hours or overnight.

Stuff into the pita bread (maybe with some tomato) and serve.

NOTES:

* Pita-Seafood Salad Sandwiches -- This recipe is more of a formula than a recipe. It is excellent for a cool dinner in the summer (any time after February in Texas!) Yield: Serves 2-4.

* You could substitute almost any vegetable and crab or a firm fish. To use this for a picnic, don't stuff the pita bread until you are about to serve it. Err on the side of too much oil, since the couscous absorbs the oil (and a recent study says that olive oil may be good for you).

3 tablespoon shallots or scallions minced
1 green part included
1 1/2 cup diced or shredded, cooked or
1 canned shellfish meat shrimp
1 or crabmeat are good
1/4 cup dry white vermouth
1 salt and pepper

----SAUCE----

1/3 cup dry white vermouth
2 tablespoon cornstarch mixed w/2tb milk
1 1/2 cup heavy cream or half n half
1/4 teaspoon salt
1/2 cup swiss cheese, grated
1 dash of nutmeg - optional

----ASSEMBLY----

12 crepes 6 to 7in in diameter
1/4 cup swiss cheese grated
2 tablespoon butter

- 1 creamed shellfish filling
- 1 wine and cheese sauce

To make the Filling: Heat butter to bubbling, stir in the shallots or scallions, then the shellfish. Toss and stir for one minute. Season with salt and pepper; add vermouth and boil rapidly until liquid has almost evaporated. Set aside.

To make the Sauce: Heat vermouth and boil rapidly until reduced to a tablespoon. Remove from heat and stir in cornstarch mixture, cream and seasonings. Put back on heat and simmer for about 2 minutes stirring constantly. Blend in the cheese and stir to blend about a minute more.

To Assemble: Blend about half the sauce with the shellfish filling. Place a big spoonful on the lower third of each crepe and roll up (you can tuck and roll like you would for blintzes) Arrange crepe close together in a lightly buttered baking dish. Spoon the rest of the sauce over the crepes and sprinkle with cheese. Dot with butter; may be refrigerated until ready to bake. Fifteen to twenty minutes before serving bake in upper third of a preheated 425F oven until bubbling hot and cheese has browned lightly.

NOTES: I have also added mushrooms to the filling but watch the water content, you may have to pour off some of the liquid before adding cheese sauce.

I also add a dash or two of nutmeg to the cream sauce and use slightly more cheese than called for. You could also use Gruyere cheese.

For individual servings bake them two to a serving in individual gratin dishes. This dish does not reheat well, unless of course it is just for you then there's no problem:)

Shellfish Shell Marinara

- 3 tablespoon extra-virgin olive oil
- 2 large garlic cloves, peeled and bruised
- 2 can plum tomatoes, drained and coarsely; chopped (28 oz)
- 1/4 cup dry red wine
- 1/4 cup coarsely chopped parsley
- 1/4 cup fresh basil leaves, torn in half
- 1 teaspoon dried oregano

1 salt to taste
1 freshly ground black pepper to taste; e
1 pinch sugar
12 oz medium-sized shell pasta
20 littleneck clams
1/2 lb large shrimp, peeled and deveined

For company or a special family meal, there is nothing quite like littleneck clams and shrimp quickly cooked up in a robust marinara sauce. (No cheese is necessary with this sauce; flavoring the oil with garlic is the secret to its great taste.) The clams will take longer to open than the shrimp will take to cook, so add the shrimp at the last moment. Be sure to discard any clams that don't open - this could mean they are not safe to eat.

1. Place oil in a large, heavy pot over medium-low heat. Add the garlic and cook for about 3-4 minutes, or until it colors slightly but does not burn. Remove garlic from heat and carefully stir in the tomatoes.

2. Return the pot to medium heat. Add the wine, parsley, basil, oregano, salt, pepper and sugar. Cook sauce slowly, stirring occasionally, for 30 minutes.

3. Slightly before serving, cook pasta in boiling, salted water for 10-12 minutes or until AL DENTE (just tender).

4. While pasta is cooking, add the clams to the sauce; cover and cook for 8 minutes or until the clams just begin to open, shaking the pot once or twice. Add shrimp and cook 5 minutes longer.

5. Divide the cooked pasta among six shallow bowls. Spoon the hot sauce over the top, distributing the clams and shrimp evenly, and serve immediately.

Steamed Salmon With Black Bean Sauce

2 each salmon, fillets, skin - removed (about 4 oz - each)
1 each pepper, red bell
1 each pepper, green bell
2 tablespoon bamboo shoots, shredded
2 teaspoon black beans, fermented
12 each ginger, slivered, - match-stick-thin
4 teaspoon scallion, white only, - shredded

1 tablespoon chicken stock **
1 pinch pepper, white, ground
1 dash oil, vegetable

** See recipe for Chicken Stock.

If fillets are thicker than 1/2 to 5/8 inch, carefully cut in half horizontally (as you would an English muffin). Trim each into a neat 4-inch square.

Cut off tops and bottoms of peppers to leave a band about 2 inches wide; remove seeds and ribs. Cut two 4-inch long rectangular pieces from each. Cut into 1/8-inch julienne, leaving pieces grouped in a neat rectangle. Place salmon on an oiled steamer tray or plate. Use a cleaver or knife blade to transfer pepper rectangles to fish, completely covering each fillet.

Scatter bamboo shoots over the fish, then sprinkle with black beans, ginger and scallions. In small bowl, stir together soy sauce, chicken stock, white pepper, vegetable oil and sesame oil. Pour mixture over.

Steam in covered steamer (making sure that water boils steadily but does not boil away) until just cooked through and opaque, 5 to 8 minutes (timing varies according to thickness of fish). Carefully transfer to serving plate, spoon sauce around and serve immediately.

Teno Salmon

DropBooks

3/4 lb salmon, per person
1 water, butter, salt

Cross cut 1-inch slices from the salmon. I prefer slices about the size of my palm but also smaller ones will do. Use toothpicks to bind them into round cutlets.

Pour about 1/4 inch water into a frying pan and bring it to a boil. Add cutlets and simmer until the water has evaporated. Turn cutlets once during cooking.

Add butter, fry lightly on both sides. Add salt to taste and remove toothpicks.

Serve with boiled or mashed potatoes and sliced lemon. (Lemon is not traditional, but...)

----FRESH HORSERADISH----

6 inch-piece horseradish root,
1 peeled, cut into 3/4pieces
1/2 cup water
1 teaspoon salt
1 tablespoon cider vinegar

Serves 8 as a first course.

To make the poaching liquid: ~~~~~ Combine all the poaching liquid ingredients in a large pot. Bring to a gentle simmer over medium-low heat. Simmer for 10-15 minutes.

To make the gefilte fish: ~~~~~ Combine all the gefilte fish ingredients in a food processor; process for 15 seconds. Use a small serving spoon to scrape out a spoonful of the mixture against the side of the bowl.

Using another small serving spoon, shape the gefilte fish into a dumpling by gently pushing the mixture off the other spoon and dropping it gently into the simmering poaching liquid. Continue until all of the fish mixture has been made into dumplings.

Cook the gefilte fish until all the dumplings float to the liquid's surface, about 10-12 minutes. Remove the pan from heat and let the dumplings cool in their poaching liquid for 30 minutes at room temperature.

Refrigerate until the broth has jelled, about 4 hours or overnight.

Using a slotted spoon, carefully remove the dumplings from the jelled broth and place on chilled plates. Serve with beet preserves, fresh horseradish, julienned green onion and carrot.

BEET PRESERVES:

Combine all of the ingredients in a small pan and simmer gently over medium heat for about 15-20 minutes, or until all the liquid has been absorbed. Chill well before serving.

FRESH HORSERADISH: Prepare at least one day in advance so its flavor

has time to develop.

Grate the horseradish with the water in a blender until very finely shredded. Scrape down the blender's sides with a rubber spatula. Strain off any excess liquid and transfer the horseradish to a bowl. Add the salt and vinegar; stir to combine. Place in a clean jar, cover, and refrigerate overnight. Serve cold.

Makes about 1/2 cup.

Note: To make horseradish in a food processor, fit the processor with the fine grating disc. Peel and cut the horseradish so that it will fit through the feed tube. Grate the horseradish in the processor and transfer it to a bowl. Add the salt and vinegar. The water may be omitted using this technique.

Store in a covered container in the refrigerator for up to three days.

To make the lemon vinegar: Combine 2 ounces of the strained cooking liquid from the beets with the lemon juice. If necessary, remove the bones from the trout. Bones can be easily removed by taking out the backbone, and the pin bones for the most part will come with it. Peel skin off the fillets. To make the chive oil: Combine the chives with the grape seed oil in a blender. Puree until smooth; season with salt.

3 cup clear chicken broth
1/4 cup parsley; minced, fresh
1/2 cup leeks; chopped
1/4 cup prosciutto; minced
1 salt and white pepper, to taste
1 1/2 cup corn; fresh or frozen
2 tablespoon butter; unsalted
2 1/2 cup light cream (optional)
1 pint maryland oysters with their liquor

Cook the orzo according to the directions on the package and set aside.

Place the chicken broth, parsley, leeks, prosciutto, salt and pepper in a large sauce pan. Simmer until the leeks are tender, or about 2 minutes. Add the corn, butter, cream and oysters with their liquor. Simmer for 3 to 5 minutes longer and add the cooked orzo. Stir and serve immediately.

Toast corn in a dry skillet to toast and brown, remove from pan.

Use barley, or rice rather than Orzo.

Use Onions as a substitute for the leeks. Use Vidalias if possible.

Replace oysters with shrimp, scallops, shark, octopus rings, or any firm fish.....

Oyster Loaf

1 french bread, 12 long
1/3 cup melted butter

- 1 pint shucked oysters, drained
- 1 tabasco sauce
- 1 hot heavy cream (optional)

Preheat oven to 425 oF. Cut off the top of the bread lengthwise, scoop out most of the bread of the bottom half, leaving a shell about 3/4" thick. Brush the inside of the bottom and the cut side of the top with melted butter. Put the loaf and "lid," cut sides up, on an ungreased baking sheet, bake until toasted golden brown, about 20 minutes (the lid will be done first; check that it does not overcook). Meanwhile, saut, the oysters in hot butter until plump. Add salt, pepper, a dash of Tabasco, and, if desired, a little hot cream. Fill the loaf with the hot fried oysters and put the lid on top. Heat for 10 minutes or until ready to serve. Cut in thick slices if the loaf is long. NOTE: Individual rolls can also be used: allow about 3 oysters for each one. The amount of oysters required for this recipe varies according to the size of the oysters and the size of the loaf of bread. In any case, the bread "basket" should be filled to the top with oysters.

Trout

- 4 trout; butterflied
- 12 figs; (never used them)
- 1 cup sherry; dry(not cooking)
- 3 tablespoon vinegar; (sherry or mild)
- 1 tablespoon maple syrup; or honey
- 1 tablespoon dijon
- 1 salt & pepper; to taste

Put 1st three ingredients in a non-reactive pan. Simmer for about 10 minutes. I skipped this step as I didn't use figs. I just simmered and then whisked in the honey and mustard. Reduce by half. Brush on butterflied trout and broil. We've done it on the grill too. Don't cook it too long. If you use the figs, take them out after you steep them for about a half hour. Put them back in AFTER the reduction, enjoy,
